Matthew's Message Grace Imathiu, 1998 This six session study the second in a series for the millennial celebrations in 2000 approaches the message and application of Matthew's Gospel as a whole and does not focus on particular passages Includes study helps

The Gospel According to Matthew, 1999 The publication of the King James version of the Bible translated between 1603 and 1611 coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English language literature in history Now world class literary writers introduce the book of the King James Bible in a series of beautifully designed small format volumes The introducers passionate provocative and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance

Prophecy in the New Millennium Suzanne Newcombe, Sarah Harvey, 2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy's more mundane manifestations and its role in providing meaning and motivation in everyday life

Preaching in the New Millennium Frederick J. Streets, 2005-01-01 In this absorbing book George McKenna ranges across the entire panorama of American history to track the development of American patriotism That patriotism shaped by Reformation Protestantism and imbued with the American Puritan belief in a providential errand has evolved over 350 years and influenced American political culture in both positive and negative ways McKenna shows The germ of the patriotism an activist theology that stressed collective rather than individual salvation began in the late 1630s in New England and travelled across the continent eventually becoming a national phenomenon Today American patriotism still reflects its origins in the seventeenth century By encouraging cohesion in a nation of diverse peoples and inspiring social reform American patriotism has sometimes been a force for good But the book also uncovers a darker side of the nation's patriotism a prejudice against the South in the nineteenth century for example or a tendency toward nativism and anti Catholicism Ironically a great reversal has occurred and today the most fervent believers in the Puritan narrative are the former outsiders Catholics and Southerners McKenna offers an interesting new perspective on patriotism's role throughout American history and he concludes with trenchant thoughts on its role in the post 9 11 era

John Wenham,2020-07-20 This groundbreaking study poses a solution to what one scholar has called one of the most difficult research problems in the history of ideas the Synoptic problem The phenomenon and mystery of three similar but different Synoptic Gospels has for centuries challenged some of the best minds of academia and the church How can we explain the differences and similarities among Matthew Mark and Luke Which Gospel was written first To what extent did the Evangelists depend on oral tradition written sources or each other John Wenham courageously opposes the reigning two document theory that Mark was the first Gospel with Matthew and Luke independently using Mark and a lost source of sayings of Jesus labeled Q Through careful argument and analysis he seeks to defend an alternative theory that satisfactorily accounts for what he argues is some degree of structural dependence but nevertheless a surprising degree of verbal independence among the Synoptics This brave new revisioning of the writing of the Synoptics redates Matthew Mark and Luke prior to A D 55 Insightful and provocative Redating Matthew Mark and Luke offers a fresh look at a hard problem as well as an interesting perspective on the inner workings of the early church It is a book to be reckoned with and sure to stir up scholarly controversy

Forgotten Message Frederick Guttman, Here I talk a little about why we are here What is death What is the meaning of our life And what does God want from us Once I deal with existential doubts I remember the principles of the knowledge of God and the rudiments of the doctrine of Christ and the apostles that is God s plan regarding Salvation At this point I talk about the news of the Kingdom of God the Born Again Baptism as an expression of repentance for the forgiveness of sins and as an official commitment to Jesus This includes the role of John the Baptist and Elijah as well as the encompassing of what the concept of Salvation represents Finally I deal with the problem of the human ego the lack of love the disobedience and innate rebellion and the place that the Holy Spirit takes in one topics without which one cannot advance in the ways of the Lord **Jesus** Bart D. Ehrman,1999 In this sharply written and pervasive book Ehrman presents a provocative portrait of Jesus as an apocalyptic visionary who taught his followers to prepare for the imminent end of the world 20 halftones

Fasching, 2011-07-15 1 You have heard it said that on the day of judgment only Christians will be saved and all others will be consigned to eternal damnation but I say to you that the gospel proclaims salvation for the whole human race 2 You have heard it said that non Christians are strangers who will not enter the Kingdom of God but I say to you that God enters our lives through the very presence of the stranger 3 You have heard it said that heretics and sinners will have no place in the Kingdom of God but I say to you that to reject even the least of these is to reject God and Gods messiah 4 You have heard it said that human beings can be saved in no other name than that of Jesus but I say to you that the name Jesus means we are saved in the name of a God who cannot be named or imaged 5 You have heard it said that only a chosen remnant can be saved but I say to you that a saving remnant saves not itself but the whole human race of which it is a part 6 You have heard it said that in the final judgment many will be consigned to the eternal fires but I say to you Gods judgment is a refining fire which transforms and saves rather than destroys The final truth is that our God is the savior of the whole human race and especially all believers 1 Timothy 4:10 **Fifth Times Book of Best Sermons** Ruth Gledhill, 2000-01-01 This annual volume collects the top thirty sermons from hundreds written by men and women from a diverse range of denominations and faiths These sermons are powerful and compelling and can be read with enjoyment over and over again

Grey, 2011-06-08 Five Foundations of Human Development FFHD is a philosophical religious and practical discourse on human development based on the following five foundations Spiritual Moral Social Intellectual and Physical The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow Spiritual Intelligence to underpin human intelligence as our capable guide The indomitable spirit within human beings that brought civilization out of the Dark Ages and into an Age of Enlightenment demonstrates our capacity to transcend moral hope and optimism for a better world with peaceful coexistence among individuals families and nations This book will help inform enlighten and empower individuals and leaders in such fields as engineering science religion politics the military and other great institutions to engender solutions to the myriad of unsolved

The Reception of Vatican II Matthew L. Lamb, Matthew Levering, 2017 A sequel to *Vatican II: Renewal within Tradition* OUP 2008 *The Reception of Vatican II* shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception

Preaching Christ in a Postmodern Culture K. A. Beville, 2010-04-16 Starting with some observations relating to shifts in ecclesiology and identifying them as a move beyond contextualization to syncretism this work goes on to assess the feasibility of preaching in a postmodern culture which rejects both the idea of absolute truth and authority used as power It traces the historical and philosophical development of postmodernism The Enlightenment project is deemed to have failed and Christianity is perceived as an oppressive metanarrative In a world that is becoming increasingly sceptical and where

preaching practitioners are becoming disillusioned this book offers some guidelines about preaching to postmoderns In a relational age rationality is impotent but the author distinguishes between authoritative and authoritarian preaching allowing hope for the survival of the homiletic task Humility is presented as preferable to certitude and persuasion is redefined The author suggests using an inductive mode of communication as a means of engaging postmodern listeners He signposts a way forward in the labyrinthine complexity of the new paradigm and demonstrates that the homiletic task is still feasible Thus this book will be of interest to teachers and students of theology as well as pastors desiring to develop a new apologetic strategy
