Mau Mau Nationhood Arms Authority:

Mau Mau & Nationhood E. S. Atieno Odhiambo, John Lonsdale, 2003 Fifty years after the declaration of the state of emergency Mau Mau still excites argument and controversy not least in Kenya itself Mau Mau and Nationhood is a collection of essays providing the most recent thinking on the uprising and its aftermath The work of well established scholars as well as of young researchers with fresh perspectives Mau Mau and Nationhood achieves a multilayered analysis of a subject of enduring interest According to Terence Ranger Emeritus Rhodes Professor Oxford In some ways the historiography of Mau Mau is a supreme example not only of ambiguity and complexity but also of redemption of a topic once thought incapable of rational analysis

(Re)membering Kenya Vol 1 Mbũgwa wa Mũngai, G. M. Gona, 2010 One of the critical questions that Kenyans have continuously asked is what went wrong in January and February 2008 with the peace they had hitherto enjoyed There have not been readily available answers to this fundamental question The collection of papers presented in this book attempt to provide as a starting point possible explanations for the events of early 2008 including key background issues in Kenyan history since pre independence times Based on a series of public lectures titled Re membering Kenya organized by the volume editors together with Twaweza Communications and sponsored by the Goethe Institut Kenya the Institute for International Education and The Ford Foundation the lecture series became a way of trying to get scholars to engage meaningfully with the Kenyan public on critical matters pertaining to their nationhood even if this entailed first calling to question the lie about the very ideas and practices upon which that nationhood is assumed to stand A key lesson drawn from the unfolding discussions at the Goethe Institut Kenya was that the 2007 elections debacle was merely the cusp of momentous crises to do with among other issues governance law and order Parliament s abdication of its role in ensuring accountability from the Executive dilemmas of identity and socio economic marginality The book is the first of three volumes under the Re membering Kenya series whose overall objective is to cast some new light on the various trajectories that informed the happenings of January 2008 The present volume brings together some of the best interpretative writing and suggestions on pertinent questions past and present ranging from the architecture of Kenya s ethnicity Kenyanness generational competition socialization and violence iconic representations of identity to the ongoing debate on the efficacy of the Truth Justice and Reconciliation Commission TJRC It is hoped that the issues debated during the public lectures and documented herein will spur further discussions in other spaces within civil society organizations among activists and in newspapers where the public might continue to expand their thinking on the complex task of Re membering Kenya

Imperial Reckoning Caroline Elkins, 2010-04-01 A major work of history that for the first time reveals the violence and terror at the heart of Britain s civilizing mission in Kenya As part of the Allied forces thousands of Kenyans fought alongside the British in World War II But just a few years after the defeat of Hitler the British colonial government detained nearly the entire population of Kenya s largest ethnic minority the Kikuyu some one and a half million people The compelling story of the system of prisons and work camps where thousands met their deaths has remained largely untold the victim of a determined effort by the British to destroy all official records of their attempts to stop the Mau Mau uprising the Kikuyu people s ultimately successful bid for Kenyan independence Caroline Elkins an assistant professor of history at Harvard University spent a decade in London Nairobi and the Kenyan countryside interviewing hundreds of Kikuyu men and women who survived the British camps as well as the British and African loyalists who detained them The result is an unforgettable account of the unraveling of the British colonial empire in Kenya a pivotal moment in twentieth century history with chilling parallels to America s own imperial project *Imperial Reckoning* is the winner of the 2006 Pulitzer Prize for Nonfiction

Kenyan Youth Education in Colonial and Post-Colonial Times Peter Otiato Ojiambo, 2017-08-03 This book examines Joseph Kamiru Gikubu s impact on Kenyan youth education The author asserts that over his decades long career Gikubu played an active role in not only building and improving Kenyan youth education but also in demonstrating the role educational institutions play in imparting nation building skills Gikubu s educational contributions were wide ranging and include both practical and theoretical aspects of education through his works in various juvenile rehabilitation programs and youth clubs as well as his insights on youth education and school leadership Through Gikubu s educational work this volume interrogates Kenya s educational development transformation and entailed challenges The book fills the gap in the dearth of African centered educational biographies and their role in shaping Africa s social political and economic spheres in both the colonial and post colonial period It also addresses emerging scholarship in African educational biographies

