Religion And Politics Political Anthropology

Myron J. Aronoff

Religion And Politics Political Anthropology:

Religion and Politics Professor Hamadi Redissi, Professor Jan-Erik Lane, 2013-03-28 Muslim societies are struggling under the need for modernization and the drift towards Islamic fundamentalism. The balance between these two forces is struck differently in the various Muslim societies depending upon the constellation of groups as historical legacies. However, the tension is real. In this work, Jan Erik Lane and Hamadi Redissi look at the underlying social consequences of religious beliefs to account for the political differences between major civilizations of the world against a background of the rise of modern capitalism. Offering a timely new appraisal of the political and social impact of Islam, this expanded second edition of *Religion and Politics* has been fully updated in line with new events and will be welcomed by political scientists and historians alike. In a readable and accessible style, this thought-provoking work raises the question of whether the tenets of Islam might be reconciled with the requirements of post-modernity.

Political Anthropology Year Book Myron J. Aronoff, 2017. Provided by publisher.

Politics as Religion Emilio Gentile, 2020-09-01. Emilio Gentile, an internationally renowned authority on fascism and totalitarianism, argues that politics over the past two centuries has often taken on the features of religion, claiming as its own the prerogative of defining the fundamental purpose and meaning of human life. Secular political entities such as the nation, the state, race, class, and the party became the focus of myths, rituals, and commandments and gradually became objects of faith, loyalty, and reverence. Gentile examines this sacralization of politics as he defines it both historically and theoretically, seeking to identify the different ways in which political regimes as diverse as fascism, communism, and liberal democracy have ultimately depended like religions on faith, myths, rites, and symbols. Gentile maintains that the sacralization of politics as a modern phenomenon is distinct from the politicization of religion that has arisen from militant religious fundamentalism. Sacralized politics may be democratic in the form of a civil religion or it may be totalitarian in the form of a political religion. Using this conceptual distinction and moving from America to Europe and from Africa to Asia, Gentile presents a unique comparative history of civil and political religions from the American and French Revolutions through nationalism and socialism, democracy and totalitarianism, fascism and communism up to the present day. It is also a fascinating book for understanding the sacralization of politics after 9/11.

Religion and Politics in Comparative Perspective Ted Gerard Jelen, Clyde Wilcox, 2002-04-01. Religion is resurgent across the globe. In many countries, religion is a powerful source of political mobilization and in some a potent social cleavage. In some, religion reinforces the state; in others, it provides the space for resistance. This book contains a series of detailed studies examining religion and politics in specific countries or regions. The cases include countries with one dominant religious tradition and others with two or more competing traditions. They include Catholicism, Protestantism, Islam, Hinduism, Shinto, and Buddhism. They include states where religion and politics are closely linked and others with at least a low wall of separation between church and state. The cases are organized by the type of religious marketplace but allow many other comparisons as well. We develop some

generalizations from the cases and hope that they will be a fertile source of theorizing for others *Religious Bodies Politic* Anya Bernstein, 2013-11-27 *Religious Bodies Politic* examines the complex relationship between transnational religion and politics through the lens of one cosmopolitan community in Siberia Buryats who live in a semiautonomous republic within Russia with a large Buddhist population Looking at religious transformation among Buryats across changing political economies Anya Bernstein argues that under conditions of rapid social change such as those that accompanied the Russian Revolution the Cold War and the fall of the Soviet Union Buryats have used Buddhist body politics to articulate their relationship not only with the Russian state but also with the larger Buddhist world During these periods Bernstein shows certain people and their bodies became key sites through which Buryats conformed to and challenged Russian political rule She presents particular cases of these emblematic bodies dead bodies of famous monks temporary bodies of reincarnated lamas ascetic and celibate bodies of Buddhist monastics and dismembered bodies of lay disciples given as imaginary gifts to spirits to investigate the specific ways in which religion and politics have intersected Contributing to the growing literature on postsocialism and studies of sovereignty that focus on the body *Religious Bodies Politic* is a fascinating illustration of how this community employed Buddhism to adapt to key moments of political change *The Oxford Handbook of Religion and American Politics* Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should be of wide interest to scholars students journalists and others interested in the American political scene *Genealogies of Religion* Talal Asad, 1993-08-18 In *Genealogies of Religion* Talal Asad explores how religion as a historical category emerged in the West and has come to be applied as a universal concept The idea that religion has undergone a radical change since the Christian Reformation from totalitarian and socially repressive to private and relatively benign is a familiar part of the story of secularization It is often invoked to explain and justify the liberal politics and world view of modernity And it leads to the view that politicized religions threaten both reason and liberty Asad's essays explore and question all these assumptions He argues that religion is a construction of European modernity a construction that authorizes for Westerners and non Westerners alike particular forms of history making **Everyday Religiosity and the Politics of Belonging in Ukraine** Catherine Wanner, 2022-11-15 *Everyday Religiosity and the Politics of Belonging in Ukraine* reveals how and why religion has become a pivotal political force in a society struggling to overcome the legacy of its entangled past with Russia and chart a new future

