When seeking to understand what Paul and his coworkers were trying to accomplish it is no longer possible to ignore Graeco Roman cultural economic political and religious beliefs and practices Nor can one ignore the ways in which colonized and vanquished peoples adopted developed subverted and resisted these things Therefore in order to properly contextualize the Pauline faction the traditional background material related to Paul and politics must be developed in the following ways Pauline eschatology must be examined in light of apocalyptic resistance movements Pauline eschatology must be understood in light of the realized eschatology of Roman imperialism and the ideology theology of Rome its four cornerstones of the household unit cultural constructs of honor and shame practices of patronage and traditional Roman religiosity now all reworked within the rapidly spreading imperial cult's must be explored in detail This is the task of Pauline Eschatology the second volume of Paul and the Uprising of the Dead In it we will witness how Pauline apocalypticism ruptures the eternal now of empire and this then paves our way for the detailed study of Paulinism that follows in volume 3 Pauline Solidarity

Mark and its Subalterns David Joy, 2014-12-18 This book offers a fresh appraisal of the identity and involvement of the subalterns in Mark arguing that the presence of the subalterns in Mark is a possible hermeneutical tool for re reading the Bible in a postcolonial context like India Part I paves the way for a creative discussion on Mark and its interpreters in the rest of the study by looking at the issue of the spread of Christianity and missionary attempts at biblical interpretations that did not take the life of the natives into account Many insights from the postcolonial situation can be found in the contextual interpretations such as liberation feminist postcolonial feminist and subaltern Part II considers colonial rule in Palestine and examines some Markan texts showing the potential role of the subalterns It is argued that due to colonial rule the native people suffered in terms of their identity religion and culture There was conflict between Galilee and Jerusalem mainly on religious issues and the victims of domination were the poor peasants and the artisans in Galilee A dialogue and interaction with the Markan milieu was possible in the research and so the marginal and subaltern groups were effectively understood by exegeting Mark 10 17 31 7 24 30 and 5 1 20 and showing the postcolonial issues such as the poor and their representation gender race hybridity class nationalism and purity respectively The subalterns were mainly associated with movements of resistance in Palestine The Markan proclamation of solidarity with those subalterns is significant The general conclusion presents the implications of this interpretation for a hermeneutical paradigm for a postcolonial context
