Matts Crusade:

Matt's Crusade Margot Marek, 1989-07 Seventh grader Matt Tyson is tempted to join his new friend Allie in a public protest against the Army's decision to stockpile nuclear missiles outside their town even though the demonstration conflicts with a big football game in which he is needed to play Adventure ,1912 Crusades and Memory Megan Cassidy-Welch, Anne E. Lester, 2017-10-02 Crusading was a religious movement involving papal authorization the incentive of remission of sins pious motivation on behalf of the individual and the justification of holy war Much recent historiography in this area has focused on resolving the questions of what a crusade was and why people went on them But crusading became a cultural and social phenomenon that changed across time and geographical space In turn crusading was shaped by the ways specific crusades and their participants were remembered in specific historical contexts Moreover crusade memory had profound effects on the cultivation of family lineage kinship ties national and regional identity and religious orthodoxy Integrating memory into crusades scholarship thus offers new ways of exploring the aftermath of war the construction of cultural and social memory the role of women and families in this process and the crusading movement itself This book explores memory as a methodological means of understanding the crusades It engages with theories of communicative memory social and cultural memory war commemoration and historical processes of remembering Contributions explore the variety of cultural forms used in cultivating crusade memory Material visual liturgical and textual objects are all reflective of crusade culture and the process of crafting its memory and the analysis of such sources is of particular interest This publication furthers new trends in crusade scholarship which understand the crusades as a broad religious movement that called upon and developed within a wider cultural framework than previously acknowledged This book was originally published as a special issue of the Journal of Medieval History Apocalyptic Chic Barbara Brodman, James E. Doan, 2017-10-10 This book deals with legends and images of the apocalypse and post apocalypse in film and graphic arts literature and lore from early to modern times and from peoples and cultures around the world It reflects an increasingly popular leitmotif in literature and visual arts of the 21st century humanity s fear of extinction and its quest for survival in revenant supernatural or living human form It is the logical continuation of a series of collected essays examining the origins and evolution of myths and legends of the supernatural in Western and non Western tradition and popular culture The first two volumes of the series The Universal Vampire Origins and Evolution of a Legend Fairleigh Dickinson University Press 2013 and Images of the Modern Vampire The Hip and the Atavistic Fairleigh Dickinson University Press 2013 focused on the vampire legend The third The Supernatural Revamped From Timeworn Legends to Twenty First Century Chic 2016 focused on a range of supernatural beings in literature film and other forms of popular culture **Iesus Christ and the Last Crusade** James Shane, 2003-04 Matt's Crusade-CC, Matt's Crusade Margot Marek,1988 **The Social Studies** ,1925 From the bottom up Chad Pregracke, 2007 The Crusade Indulgence Ane Bysted, 2014-11-27 What defined the

crusades in contrast to other wars was the opportunity for warriors to win a spiritual reward the indulgence In The Crusade Indulgence Spiritual Rewards and the Theology of the Crusades c 1095 1216 Ane L Bysted examines the theological and institutional development of the indulgence from the proclamation of the First Crusade to Pope Innocent III This first comprehensive study of crusade indulgences in more than a hundred years challenges some earlier interpretations and demonstrates how theologians popes and crusade preachers in the 12th century formed the concept of indulgences and argued that fighting for Christ and the Church was meritorious in the sight of God and thus worthy of a spiritual reward proclaimed by the Church Crusades Benjamin Z. Kedar, Jonathan Phillips, Jonathan Riley-Smith, 2016-08-12 Crusades covers seven hundred years from the First Crusade 1095 1102 to the fall of Malta 1798 and draws together scholars working on theatres of war their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology law literature art numismatics and economic social political and military history Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East Particular attention is given to the publication of historical sources in all relevant languages narrative homiletic and documentary in trustworthy editions but studies and interpretative essays are welcomed too Crusades appears in both print and online editions Volume 5 is notable for John s France s article Two types of vision on the First Crusade Stephen of Valence and Peter Bartholomew The New Concise History of the Crusades Thomas F. Madden, 2005 In this sweeping yet crisp history the author offers a brilliant and compelling narrative of History of the Crusades George Procter, 1889 the Crusades and their contemporary relevance Veale, 2017-03-10 Written in the form of a novel this work offers a satirical critique of modern life. The art scene is where it all begins but Tony Veale's story soon reaches out to embrace the madness of media politics and celebrity inspired hysteria The book chronicles the rise and fall of Matt Flight an idealistic young artist who believes he can change the world With a cast of characters like a page from the Theatre of the Absurd The Orchard rattles along at an unremitting pace Here you may read of the pitifully washed out nostalgist Cyril Pout the camp and outrageous couturier Willie Fitz the sex crazed janitor Gittins the devious art market fixers Bernie Feltz and Sylvester Rich the singing Police Chief Buller and his agony aunt friend Dame Bridget Bradstock the American tycoon Hiram Grouper and his English butler Sir Harvey Haugh Only Matt's girlfriend Holly Tree is with him for more than the ride Knowing and worldly wise she believes she can steer him through the madness he has The Crusades and the Christian World of the East Christopher MacEvitt, 2010-11-24 In the wake of unleashed Jerusalem's fall in 1099 the crusading armies of western Christians known as the Franks found themselves governing not only Muslims and Jews but also local Christians whose culture and traditions were a world apart from their own The crusader occupied swaths of Syria and Palestine were home to many separate Christian communities Greek and Syrian Orthodox Armenians and other sects with sharp doctrinal differences How did these disparate groups live together under Frankish rule In The Crusades and the Christian World of the East Christopher MacEvitt marshals an impressive array of literary legal

