Religion Altered States Of Consciousness And Social Change:

Religion, Altered States of Consciousness, and Social Change Erika Bourguignon, 1973 **Worlds of Power** Stephen Ellis, Gerrie ter Haar, 2004 With Christian revivals including Evangelicals in the White House Islamic radicalism and the revitalisation of traditional religions it is clear that the world is not heading towards a community of secular states Nowhere are religious thought and political practice more closely intertwined than in Africa African migrants in Europe and America who send home money to build churches and mosques African politicians who consult diviners guerrilla fighters who believe that amulets can protect them from bullets and ordinary people who seek ritual healing all of these are applying religious ideas to everyday problems of existence at every level of society Far from falling off the map of the world Africa is today a leading centre of Christianity and a growing field of Islamic activism while African traditional religions are gaining converts in the West One cannot understand the politics of the present without taking religious thought seriously Stories about witches miracles or people returning from the dead incite political action In Africa religious belief has a huge impact on politics from the top of society to the bottom Religious ideas show what people actually think about the world and how to deal with it Ellis and Ter Haar maintain that the specific content of religious thought has to be mastered if we are to grasp the political significance of religion in Africa today but their book also informs our understanding of the relationship between religion and political practice in general **The Making of Psychological Anthropology** George D. Spindler, 2023-11-10

Between History and Spirit Craig S. Keener,2020-03-23 Craig Keener is known for his meticulous work on New Testament backgrounds but especially his detailed work on the book of Acts Now for the first time in book form Cascade presents his key essays on Acts with special focus on historical questions and matters related to God s Spirit **The Culture-Bound Syndromes** Ronald C. Simons,C.C. Hughes,2012-12-06 In the last few years there has been a great revival of interest in culture bound psychiatric syndromes A spate of new papers has been published on well known and less familiar syndromes and there have been a number of attempts to put some order into the field of inquiry In a review of the literature

on culture bound syndromes up to 1969 Yap made certain suggestions for organizing thinking about them which for the most part have not received general acceptance see Carr this volume p 199 Through the seventies new descriptive and conceptual work was scarce but in the last few years books and papers discussing the field were authored or edited by Tseng and McDermott 1981 Al Issa 1982 Friedman and Faguet 1982 and Murphy 1982 In 1983 Favazza summarized his understanding of the state of current thinking for the fourth edition of the Comprehensive Textbook of Psychiatry and a symposium on culture bound syndromes was organized by Kenny for the Eighth International Congress of Anthropology and Ethnology The strongest impression to emerge from all this recent work is that there is no substantive consensus and that the very concept culture bound syndrome could well use some serious reconsideration As the role of culture specific beliefs and practices in all affliction has come to be increasingly recognized it has become less and less clear what sets the culture bound syndromes apart

God's Peculiar People Elaine J. Lawless, 2021-10-21 Holy Rollers with this epithet most people dismiss members of the Pentecostal sect as wild religious fanatics In this new study folklorist Elaine Lawless draws on fieldwork among Pentecostal congregations in the limestone region of southern Indiana to offer a sympathetic view of the Pentecostals as a special group distinguished by their own folk traditions and religious expression From her findings she describes the members codes of dress and behavior their attitudes toward themselves and others their special use of words and their distinctive religious practices Focusing on the activity of a particular church she then analyzes the structure of the service and shows how its elements singing praying testifying preaching and speaking in tongues exhibit not a formless display of fervor but rather an ordered and traditional sequence that creates a unique religious expression Important to the study is the attention given the role of women Although the Pentecostal interpretation of Biblical teachings accords men dominance women occasionally preach in the church and during the testifying part of the service they are often able to exercise control and religious authority Many of the women have relatives in the dangerous work of the limestone quarries and for these women the personal experience and close relationship fostered by the Pentecostal church Lawless finds offers welcome emotional support This readable study affords a new understanding of one Pentecostal sect and an appreciation of the role of women in fundamentalist religious practices

Cult and Ritual Abuse James Randall Noblitt, Pamela Perskin Noblitt, 2014-07-15 This personal yet scholarly journey into the confusing and clandestine world of ritual abuse survivors sheds light on their catastrophic experiences and their efforts to heal afterward Revised updated and expanded this third edition of a classic study is one of the most authoritative and evenhanded volumes to tackle its hotly debated subject matter Incorporating the authors firsthand observations the book provides historical anthropological and psychological context for contemporary reports of both ritual abuse and ritual crime In addition to sharing patient vignettes and a history of cult and ritual abuse in society the authors explore fascinating topics related to these practices among them what triggers personality shifts for victims even many years after the abuse has stopped Importantly the book shows how ritual abuse affects society as

a whole influencing civil and criminal law politics legislation social movements social welfare and psychological theory It provides unique insights into the scientific study forensic investigation and implementation of social services for survivors of cult and ritual abuse discusses new research and treatment strategies and establishes the foundation for a psychological diagnosis to be called Cult and Ritual Trauma Disorder **Women and New and Africana Religions** Lillian

Ashcraft-Eason,Darnise Martin,Oyeronke Olademo,2009-10-27 This volume explores the lives of women around the world from the perspective of the New and Africana faiths they practice This probing and thought provoking series of essays brings together in one volume the multifaceted experiences of women in the New and Africana religions as practiced today With this work religion becomes a lens for examining the lives of women of diverse ethnicities and nationalities across the social spectrum In Women and New and Africana Religions readers hear from women from a number of religious spiritual persuasions around the world including Africa Asia the Caribbean South America and North America These voices form the core of remarkable explorations of family and environment social and spiritual empowerment sexuality and power and ways in which worldview informs roles in religion and society Each essay includes scene setting historical and social background information and fascinating insights from renowned scholars sharing their own research and firsthand experiences with their subjects Thaipusam in Malaysia Carl Vadivella Belle,2018-02-14 This book explores the festival of Thaipusam in terms of

its own inner dynamics the traditions and belief structures which ensure the festival s continuing relevance to Malaysian Hindus It argues that Thaipusam reflects a growing sense of Hindu identity in Malaysia and an as yet inchoate unity It contends that while the kavadi ritual provides profound meaning at the individual and group level Thaipusam furnishes a public arena for and gives expression to a powerful Hindu resurgence largely though not exclusively fuelled by Dravidian assertiveness In situating the festival within the context of a Malaysia dominated by Malay and Islamic power brokers a society in which both the Indian community and Hinduism are relegated to the margins the book explores the festival of Thaipusam as a vehicle for mobilization of religious symbols and values which not only simultaneously articulate ethnicity and thus resist the forces which threaten cultural and religious integrity but which also ultimately signal wider allegiances to the broader politico cultural world of an imagined immeasurably rich and enduring Indo Hindu civilization **Jesus, the**

Galilean Exorcist Amanda Witmer,2012-02-23 Amanda Witmer presents an investigation of exorcism in the activities of the historical Jesus particularly the connection between spirit possession and exorcism on the one hand and the socio political context of first century Galilee on the other Witmer draws on research from the areas of sociology anthropology archaeology and biblical studies to illuminate this aspect of Jesus career as well as the broader social implications of spirit possession in those he treated and the exorcisms themselves Evidence found in the strands underlying the Synoptic Gospels is evaluated using the criteria of authenticity and comparative analysis in order to establish early and historical material Questions posed and answered concern the historical plausibility of Jesus role as exorcist the possibility that his own career began with a

period of spirit possession and the meaning that his exorcisms conveyed to his first century audience Thus the methodology includes textual analysis sociological analysis of general cultural patterns within which first century Palestine can be fitted and anthropological analysis of the plausible functions of both spirit possession and exorcism in agrarian societies
