Religion Politics In Contemporary Iran:

Religion, Culture and Politics in Iran Joanna de Groot, 2000-08-01 This book offers a new interpretation to the social history of religion in Iran from the 1870s to the 1970s It aims to situate the revolutionary upheavals of 1977-82 in an extensive narrative context of historical developments over the preceding century and to relate the religious elements in that history to other social and cultural issues In the author's analysis Iran's revolution was complex and contingent on a range of factors rather than a simple or inevitable outcome of the nature of the Iranian state or the nature of religion in Iran The focus of the argument is on the human responses of Iranians to their experiences and problems in all their diversity and on the rich variety and complexity of relationships between religion and other aspects of life thought and culture in the daily life of Iranians

Religion and Politics in Contemporary Iran Shahrouh Akhavi, 1980-01-01 Indispensable for understanding the recent conflicts in Iran Religion and Politics in Contemporary Iran provides a political history of the fluctuating relationships between the Islamic clergy and Iranian government since 1925 How different factions of the clergy or ulama first lost and then regained a powerful position in Iran is the subject of this book Akhavi analyzes how various factions within the clergy have responded to the government's efforts to encourage modernization and secularization giving particular attention to the changes in the madrasahs or theological colleges He examines the main themes of the Ayatullah Khomeini's book *Islamic Government* and concludes by examining the alignments among the clergy in the past that indicate how they may develop in the future

Religion and politics in contemporary Iran Shahrouh Akhavi, 1979 Religion and Politics in Contemporary Iran Shahrouh Akhavi, 1980-06-30 Indispensable for understanding the recent conflicts in Iran Religion and Politics in Contemporary Iran provides a political history of the fluctuating relationships between the Islamic clergy and Iranian government since 1925 How different factions of the clergy or ulama first lost and then regained a powerful position in Iran is the subject of this book Akhavi analyzes how various factions within the clergy have responded to the government's efforts to encourage modernization and secularization giving particular attention to the changes in the madrasahs or theological colleges He examines the main themes of the Ayatullah Khomeini's book *Islamic Government* and concludes by examining the alignments among the clergy in the past that indicate how they may develop in the future

The Politics of Nationalism in Modern Iran Ali M. Ansari, 2012-09-24 The first full length study of Iranian nationalism in nearly five decades this sophisticated and challenging book by the distinguished historian Ali M Ansari explores the idea of nationalism in the creation of modern Iran It does so by considering the broader developments in national ideologies that took place following the emergence of the European Enlightenment and showing how these ideas were adopted by a non European state Ansari charts a course through twentieth century Iran analysing the growth of nationalistic ideas and their impact on the state and demonstrating the connections between historiographical and political developments In so doing he shows how Iran's different regimes manipulated ideologies of nationalism and collective historical memory to suit their own ends Drawing on

hitherto untapped sources the book concludes that it was the revolutionary developments and changes that occurred during the first half of the twentieth century that paved the way for later radicalisation

Islamic Law and Governance in Contemporary Iran Mehran Tamadonfar, 2017-05-15 This book examines Islamization of the law in the Islamic Republic of Iran and surveys the evolution of institutions processes and policies of the regime

The Emergence of Iranian Nationalism Reza Zia-Ebrahimi, 2016-03-15 Reza Zia Ebrahimi revisits the work of Fath ali Akhundzadeh and Mirza Aqa Khan Kermani two Qajar era intellectuals who founded modern Iranian nationalism In their efforts to make sense of a difficult historical situation these thinkers advanced an appealing ideology Zia Ebrahimi calls dislocative nationalism in which pre Islamic Iran is cast as a golden age Islam is reinterpreted as an alien religion and Arabs become implacable others Dislodging Iran from its empirical reality and tying it to Europe and the Aryan race this ideology remains the most politically potent form of identity in Iran Akhundzadeh and Kermani s nationalist reading of Iranian history has been drilled into the minds of Iranians since its adoption by the Pahlavi state in the early twentieth century Spread through mass schooling historical narratives and official statements of support their ideological perspective has come to define Iranian culture and domestic and foreign policy Zia Ebrahimi follows the development of dislocative nationalism through a range of cultural and historical materials and he captures its incorporation of European ideas about Iranian history the Aryan race and a primordial nation His work emphasizes the agency of Iranian intellectuals in translating European ideas for Iranian audiences impressing Western conceptions of race onto Iranian identity

