someone told me sooner Parents are human Most people question what the best way is to read the Bible and understand it Is there a way to use our knowledge so it isn't wasted Now is the time to find insight and discover the truth of your existence God approached someone and proclaimed I am real Then said Write me a book about myself She rejected the request After thirty years God presented her with a final test of her faith through an incurable illness Her faith stayed intact yet she suffered brain damage No memory of words people and God Emotions of a five year old God's plan is unfolding as she embarks on a new life slate wiped clean God allowed her to gain faith in him on her own accord She searched for God and he revealed himself God once more said Write a book about me She agreed With God as her foundation he invested a couple of years in nurturing her heart and teaching how he thinks She came out completely changed settled and at peace Living like she was already in paradise God revealed his fundamental concepts that you will eagerly share with your children throughout their lives Her entire life was orchestrated by God to give you his message In *We Are Never Alone* you'll discover Why we exist on earth The God Talk How to get God's attention Experience God directly Notice God's presence in the lives of his servants both past and present You have come to a crossroad It is your time What actions do you plan to take I know God placed this book before you for a reason

Angels, Mysteries, and Miracles Bruce G Epperly, 2017-08-14 There is a tendency among modern Christians to avoid comment on the idea of miracles or mysterious events that might indicate the direct intervention of God There is an even more pronounced belief that modern liberal or progressive Christians will avoid these ideas A God who is distant the source of everything is acceptable but the idea of supernatural activity is embarrassing at best There is virtually no room for theological discussions of angels demons and paranormal experiences Bruce Epperly is a process theologian and a leading thinker in progressive Christian theology and he believes we need to take another look at God and God's involvement in the universe in which we live Rather than finding ways to defend the intrusive interventions of a distant supernatural God in the traditional sense of the word miracle Bruce sees God as closer so close in fact that God is part of all events God providentially acts in all things not in terms of outside intervention but through ongoing natural interactions that change our lives and the world Join Dr Bruce Epperly as he explores a world of wonders in which is God uncomfortably and comfortingly subtly and actively present