If Ukraine is ground zero in the tensions between Russia and the West religion is an arena where the consequences of conflicts between Russia and Ukraine keenly play out Vibrant forms of everyday religiosity pave the way for religion to be weaponized and securitized to advance political agendas in Ukraine and beyond These practices Catherine Wanner argues enable religiosity to be increasingly present in public spaces public institutions and wartime politics in a pluralist society that claims to be secular Based on ethnographic data and interviews conducted since before the Revolution of Dignity and the outbreak of armed combat in 2014 Wanner investigates the conditions that catapulted religiosity religious institutions and religious leaders to the forefront of politics and geopolitics

Formations of the Secular Talal Asad, 2003-02-03 Opening with the provocative query what might an anthropology of the secular look like this book explores the concepts practices and political formations of secularism with emphasis on the major historical shifts that have shaped secular sensibilities and attitudes in the modern West and the Middle East Talal Asad proceeds to dismantle commonly held assumptions about the secular and the terrain it allegedly covers He argues that while anthropologists have oriented themselves to the study of the strangeness of the non European world and to what are seen as non rational dimensions of social life things like myth taboo and religion the modern and the secular have not been adequately examined The conclusion is that the secular cannot be viewed as a successor to religion or be seen as on the side of the rational It is a category with a multi layered history related to major premises of modernity democracy and the concept of human rights This book will appeal to anthropologists historians religious studies scholars as well as scholars working on modernity

Christian Politics in Oceania Matt Tomlinson, Debra L. McDougall, 2013 The phrase Christian politics evokes two meanings political relations between denominations in one direction and the contributions of Christian churches to debates about the governing of society The contributors to this volume address Christian politics in both senses and argue that Christianity is always and inevitably political in the Pacific Islands Drawing on ethnographic and historical research in Papua New Guinea Solomon Islands Vanuatu and Fiji the authors argue that Christianity and politics have redefined each other in much of Oceania in ways that make the two categories inseparable at any level of analysis The individual chapters vividly illuminate the ways in which Christian politics operate across a wide scale from interpersonal relations to national and global interconnections

Religion and Anthropology Brian Morris, 2006 This important textbook provides a critical introduction to the social anthropology of religion focusing on more recent classical ethnographies Comprehensive free of scholastic jargon engaging and comparative in approach it covers all the major religious traditions that have been studied concretely by anthropologists Shamanism Buddhism Islam Hinduism Christianity and its relation to African and Melanesian religions and contemporary Neopaganism Eschewing a thematic approach and treating religion as a social institution and not simply as an ideology or symbolic system the book follows the dual heritage of social anthropology in combining an interpretative understanding and sociological analysis The book will appeal to all students of anthropology whether established scholars or initiates to the

discipline as well as to students of the social sciences and religious studies and for all those interested in comparative religion

Ethnographies of Power Tristan Loloum, Simone Abram, Nathalie Ortar, 2021-04-01 Energy related infrastructures are crucial to political organization They shape the contours of states and international bodies as well as corporations and communities framing their material existence and their fears and idealisations of the future Ethnographies of Power brings together ethnographic studies of contemporary entanglements of energy and political power Revisiting classic anthropological notions of power it asks how changing energy related infrastructures are implicated in the consolidation extension or subversion of contemporary political regimes and discovers what they tell us about politics today