Democracy in Modern Iran Ali Mirsepassi, 2011-10 New perspectives on Iran s relationship to democracy Can Islamic societies embrace democracy In Democracy in Modern Iran Ali Mirsepassi maintains that it is possible demonstrating that Islam is not inherently hostile to the idea of democracy Rather he provides new perspective on how such a political and social transformation could take place arguing that the key to understanding the integration of Islam and democracy lies in concrete social institutions rather than pre conceived ideas the every day experiences rather than abstract theories Mirsepassi an Iranian native provides a rare inside look into the country offering a deep understanding of how Islamic countries like Iran and Iraq can and will embrace democracy Democracy in Modern Iran challenges readers to think about Islam and democracy critically and in a far more nuanced way than is done in black and white dichotomies of Islam vs Democracy or Iran vs the West This essential volume contributes important insights to current discussions creating a more complex conception of modernity in the Eastern world and with it Mirsepassi offers to a broad Western audience a more accurate less clichéd vision of Iran s political reality

Inside the Islamic Republic Mahmood Monshipouri, 2016 Goes beyond the media stereotype of fashionable parties in North Tehran to examine the quotidian realities of how society has evolved in Iran since the 1979 revolution

Social Change in Iran Behzad Yaghmaian, 2012-02-01 Social Change in Iran is an inquiry into the recent changes in Iran blending scholarly analysis eyewitness accounts and the author s personal experiences It tells the stories of everyday people be it young men and women

challenging the cultural and social mandates of the Islamic Republic or workers toiling at multiple jobs to overcome harsh economic realities This passionate homage to the people of Iran as told by a native is a glimpse into the human feelings and aspirations of a people subjected to varying forms of violence at home and widespread misunderstanding abroad At the same time Yaghmaian provides an informed analysis of the widening political divide within the state and the emergence of a movement for reform both of which have shaken the seemingly indisputable foundations of the Islamic Republic

Religious Statecraft Mohammad Ayatollahi Tabaar, 2018-05-08 Since the 1979 revolution scholars and policy makers alike have tended to see Iranian political actors as religiously driven dedicated to overturning the international order in line with a theologically prescribed outlook This provocative book argues that such views have the link between religious ideology and political order in Iran backwards *Religious Statecraft* examines the politics of Islam rather than political Islam to achieve a new understanding of Iranian politics and its ideological contradictions Mohammad Ayatollahi Tabaar traces half a century of shifting Islamist doctrines against the backdrop of Iran's factional and international politics demonstrating that religious narratives in Iran can change rapidly frequently and dramatically in accordance with elites' threat perceptions He argues that the Islamists' gambit to capture the state depended on attaining a monopoly over the use of religious narratives Tabaar explains how competing political actors strategically develop and deploy Shi'a inspired ideologies to gain credibility constrain political rivals and raise mass support He also challenges readers to rethink conventional wisdom regarding the revolution Ayatollah Khomeini the U.S. embassy hostage crisis the Iran Iraq War the Green Movement nuclear politics and U.S. Iran relations Based on a micro level analysis of postrevolutionary Iranian media and recently declassified documents as well as theological journals and political memoirs *Religious Statecraft* constructs a new picture of Iranian politics in which power drives Islamist ideology

Diverging Approaches of Political Islamic Thought in Iran since the 1960s Seyed Mohammad Lolaki, 2019-11-14 This book argues that Political Islam in the Iranian context evolved into three main schools of thought during the 1960s and 1970s Jurisprudential Islam led by Ayatollah Khomeini Leftist Islam led by Shariati and Liberal Islam led by Bazargan Despite the fact that all schools seek an Islamic state their chosen methods and philosophical approaches diverge considerably The synthesis of these three contrasting socio-political views is structured here to provide a coherent interpretation by means of ongoing comparison This method has so far not been presented in academic studies within the field of Political Islam Furthermore this book provides a critical analysis of the aforementioned Political Islam schools in Iran their similarities and differences relative success or failure their contribution to the revolution of 1979 and how they have evolved from the pre-revolution era to the present

