Substance Abuse Joyce H. Lowinson, 2005 The premier text on substance abuse and addictive behaviors is now in its updated and expanded Fourth Edition with up to the minute insights from more than 150 experts at the front lines of patient management and research This edition features expanded coverage of the neurobiology of abused substances new pharmacologic therapies for addictions and complete information on club drugs such as Ecstasy New sections focus on addiction in children adolescents adults and the elderly and women s health issues including pregnancy The expanded behavioral addictions section now includes hoarding shopping and computer Internet abuse Includes access to a Companion wesbite that has fully searchable text *Maturing Out* E. H. Prins, 1995 **Addiction and Spiritual Transformation** Srdjan Sremac, Srđan Sremac, 2013 This study explores the relationship between addiction and spiritual transformation More specifically it examines how recovering drug addicts employ testimonies of conversion and addiction to develop and sustain a sense of personal unity and create meaning from varied experiences in life Drawing on 31 original autobiographies the book analyzes conversion and addiction testimonies in two European contexts Serbia and The Netherlands Series Religion and Biography Religion und Biographie Vol 22 **Lowinson and Ruiz's Substance Abuse** Pedro Ruiz, Eric C. Strain, 2011 A comprehensive authoritative text on all aspects of substance abuse and addiction medicine Scientific topics such as the biology of various addictions and all dimensions of clinical treatment and management are addressed by a wide range of leading contributors Behavioral addictions are addressed also so the text is not solely devoted to specific substances and their misuse Provided by publisher **Beating the Dragon** James McIntosh, 2014-09-25 Suitable for 2nd and 3rd year students taking courses on drug use misuse principally in departments such as Sociology Law Cultural and Media Studies and Psychology Also particularly relevant for students taking courses leading to a profession such as nurses and social workers The use of illegal drugs is widespread in many societies Within many western societies particular concern has been focused on the nature and extent of illegal drug use amongst young people In much of the media coverage an impression is often conveyed that the use of illegal drugs other than cannabis is a one way street leading inevitably to addiction destitution family breakdown and death This impression fails to grasp the fact that most drug users do not become addicts and most addicts do not die The perception of addiction as a fixed end point characterised by personal and social dissolution fails to recognise that many dependent drug users even after a period of prolonged dependent drug use nevertheless still manage to overcome their dependence upon illegal drugs This process of recovery either with or without the assistance of helping agencies has been variously described by researchers drug counsellors clinicians and others *The Role of Community-Mindedness in the Self-Regulation of Drug Cultures* Anke Stallwitz, 2012-04-26 This book analyzes heroin users and the drug subculture on the Shetland Islands an area known for its geographical remoteness rural character and relative wealth It fills the scientific gap created by the conventional research in heroin research which is usually conducted in urban

areas and relies on treatment and prison populations Based on qualitative in depth interviews with twenty four heroin users this book depicts and analyzes the nature and historical development of the local heroin scene It illustrates the features and internal structures of the subculture and it examines the manner in which both are influenced by the location specific geographical cultural and socio economic conditions It thus reveals complex causal associations that are hard to recognize in urban environments Complete with a list of references used and recommendations for future research this book is a vital tool for progressive and pragmatic approaches to policy intervention and research in the field of illicit drug use