Ancient Religions, Modern Politics Michael A. Cook, 2014-03-23 Why Islam is more political and fundamentalist than other religions Why does Islam play a larger role in contemporary politics than other religions Is there something about the Islamic heritage that makes Muslims more likely than adherents of other faiths to invoke it in their political life If so what is it Ancient Religions Modern Politics seeks to answer these questions by examining the roles of Islam Hinduism and Christianity in modern political life placing special emphasis on the relevance or irrelevance of their heritages to today's social and political concerns Michael Cook takes an in depth comparative look at political identity social values attitudes to warfare views about the role of religion in various cultural domains and conceptions of the polity In all these fields he finds that the Islamic heritage offers richer resources for those engaged in current politics than either the Hindu or the Christian heritages He uses this finding to explain the fact that despite the existence of Hindu and Christian counterparts to some aspects of Islamism the phenomenon as a whole is unique in the world today The book also shows that fundamentalism in the sense of a determination to return to the original sources of the religion is politically more adaptive for Muslims than it is for Hindus or Christians A sweeping comparative analysis by one of the world's leading scholars of premodern Islam Ancient Religions Modern Politics sheds important light on the relationship between the foundational texts of these three great religious traditions and the politics of their followers today

Anthropology and Political Science Myron J. Aronoff, Jan Kubik, 2013 What can anthropology and political science learn from each other The authors argue that collaboration particularly in the area of concepts and methodologies is tremendously beneficial for both disciplines though they also deal with some troubling aspects of the relationship Focusing on the influence of anthropology on political science the book examines the basic assumptions the practitioners of each discipline make about the nature of social and political reality compares some of the key concepts each field employs and provides an extensive review of the basic methods of research that bridge both disciplines ethnography and case study Through ethnography participant observation reliance on extended case studies and the use of anthropological concepts and sensibilities a greater understanding of some of the most challenging issues of the day can be gained For example political anthropology challenges the illusion of the autonomy of the political assumed by political science to characterize so called modern societies Several chapters include a cross disciplinary analysis of key

concepts and issues political culture political ritual the politics of collective identity democratization in divided societies
 conflict resolution civil society and the politics of post Communist transformations **Engaged Anthropology** Stuart
 Kirsch, 2018-03-30 Does anthropology have more to offer than just its texts In this timely and remarkable book Stuart Kirsch
 shows how anthropology can and why it should become more engaged with the problems of the world Engaged Anthropology
 draws on the author's experiences working with indigenous peoples fighting for their environment land rights and political
 sovereignty Including both short interventions and collaborations spanning decades it recounts interactions with lawyers and
 courts nongovernmental organizations scientific experts and transnational corporations This unflinchingly honest account
 addresses the unexamined backstage of engaged anthropology Coming at a time when some question the viability of the
 discipline the message of this powerful and original work is especially welcome as it not only promotes a new way of doing
 anthropology but also compellingly articulates a new rationale for why anthropology matters **Nation and Religion** Juraj
 Buzalka, 2008 Author Juraj Buzalka analyses the interplay between religion politics and memory in the context of postsocialist
 transformations in south east Poland He shows that two Catholic churches play a crucial role in commemorations of the
 warfare and ethnic cleansings that took place here during and after the Second World War while the Roman Catholic Church
 claims a privileged status for the Polish nation the Greek Catholic Church does the same for the Ukrainian minority Central
 to Buzalka's analysis are changing forms of tolerance and multiculturalism and the emergence of post peasant populism a
 political culture rooted in rural social structures ideologies and narratives and saturated with religion Buzalka's work is an
 innovative contribution to political anthropology and his findings will also be of interest to political scientists social historians
 and sociologists *Handbook of Political Anthropology* Harald Wydra, Bjørn Thomassen, 2018-11-30 This Handbook engages
 the reader in the major debates approaches methodologies and explanatory frames within political anthropology Examining
 the shifting borders of a moving field of enquiry it illustrates disciplinary paradigm shifts the role of humans in political
 structures ethnographies of the political and global processes Reflecting the variety of directions that surround political
 anthropology today this volume will be essential reading to understanding the interactions of humans within political frames
 in a globalising world Islam, Politics, Anthropology Filippo Osella, Benjamin Soares, 2010-01-26 Part of The Journal of the
 Royal Anthropological Institute Special Issue Book Series Islam Politics Anthropology offers critical reflections on past and
 current studies of Islam and politics in anthropology and charts new analytical approaches to examining Islam in the post 9
 11 world Challenges current and past approaches to the study of Islam and Muslim politics in anthropology Offers a critical
 comprehensive review of past and current literature on the subject Presents innovative ethnographic description and analysis
 of everyday Muslim politics in Asia Africa the Middle East and North America Proposes new analytical approaches to the
 study of Islam and Muslim politics **Religion, Politics, and Globalization** alina, Don Handelmann, 2011-01-01 While social
 scientists beginning with Weber envisioned a secularized world religion today is forthrightly becoming a defining feature of

