The Responsibility  
of Being Oneself

"This wise and witty book is the baby boomers' bible! It offers hot tips on maturity as the path to wisdom, the art of transcending problems rather than having to solve them, and the secret of transforming a midlife crisis into a creative explosion."

## **Maturity The Responsibility Of Being Oneself:**

**Maturity** Osho,1999-11-30 One of the greatest spiritual leaders of the twentieth century encourages us to embrace the qualities of life our advancing years grant us in *Maturity The Responsibility of Being Oneself* In a culture infatuated with youth and determined to avoid old age at all costs this book dares to raise a question that has been all but forgotten in the age of Viagra and cosmetic surgery What benefits might lie in accepting the aging process as natural rather than trying to hold on to youth and its pleasures all the way to the grave Osho takes us back to the roots of what it means to grow up rather than just to grow old Both in our relationships with others and in the fulfillment of our own individual destinies he reminds us of the pleasures that only true maturity can bring He outlines the ten major growth cycles in human life from the self centered universe of the preschooler to the flowering of wisdom and compassion in old age Osho's sly sense of humor runs like a red thread through the book along with a profound compassion and understanding of how easy it is to be distracted from the deeper meaning and purpose of our lives which is ultimately to flower into our own individual uniqueness and maturity with an attitude of celebration and joy Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Awareness Osho,2007-04-01 One of the greatest spiritual teachers of the twentieth century will help you learn how to live in the present moment in *Awareness The Key to Living in Balance* Underlying all meditation techniques including martial arts and in fact underlying all great athletic performances is a quality of being awake and present to the moment a quality that Osho calls awareness Once we can identify and understand what this quality of awareness is we have the key to self mastery in virtually every area of our lives According to great masters like Lao Tzu or Buddha most of us move through our lives like sleepwalkers Never really present in what we are doing never fully alert to our environment and not even aware of what motivates us to do and say the things we do At the same time all of us have experienced moments of awareness or awakening to use another in extraordinary circumstances On the road in a sudden and unexpected accident time seems to stop and one is suddenly aware of every movement every sound every thought Or in moments that touch us deeply welcoming a new baby into the world for the first time or being with someone at the moment of death Awareness says Osho is the key to being self directed centered and free in every aspect of our lives In this book Osho teaches how to live life more attentively mindfully and meditatively with love caring and consciousness Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru

and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world      **Joy** Osho,2010-04-01 One of the twentieth century s greatest spiritual teachers inspires us to experience and appreciate both the elation and sadness of Joy The Happiness That Comes from Within With an artful mix of compassion and humor Osho shows us that joy is the essence of life that even unhappiness has its root in joy He encourages us to accept joy by being grateful to be alive and for the challenges and opportunities in life and by finding the good in all that we have rather than setting conditions or demands for happiness By embracing joy one comes closer to a true peaceful and balanced state Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world      **Freedom**

Osho,2007-04-01 Learn how to set yourself free with the philosophies of one of the twentieth century s greatest spiritual teachers in Freedom The Courage to Be Yourself In Freedom Osho outlines three stages of freedom The first is freedom from which is a freedom that comes from breaking out of what he calls the psychological slavery imposed by outside forces such as parents society or religion The next stage is freedom for a positive freedom that comes from embracing and creating something a fulfilling relationship for example or an artistic or humanitarian vision And lastly there is just freedom the highest and ultimate freedom This last freedom is more than being for or against something it is the freedom of simply being oneself and responding truthfully to each moment This book helps readers to identify the obstacles to their freedom both circumstantial and self imposed to choose their battles wisely and to find the courage to be true to themselves Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world      Intimacy Osho,2007-04-01 One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in Intimacy Trusting Oneself and the Other Hit and run

relationships have become common in our society as it has grown more rootless less tied to traditional family structures and more accepting of casual sex But at the same time there arises an undercurrent of feeling that something is missing a quality of intimacy This quality has very little to do with the physical though sex is certainly one possible door Far more important is a willingness to expose our deepest feelings and vulnerabilities with the trust that the other person will treat them with care Ultimately the willingness to take the risk of intimacy has to be grounded in an inner strength that knows that even if the

other remains closed even if that trust is betrayed we will not suffer any permanent damage In this gentle and compassionate guide Osho takes his readers step by step through what makes people afraid of intimacy how to encounter those fears and go beyond them and what they can do to nourish themselves and their relationships to support more openness and trust Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

**Living on Your Own Terms** Osho,2013-03-12 In Living on Your Own Terms What Is Real Rebellion one of the twentieth century s greatest spiritual teachers reveals how you can resist the rules and regulations that oppose your values while retaining your own individuality People can be happy only in one way and that is if they are authentically themselves Then the springs of happiness start flowing they become more alive they become a joy to see a joy to be with they are a song they are a dance Osho Decades after the rebellions of the 1960s new generations are again challenging and rebelling against outdated structures and values focusing on political and economic systems and their failings But this generation has the opportunity and responsibility to move the development of human freedom to the next level Osho s philosophies will support these future generations in expanding their understanding of freedom and pushing toward new systems for humanity Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world

