cognitive science and evolutionary psychology provide important insights to the processes which make religious beliefs and behaviors such efficient attractors in and across various cultural settings The specific salience of religious ideas is based on the fact that they are counter intuitive they contradict our intuitive expectations of how entities normally behave Counter intuitive ideas are only produced by a mind capable of crossing the boundaries that separate such ontological domains as persons living things and solid objects The evolution of such a mind has only taken place in the human species How certain kinds of counter intuitive ideas are selected for a religious use is discussed from varying angles Cognitive considerations are thus related to the traditions of comparative religion This publication has also been published in paperback please click here for details

Humanities students today **Material Christianity** Colleen McDannell,1995-01-01 What can the religious objects used by

nineteenth and twentieth century Americans tell us about American Christianity What is the relationship between the beliefs
of the faithful and the landscapes they build This lavishly illustrated book investigates the history and meaning of Christian
material culture in America over the last 150 years Drawing on a rich array of historical sources and on in depth interviews
with Protestants Catholics and Mormons Colleen McDannell examines the relationship between religion and mass
consumption She describes examples of nineteenth century religious practice Victorians burying their dead in cultivated
cemetery parks Protestants producing and displaying elaborate family Bibles Catholics writing for special water from
Lourdes reputed to have miraculous powers And she looks at today s Christians Mormons wearing sacred underclothing as a
reminder of their religious promises Catholics debating the design of tasteful churches and Protestants manufacturing
marketing and using a vast array of prints clothing figurines jewelry and toys that some label Jesus junk but that others see
as a witness to their faith McDannell claims that previous studies of American Christianity have overemphasized the written
cognitive and ethical dimensions of religion presenting faith as a disembodied system of beliefs She shifts attention from the
church and the theological seminary to the workplace home cemetery and Sunday school highlighting a different Christianity
one in which average Christians experience the divine the nature of death the power of healing and the meaning of
community through interacting with a created world of devotional images environments and objects *Religion, Culture*

and Spirituality in Africa and the African Diaspora William Ackah,Jualynne E. Dodson,R. Drew Smith,2017-10-05 Religion
Culture and Spirituality in Africa and the African Diaspora explores the ways in which religious ideas and beliefs continue to
play a crucial role in the lives of people of African descent The chapters in this volume use historical and contemporary
examples to show how people of African descent develop and engage with spiritual rituals organizations and practices to
make sense of their lives challenge injustices and creatively express their spiritual imaginings This book poses and answers
the following critical questions To what extent are ideas of spirituality emanating from Africa and the diaspora still

influenced by an African aesthetic What impact has globalisation had on spiritual and cultural identities of peoples on African descendant peoples And what is the utility of the practices and social organizations that house African spiritual expression in tackling social political cultural and economic inequities The essays in this volume reveal how spirituality weaves and intersects with issues of gender class sexuality and race across Africa and the diaspora It will appeal to researchers and postgraduate students interested in the study of African religions race and religion sociology of religion and anthropology

Religion and Culture in Early Modern Russia and Ukraine Samuel H. Baron, 1997 A time of innovation creativity and social upheaval the seventeenth century in Russia and Ukraine saw broad religious and cultural changes Focusing on the lived experience of individuals in Russia and Ukraine these essays explore continuity and change comparatively and in the context of larger interpretative issues such as popular culture mentality and religiosity Providing a fresh look at religion and culture during a pivotal era this collection lays a foundation for comparing the cultural concerns of Moscovy and Ukraine with those of Western Europe after the Reformation It will be an important resource for readers interested in the history of early modern Europe Russia and comparative religions

Religion & Culture in Ancient Israel John Andrew Dearman, 1999 Religion in ancient Israel didn't develop in a vacuum it was influenced by the Near Eastern culture around it as much as it in turn influenced that culture Dearman explores that dynamic interplay in this thought provoking study Using archaeological and literary evidence both biblical and extrabiblical he shows how distinctive Old Testament traditions such as the paradoxical role of the prophets flourished in the interaction of Israelite religion with cultural and political forces while other traditions languished Religion and Culture in Ancient Israel by J Andrew Dearman is the comprehensive study of religious forms and customs that has been needed by the discipline for many years Dearman's work is a mixture of traditional and social scientific examinations of the world of ancient Israel and its social matrix From its opening use of Clifford Geertz definition of religion a tone is set but not one that over interprets the available sources There is no parallelomania here no exaggeration of archaeological data no theological agenda and no attempt to rehash Albright or Gottwald Instead Dearman provides a fresh approach geared to both a historical and a literary examination of religious forms and phenomena in ancient Israel The goal of any textbook is to provide 1 information in a systematic manner and 2 to hold the interest of the reader so that the author's message gets across to his or her audience Dearman has succeeded well with both of these Victor Matthews Professor of Religious Studies Southwest Missouri State University
