Religion And Politics In Iran:

Religious Statecraft Mohammad Ayatollahi Tabaar, 2018-05-08 Since the 1979 revolution scholars and policy makers alike have tended to see Iranian political actors as religiously driven dedicated to overturning the international order in line with a theologically prescribed outlook This provocative book argues that such views have the link between religious ideology and political order in Iran backwards Religious Statecraft examines the politics of Islam rather than political Islam to achieve a new understanding of Iranian politics and its ideological contradictions Mohammad Ayatollahi Tabaar traces half a century of shifting Islamist doctrines against the backdrop of Iran's factional and international politics demonstrating that religious narratives in Iran can change rapidly frequently and dramatically in accordance with elites threat perceptions He argues that the Islamists gambit to capture the state depended on attaining a monopoly over the use of religious narratives Tabaar explains how competing political actors strategically develop and deploy Shi'a inspired ideologies to gain credibility constrain political rivals and raise mass support He also challenges readers to rethink conventional wisdom regarding the revolution Ayatollah Khomeini the U.S. embassy hostage crisis the Iran Iraq War the Green Movement nuclear politics and U.S. Iran relations Based on a micro level analysis of postrevolutionary Iranian media and recently declassified documents as well as theological journals and political memoirs Religious Statecraft constructs a new picture of Iranian politics in which power drives Islamist ideology *Religion and Rebellion in Iran* Nikki R. Keddie, 1966 **Religion, Culture and Politics in Iran**

Joanna de Groot, 2000-08-01 This book offers a new interpretation to the social history of religion in Iran from the 1870s to the 1970s It aims to situate the revolutionary upheavals of 1977-82 in an extensive narrative context of historical developments over the preceding century and to relate the religious elements in that history to other social and cultural issues In the author's analysis Iran's revolution was complex and contingent on a range of factors rather than a simple or inevitable outcome of the nature of the Iranian state or the nature of religion in Iran The focus of the argument is on the human responses of Iranians to their experiences and problems in all their diversity and on the rich variety and complexity of relationships between religion and other aspects of life thought and culture in the daily life of Iranians The Mantle of the Prophet Roy P. Mottahedeh, 2014-10-01 A Simon Schuster eBook Simon Schuster has a great book for every reader

Post-Revolutionary Politics in Iran David Menashri, 2012-12-06 After the Islamic revolution in Iran revolutionary leaders had to compromise their ideology The Iranian ship of state continues to drift in search of an equilibrium between revolutionary convictions and the demands of governance between religion and state and Islam and the West **Religion and Politics in Iran** Nikki R. Keddie, 1983 Power, Politics and Religion in Timurid Iran Beatrice Forbes Manz, 2010-06-10 Beatrice Forbes Manz uses the history of Iran under the Timurid ruler Shahrukh 1409-1447 to analyse the relationship between government and society in the medieval Middle East She provides a rich portrait of Iranian society over an exceptionally broad spectrum the dynasty and its servitors city elite and provincial rulers and the religious classes both

ulama and Sufi The work addresses two issues central to pre modern Middle Eastern history how a government without the monopoly of force controlled a heterogeneous society and how a society with diffuse power structures remained stable over long periods Written for an audience of students as well as scholars this book provides a broad analysis of political dynamics in late medieval Iran and challenges much received wisdom about civil and military power the relationship of government to society and the interaction of religious figures with the ruling class **The Mantle of the Prophet** Roy P.