Tony C. Daloz, 2022-01-18 The Path to Being a Better Man Many modern men are consumed by anger frustration aggression and fear We are unable to connect effectively as a spouse a father a friend and even a leader We push people away lash out at those we love the most and keep our inner struggles to ourselves This disjunction from the outside world poisons our relationships and threatens our ability to find true fulfillment But there is a path to a better version of the modern man By confronting the inner challenges that inform our outward behaviors we can reshape ourselves With help and courage we can set off on a new journey toward better relationships more honest and effective communication and an overall better life Tony C Daloz harnesses over thirty years of professional experience as a practicing psychologist and researcher as well as his own personal journey to illuminate the road to a well lived life The path and the journeyman will never be perfect but the journey itself will lead to lasting positive change for ourselves and for our loved ones      **Growing Yourself Up**

Jenny Brown, 2017-11-01 To be human is to be in relationships We can't survive without them but it's in relationships that we can so easily get unravelled Some relationships just seem to do us in Either we feel like we lose ourselves or feel burnt out from futile efforts to make things right for another In our relationships we can experience the very best of ourselves and the very worst The message of Growing Yourself Up is that you can't separate understanding the individual from understanding relationships All of life's relationships are integral to increasing self awareness and maturity And it's not necessarily the comfortable relationships that promote personal growth In this 2nd edition of the bestselling book Jenny examines how to help others without fostering dependency and how to determine what kind of help you or others want from therapists This is in response to the many lay and professional people who have found this book valuable personally and want to know how to help others grow Drawing from Bowen family systems theory the book takes you on a journey through each stage of life to see predictable patterns of relationships and to show how to use this knowledge to make purposeful adjustments in yourself as well as lending a mature helping hand to others The result is a sturdier self sturdier relationships and a refreshing new way to view life's challenges and opportunities      **Believing In Myself**

Earnie Larsen, 1991-04-15 This uplifting daily meditation book by bestselling recovery authors Earnie Larsen and Carol Hegarty tackles the fundamental issue of self esteem head on Presents a meditation for every day of the year complete with an inspirational quote and thought for the day all written in a conversational down to earth tone      **Freedom from Illusion** Osho, 2019-10 An anthology of the complex issues of the ego ambition power and destructiveness from the perspective of a contemporary mystic Osho shows the way to liberation from the illusions of the personality through an internal revolution the psychology of the Buddhas The ego is just the opposite of your real self The ego is not you It never allows you even a glimpse of your real authentic self and your life is there in your authenticity Hence this ego only produces misery suffering fighting frustration madness suicide

murder all kinds of crime      *The Power of Divine Eros* A. H. Almaas, Karen Johnson, 2013-09-17 Two innovative spiritual teachers show how to use desire and passion eros as a gateway to realizing our fullest potential What do desire and passion have to do with our spiritual journey According to A H Almaas and Karen Johnson they are an essential part of it Conventional wisdom cautions that desire and passion are opposed to the spiritual path that engaging in desire will take you more into the world into egoic life And for most people that is exactly what happens We naturally tend to experience wanting in a self centered way The Power of Divine Eros challenges the view that the divine and the erotic are separate When we open to the energy aliveness spontaneity and zest of erotic love we will find it inseparable from the realm of the holy and sacred When this is understood desire and passion become a gateway to wholeness and to realizing our full potential Through guided exercises the authors reveal how our relationships become opportunities on the spiritual journey to express ourselves authentically to relate with openness and to discover dynamic inner realms with another person Through embodying the energy of eros each of us can learn to be fully real and alive in all of our interactions      Composure Kate Purmal, Lee Epting, 2021-10-19 Many of us experience being overly sensitive and more reactive than we'd like to be throughout the day at work but why When we are overly reliant on external validation and reactive to external pressures driven by fear of judgment criticism and failure we lose our composure The good news is like any important skill composure is something you can learn and cultivate by creating strong personal boundaries building confidence developing self awareness and aligning yourself and your values This is what is explored profoundly in this book Drawing on more than twenty years of experience as corporate executives executive coaches and their expertise in neurolinguistics and trauma and PTSD therapy Kate Purmal and her colleagues Lee Epting and Joshua Isaac Smith deliver a unique approach to navigating work environments that don't feel psychologically safe Using proven techniques Composure shows how you can compose yourself to elevate your presence at work at home and ultimately within yourself      **The Mustard Seed** Osho, 1975-01-01

*Responsibility Rebellion* Kain Ramsay, 2020-06-13 Many of us crave more fulfillment in life but we don't know how to find it We try everything to feel better from changing jobs and dating new people to attending therapy and taking pills We grasp at the superficial and externally overcompensate for our internal voids and self doubts What we don't realize is that avoiding responsibility only postpones the inevitable that nothing about our life changes until we change You will not become empowered until you choose to take responsibility for the role you've played in undermining yourself Finding more fulfillment satisfaction and inner peace is your responsibility because no one else cares In Responsibility Rebellion author Kain Ramsay discusses why we often rely on easy steps and magical formulas to find fulfillment only to come up short He'll equip you with a structured roadmap for personal growth and progress one that shows you how to be better rather than feel better

Existential Aspirations Charles Douglas Hayes, 2010 Existential Aspirations affirms that active continuous learning is what makes life worthwhile Thoughtful living can create meaning anywhere you look In this collection of provocative essays