life all around the globe The complex connections between religion and politics and the ways in which globalization shapes these processes are central themes explored in this volume by leading scholars in the field of religion Does the holism of numerous past and present day cosmologies mean that religions with their holistic orientations are integral to human existence What happens when political ideologies and projects are framed as transcendental truths and justified by Divine authority How are individual and collective identities shaped by religious rhetoric and what are the consequences Can mass murder deemed terrorism be understood as a form of ritual sacrifice and if so what are the implications for our sensibilities and practices as scholars and citizens Using empirical material from historical analyses of established religions to the everyday strife of marginalized groups such as migrants and dissident movements this volume deepens the understanding of processes that shape the contemporary world

Political Theology Saul Newman, 2018-11-26 God is dead but his presence lives on in politics This is the problem of political theology the way that theological ideas find their way into secular political institutions particularly the sovereign state In this intellectual tour de force leading political theorist Saul Newman shows how political theology arose alongside secularism and relates to the problem of legitimising power and authority in modernity It is not about the power of religion so much as about the religion of power Examining the current crisis of the liberal order he argues that recent phenomena such as the rise of populism the renewed demand for strong national sovereignty and the return of religious fundamentalism may be understood through this paradigm He illustrates his argument through an exploration of themes such as sovereignty democracy economics technology ecological catastrophe messianism and the future of radical politics engaging with thinkers ranging from Schmitt and Hobbes to Stirner Foucault and Agamben This book will be a crucial text for all students scholars and general readers interested in the meaning and significance of political theology for political theory

The Enigmatic Realm of **Religion And Politics Political Anthropology**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Religion And Politics Political Anthropology** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those that partake in its reading experience.

Religion And Politics Political Anthropology Introduction

In the digital age, access to information has become easier than ever before. The ability to download Religion And Politics Political Anthropology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Religion And Politics Political Anthropology has opened up a world of possibilities. Downloading Religion And Politics Political Anthropology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Religion And Politics Political Anthropology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Religion And Politics Political Anthropology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Religion And Politics Political Anthropology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Religion And Politics Political Anthropology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites.

they are downloading from. In conclusion, the ability to download Religion And Politics Political Anthropology has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Religion And Politics Political Anthropology Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Religion And Politics Political Anthropology is one of the best book in our library for free trial. We provide copy of Religion And Politics Political Anthropology in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Religion And Politics Political Anthropology. Where to download Religion And Politics Political Anthropology online for free? Are you looking for Religion And Politics Political Anthropology PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Religion And Politics Political Anthropology. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Religion And Politics Political Anthropology are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots

of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Religion And Politics Political Anthropology. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Religion And Politics Political Anthropology To get started finding Religion And Politics Political Anthropology, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Religion And Politics Political Anthropology So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Religion And Politics Political Anthropology. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Religion And Politics Political Anthropology, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Religion And Politics Political Anthropology is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Religion And Politics Political Anthropology is universally compatible with any devices to read.