Mottahedeh,2008-10 Informed by eyewitness testimony the foremost account of Iran s 1979 Revolution and its impact today Drawn from the first hand accounts of eyewitnesses Roy Mottahedeh s absorbing tale of Islam and Politics in revolutionary Iran is widely regarded as one of the best records of that turbulent time ever written This revised edition includes a new chronology detailing events in Iran from the revolution right up to the present day and Ahmadinejad s controversial regime There is simply no better resource for understanding Iran s past present and future **Shia Islam and Politics** Jon

Zia Ebrahimi revisits the work of Fath ali Akhundzadeh and Mirza Aqa Khan Kermani two Qajar era intellectuals who founded modern Iranian nationalism In their efforts to make sense of a difficult historical situation these thinkers advanced an appealing ideology Zia Ebrahimi calls dislocative nationalism in which pre Islamic Iran is cast as a golden age Islam is reinterpreted as an alien religion and Arabs become implacable others Dislodging Iran from its empirical reality and tying it to Europe and the Aryan race this ideology remains the most politically potent form of identity in Iran Akhundzadeh and Kermani s nationalist reading of Iranian history has been drilled into the minds of Iranians since its adoption by the Pahlavi

state in the early twentieth century Spread through mass schooling historical narratives and official statements of support their ideological perspective has come to define Iranian culture and domestic and foreign policy Zia Ebrahimi follows the development of dislocative nationalism through a range of cultural and historical materials and he captures its incorporation of European ideas about Iranian history the Aryan race and a primordial nation His work emphasizes the agency of Iranian intellectuals in translating European ideas for Iranian audiences impressing Western conceptions of race onto Iranian identity *The Secular Miracle* 'Alī Rāhnamā, Farhād Nu'mānī, 1990 *Iran's Influence* Elaheh Rostami-Povey, 2010 About the Author Preface and acknowledgements Glossary Introduction 1 The legacy of a revolution 2 The reformers the conservatives and the struggle for democracy 3 Islamist modernists 4 The relationship between Iran Lebanon and Hezbollah 5 The relationship between Iran and Iraq 6 The relationship between Iran Palestine and Hamas 7 The relationship between Iran and Egypt 8 The global context of Iranian state and society Notes References Index *Women and Politics in Iran* Hamideh Sedghi, 2007 Why were urban women veiled in early 1900s unveiled 1936 to 1979 and reveiled after 1979 revolution This question is the basis of Hamideh Sedghi s contribution to politics and Middle Eastern studies Sedghi gives new knowledge on women s agency in relation to state power She places contention over women at center of political struggle between secular and religious forces and shows that control over women s identities sexuality and labor has been central to consolidation of state power She links politics and culture with economics to present an analysis of private and public lives of different classes of women and their modes of resistance to state power Sedghi incorporates women in Iranian history focuses on state gender religion relations and addresses women s responses to Iranian state women s agency and their resistance Publisher s description *Women and Politics in the Islamic Republic of Iran* Sanam Vakil, 2011-04-21

Political Islam, Iran, and the Enlightenment Ali Mirsepassi, 2010-12-06 Ali Mirsepassi s book presents a powerful challenge to the dominant media and scholarly construction of radical Islamist politics and their anti Western ideology as a purely Islamic phenomenon derived from insular traditional and monolithic religious foundations It argues that the discourse of political Islam has strong connections to important and disturbing currents in Western philosophy and modern Western intellectual trends The work demonstrates this by establishing links between important contemporary Iranian intellectuals and the central influence of Martin Heidegger s philosophy We are also introduced to new democratic narratives of modernity linked to diverse intellectual trends in the West and in non Western societies notably in India where the ideas of John Dewey have influenced important democratic social movements As the first book to make such connections it promises to be an important contribution to the field and will do much to overturn some pervasive assumptions about the dichotomy between East and West **Religion and Politics in Comparative Perspective** Ted Gerard Jelen, Clyde Wilcox, 2002-04-01 Religion is resurgent across the globe In many countries religion is a powerful source of political mobilization and in some a potent social cleavage In some religion reinforces the state in others it provides the space for resistance This book contains a

series of detailed studies examining religion and politics in specific countries or regions The cases include countries with one dominant religious tradition and others with two or more competing traditions They include Catholicism Protestantism Islam Hinduism Shinto and Buddhism They include states where religion and politics are closely linked and others with at least a low wall of separation between church and state The cases are organized by the type of religious marketplace but allow many other comparisons as well We develop some generalizations from the cases and hope that they will be a fertile source of theorizing for others
