Third Series* Library of Congress. Copyright Office, 1969      **Mau Mau and Kenya** Wunyabari O. Maloba, 1998 Mau Mau and Kenya widens the debate about the Mau Mau revolt and adds an African voice to the examination and interpretation of an important event in African history Wunyabari Maloba traces this unique peasant revolt against British colonialism offering a fresh look at a movement that has been reinvented by ideologues on the Left and Right in postcolonial Kenya Was Mau Mau a national effort or an ethnic outburst What were its political aims Maloba describes the Mau Mau legacy concentrating on three issues participants and their differing ideologies relationships between the revolt and the conventional party politics of the Kenya African Union and the impact of Mau Mau on decolonization in Kenya Maloba argues that Mau Mau's various factions disagreed over aims and objectives and that this lack of a cohesive revolutionary ideology influenced the shape and destiny of the revolt He compares Mau Mau as an anti colonial peasant movement to European and Third World revolutionary movements In placing the Mau Mau rebellion within the framework of theoretical debates about social movements Maloba demonstrates that its aim like that of other peasant revolts was the overthrow of colonial domination and the attainment of national independence Mau Mau and Kenya makes a significant contribution to postwar Kenyan historiography      **Mau Mau From Within** Karari Njama, Donald L Barnett, 2021-01-16 Mau Mau from Within is told by Karari Njama a school teacher who was directly involved in the struggles for freedom from colonial rule to anthropologist Donald L Barnett As the late Basil Davidson put it

Njama writes of the forest leaders efforts to overcome dissension to evolve effective tactics to keep discipline including sexual discipline and mete out justice His narrative is crowded with excitement Those who know much of Africa and those who know little will alike find it compulsive reading Some 10 000 Africans died fighting in those years Here in the harsh detail of everyday experience are the reasons why Originally published as *Mau Mau From Within* An analysis of Kenya s Peasant Revolt it is a story of courage passion heroism combined with recounting of colonial terror brutality and betrayal Far from being just an analysis of a peasant revolt this is the inside story of the struggles of Kenya s Land and Freedom Army told from within by a person who worked closely with Dedan Kimathi This new expanded edition includes new commentary by Karari Njama and contributions from Ngugi wa Thiong o Micere Githae Mugo as well as a statement from Gitu Wa Kahengeri Secretary General of the Mau Mau War Veterans Association

*Tropical Forests in Transition* J. Goldammer, 2013-03-08 In evolutionary time scales natural disturbances have affected the vegetation on Earth During the Quaternary the forest biomes of the tropics were subjected to manifold disturbances Climate changes and climate oscillations were associated with changing precipitation and drought regimes flooding siltation landslides etc The prehistorical forest was also influenced by the effects of large wildlife populations Large scale catastrophies in the forest biomes were mainly caused by abiotic environmental alterations the small scale disturbances were and still are related to both biotic and abiotic processes Both the large and the small scale disturbances have played a significant role in shaping distribution dynamics structure and composition of the paleoforest After the expansion of hominids and early humans and later by modern humans the anthropogenic influences on the tropical forest began to overlap natural disturbances Today's anthropogenic impacts on the tropical forests differ qualitatively and quantitatively from the natural disturbances The speed of tropical deforestation and savannization is dramatically increasing The physical and chemical impacts of forest conversion and biomass burning add to other anthropogenic influences on the atmosphere and climate The expected anthropogenic climate change will also have considerable impacts on the tropical flora and fauna The book on *Tropical Forests in Transition* synthesizes information on changing environmental conditions and human impacts on the tropical forest by looking back to the paleoecology analyzing the impact of modern human populations and modeling the future of the tropical forest in a changing environment The aim of the book is to strengthen multidisciplinary thinking in disturbance ecology