artistic and archeological evidence to demonstrate how crusader ideology and religious difference gave rise to a mode of coexistence he calls rough tolerance The twelfth century Frankish rulers of the Levant and their Christian subjects were separated by language religious practices and beliefs Yet western Christians showed little interest in such differences Franks intermarried with local Christians and shared shrines and churches but they did not hesitate to use military force against Christian communities Rough tolerance was unlike other medieval modes of dealing with religious difference and MacEvitt illuminates the factors that led to this striking divergence It is commonplace to discuss the diversity of the Middle East in terms of Muslims Jews and Christians MacEvitt writes yet even this simplifies its religious complexity While most crusade history has focused on Christian Muslim encounters MacEvitt offers an often surprising account by examining the intersection of the Middle Eastern and Frankish Christian worlds during the century of the First Crusade Exploring the World of Sports Phyllis J. Supernatural Environments in the Middle Ages explores the intersection of crusader studies and studies of nature The volume addresses encounters with responses to and representations of a broad variety of phenomena celestial objects and events familiar and unfamiliar fauna and flora seascapes and landscapes the elements and the seasons etc It introduces readers to crusaders actual but also largely or entirely imaginary encounters with natural phenomena as well as literary references to nature in crusader sources more generally such as for example animal metaphors Finally this project investigates the relationships between the natural and the supernatural and between nature and human made environments The volume will define crusades broadly to include not only crusades to the East but also crusades to frontier regions such as the Baltic and Iberian peninsula and extends to representations of crusades and nature in later medieval and early modern The Crusades, Holy War and Canon Law James A. Brundage, 2024-10-28 This volume is concerned above all with sources the legal background and the juristic issues behind the ideology and practice of the medieval Crusades This is an area that the author was the first to investigate systematically and there are two particular reasons for his approach one the conviction that the historical phenomenon of the Crusades can only be adequately understood within the context of the legal systems that permeated the age the other that so much of the documentary evidence be it charters decrees even chronicles was produced by people whose perceptions had been shaped by the law A number of articles focus on the roles of individual crusaders or address ideological questions including the very concept of Holy War Others deal with practical issues and the nature of the obligations incurred by a crusader and examine the consequences these had both for the institutions of medieval Europe and for the crusader s own family relationships Ce recueil s attache avant tout au contexte l gal et aux questions juridiques qui se trouvent la base de l id ologie et de la pratique des Croisades au Moyen Age L auteur a t le premier entreprendre des recherches de fa on syst matique dans ce domaine deux raisons pr cises sont l'origine de cette d marche premi rement la conviction que seule la connaissance du contexte des syst mes l gaux dont l poque tait impr gn e permet de bien comprendre le ph nom ne historique des Croisades deuxi mement le fait que quantit de documents temoins chartes d crets ou encore chroniques sont l oeuvre de gens dont la perception tait grandement influenc e par la loi Un nombre d tudes se concentrent sur la r le individuel de certains crois s ou s adressent des questions d id ologie y compris le concept m me de la Guerre Sainte D autre traitent de questions d ordre pratique ainsi que de la nature des engagements contract s par le crois ils en examinent le