Political Islam, Iran, and the Enlightenment Ali Mirsepassi, 2010-12-06 Ali Mirsepassi's book presents a powerful challenge to the dominant media and scholarly construction of radical Islamist politics and their anti-Western ideology as a purely Islamic phenomenon derived from insular traditional and monolithic religious foundations It argues that the discourse of political Islam has strong connections to important and disturbing

currents in Western philosophy and modern Western intellectual trends The work demonstrates this by establishing links between important contemporary Iranian intellectuals and the central influence of Martin Heidegger's philosophy We are also introduced to new democratic narratives of modernity linked to diverse intellectual trends in the West and in non Western societies notably in India where the ideas of John Dewey have influenced important democratic social movements As the first book to make such connections it promises to be an important contribution to the field and will do much to overturn some pervasive assumptions about the dichotomy between East and West **Sexual Politics in Modern Iran** Janet Afary, 2009-04-09

This book charts the history of Iran's sexual revolution from the nineteenth century to today The resilience of the Iranian people forms the basis of this sexual revolution one that is promoting reforms in marriage and family laws and demanding more egalitarian gender and sexual relations *Islam and Dissent in Postrevolutionary Iran* Behrooz Ghamari-Tabrizi, 2008

Persian literature is the jewel in the crown of Persian culture It has profoundly influenced the literatures of Ottoman Turkey Muslim India and Turkic Central Asia and been a source of inspiration for Goethe Emerson Matthew Arnold and Jorge Luis Borges among others Yet Persian literature has never received the attention it truly deserves A History of Persian Literature answers this need and offers a new comprehensive and detailed history of its subject This 18 volume authoritative survey reflects the stature and significance of Persian literature as the single most important accomplishment of the Iranian experience The main object of this companion volume is to provide an overview of the most important extant literary sources in Old and Middle Iranian languages the languages of the Achaemenid Parthian and Sasanian periods culminating in the rich resource of Pahlavi Persian which fed so directly into the language of the later great Persian poets It will be an indispensable source for the literary traditions of pre Islamic Iran and an invaluable guide to the subject Bloomsbury publishing *When Politics Are Sacralized* Nadim N. Rouhana, Nadera Shalhoub-Kevorkian, 2021-05-27

This book provides a comparative interdisciplinary analysis of the invocation and interaction of religious and national assertions in sacralizing local and global politics **Politics and Religion in the Modern World** George Moyser, 2002-11-01 Despite the commonly held Western view that secularisation has taken religion out of the political sphere the relationship between religion and politics is at the heart of many of the critical issues of our time The role of the church in nationalist movements in Eastern Europe and the influence of Islam on Middle Eastern politics are two clear examples Politics and Religion in the Modern World sets out to examine what makes religion and politics such a potent combination in countries around the world It is an important analysis of the relationship between religion and politics which will be recommended reading for students of political science religious studies and sociology **Iran** Abbas Amanat, 2017 A

masterfully researched and compelling history of Iran from the sixteenth century to the twenty first *The Iranian Metaphysicals* Alireza Doostdar, 2018-03-13 What do the occult sciences's ances with the souls of the dead and appeals to saintly powers have to do with rationality Since the late nineteenth century modernizing intellectuals religious leaders and

statesmen in Iran have attempted to curtail many such practices as superstitious instead encouraging the development of rational religious sensibilities and dispositions However far from diminishing the diverse methods through which Iranians engage with the immaterial realm these rationalizing processes have multiplied the possibilities for metaphysical experimentation The Iranian Metaphysicals examines these experiments and their transformations over the past century Drawing on years of ethnographic and archival research Alireza Doostdar shows that metaphysical experimentation lies at the center of some of the most influential intellectual and religious movements in modern Iran These forms of exploration have not only produced a plurality of rational orientations toward metaphysical phenomena but have also fundamentally shaped what is understood as orthodox Shi'i Islam including the forms of Islamic rationality at the heart of projects for building and sustaining an Islamic Republic Delving into frequently neglected aspects of Iranian spirituality politics and intellectual inquiry The Iranian Metaphysicals challenges widely held assumptions about Islam rationality and the relationship between science and religion
