New Perspectives on People and Forests Eva Ritter,Dainis Dauksta,2011-04-29 The aim of this book is to elucidate the role of forests as part of a landscape in the life of people Most landscapes today are cultural landscapes that are influenced by human activity and that in turn have a profound effect on our understanding of and identification with a place The book proposes that a better understanding of the bond between people and forests as integrated part of a landscape may be helpful in landscape planning and may contribute to the discussion of changes in forest cover which has been motivated by land use changes rural development and the global climate debate To this end people s perception of forest landscapes the reasons for different perceptions and future perspectives are discussed Given the wide range of forest landscapes and cultural perspectives which exist across the world the book focuses on Europe as a test case to explore the various relationships between society culture forests and landscapes It looks at historical evidence of the impacts of people on forests and vice versa explores the current factors affecting people s physical and emotional comfort in forest landscapes and looks ahead to how changes in forest cover may alter the present relationships of people to forests Drawing together a diverse literature and combining the expertise of natural and social scientists this book will form a valuable reference for students and researchers working in the fields of landscape ecology and landscape architecture geography social science environmental psychology orenvironmental history It will also be of interest to researchers government agencies and

practitioners with an interest in issues such as sustainable forest management sustainable tourism reserve management urban planning and environmental interpretation **Ancient Lives** Fraser Hunter, Alison Sheridan, 2016 Ancient Lives provides new perspectives on objects people and place in early Scotland and beyond This scholarly and accessible volume provides a show case of new information and new perspectives on material culture linked but not limited to Scotland

Building Anglo-Saxon England John Blair, 2018-04-17 Shortlisted for the Wolfson History Prize A radical rethinking of the Anglo Saxon world that draws on the latest archaeological discoveries This beautifully illustrated book draws on the latest archaeological discoveries to present a radical reappraisal of the Anglo Saxon built environment and its inhabitants John Blair one of the world s leading experts on this transformative era in England s early history explains the origins of towns manor houses and castles in a completely new way and sheds new light on the important functions of buildings and settlements in shaping people s lives during the age of the Venerable Bede and King Alfred Building Anglo Saxon England demonstrates how hundreds of recent excavations enable us to grasp for the first time how regionally diverse the built environment of the Anglo Saxons truly was Blair identifies a zone of eastern England with access to the North Sea whose economy prosperity and timber buildings had more in common with the Low Countries and Scandinavia than the rest of England The origins of villages and their field systems emerge with a new clarity as does the royal administrative organization of the kingdom of Mercia which dominated central England for two centuries Featuring a wealth of color illustrations throughout Building Anglo Saxon England explores how the natural landscape was modified to accommodate human activity and how many settlements secular and religious were laid out with geometrical precision by specialist surveyors The book also shows how the Anglo Saxon love of elegant and intricate decoration is reflected in the construction of the living environment which in some ways was more sophisticated than it would become after the Norman Conquest

The Ending of Roman Britain A.S. Esmonde-Cleary, 2002-11-01 Why did Roman Britain collapse What sort of society succeeded it How did the Anglo Saxons take over And how far is the traditional view of a massacre of the native population a product of biased historical sources This text explores what Britain was like in the 4th century AD and looks at how this can be understood when placed in the wider context of the western Roman Empire Information won from archaeology rather than history is emphasized and leads to an explanation of the fall of Roman Britain The author also offers some suggestions about the place of the post Roman population in the formation of England

The Ancient Giants Who Ruled America Richard J. Dewhurst, 2013-12-17 A study of the substantial evidence for a former race of giants in North America and its 150 year suppression by the Smithsonian Institution Shows how thousands of giant skeletons have been found particularly in the Mississippi Valley as well as the ruins of the giants cities Explores 400 years of giant finds including newspaper articles first person accounts state historical records and illustrated field reports Reveals the Stonehenge era megalithic burial complex on Catalina Island with over 4 000 giant skeletons including kings more than 9 feet tall Includes more than 100 rare

photographs and illustrations of the lost evidence Drawing on 400 years of newspaper articles and photos first person accounts state historical records and illustrated field reports Richard J Dewhurst reveals not only that North America was once ruled by an advanced race of giants but also that the Smithsonian has been actively suppressing the physical evidence for nearly 150 years He shows how thousands of giant skeletons have been unearthed at Mound Builder sites across the continent only to disappear from the historical record He examines other concealed giant discoveries such as the giant mummies found in Spirit Cave Nevada wrapped in fine textiles and dating to 8000 BCE the hundreds of red haired bog mummies found at sinkhole cenotes on the west coast of Florida and dating to 7500 BCE and the ruins of the giants cities with populations in excess of 100 000 in Arizona Oklahoma Alabama and Louisiana Dewhurst shows how this suppression began shortly after the Civil War and transformed into an outright cover up in 1879 when Major John Wesley Powell was appointed Smithsonian director launching a strict pro evolution pro Manifest Destiny agenda He also reveals the 1920s discovery on Catalina Island of a megalithic burial complex with 6 000 years of continuous burials and over 4 000 skeletons including a succession of kings and queens some more than 9 feet tall the evidence for which is hidden in the restricted access evidence rooms at the Smithsonian