African Activists in a Decolonising World Ismay Milford, 2023-03-09 As wars of liberation in Africa and Asia shook the post war world a cohort of activists from East and Central Africa specifically the region encompassing present day Malawi Zambia Uganda and mainland Tanzania asked what role they could play in the global anticolonial landscape Through the perspective of these activists Ismay Milford presents a social and intellectual history of decolonisation and anticolonialism in the 1950s and 1960s Drawing on multi archival research she brings together their trajectories for the first time reconstructing the anticolonial culture that underpinned their journeys to Delhi Cairo London Accra and beyond Forming committees and publishing pamphlets these activists worked with pan African and Afro Asian solidarity projects Cold War student internationals spiritual internationalists and diverse pressure groups Milford argues that

a focus on their everyday labour and knowledge production highlights certain limits of transnational and international activism opening up a critical albeit less heroic perspective on the global history of anticolonial work and thought

Urban God Talk Andre E. Johnson, 2013-08-28 *Urban God Talk Constructing a Hip Hop Spirituality* edited by Andre Johnson is a collection of essays that examine the religious and spiritual in hip hop The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false From its beginning hip hop has had a profound spirituality and advocates religious views and while not orthodox or systemic nevertheless many in traditional orthodox religions would find the theological and spiritual underpinnings in hip hop comforting empowering and liberating In addition this volume demonstrates how scholars in different disciplines approach the study of hip hop religion and spirituality Whether it is a close reading of a hip hop text ethnography a critical studies approach or even a mixed method approach this study is a pedagogical tool for students and scholars in various disciplines to use and appropriate for their own research and understanding *Urban God Talk* will inspire not only scholars to further their research but will also encourage publishers to print more in this field The contributors to this in depth study show how this subject is an underrepresented area within hip hop studies and that the field is broad enough for numerous monographs edited works and journal publications in the future

Military Anthropology Montgomery McFate, 2018 A candid reassessment of the role of anthropologists in mediating encounters between Western armies and non Western peoples

Ethnic Patriotism and the East African Revival Derek R. Peterson, 2012-09-24 *Ethnic Patriotism and the East African Revival* shows how in the era of African political independence cosmopolitan Christian converts struggled with East Africa s patriots over the definition of culture and community The book traces the history of the East African Revival an evangelical movement that spread through much of eastern and central Africa Its converts offered a subversive reading of culture disavowing their compatriots and disregarding their obligations to kin They earned the ire of East Africa s patriots who worked to root people in place as inheritors of ancestral wisdom This book casts religious conversion in a new light not as an inward reorientation of belief but as a political action that opened up novel paths of self narration and unsettled the inventions of tradition

Indians in Kenya Sana Aiyar, 2015-04-06 *Working as merchants skilled tradesmen clerks lawyers and journalists Indians formed the economic and administrative middle class in colonial Kenya In general they were wealthier than Africans but were denied the political and economic privileges that Europeans enjoyed Moreover despite their relative prosperity Indians were precariously positioned in Kenya Africans usually viewed them as outsiders and Europeans largely considered them subservient Indians demanded recognition on their own terms Indians in Kenya chronicles the competing often contradictory strategies by which the South Asian diaspora sought a political voice in Kenya from the beginning of colonial rule in the late 1890s to independence in the 1960s Indians intellectual economic and political connections with South Asia shaped their understanding of their lives in Kenya Sana Aiyar investigates how the many strands of Indians diasporic identity influenced Kenya s political leadership from claiming*

partnership with Europeans in their mission to colonize and civilize East Africa to successful collaborations with Africans to battle for racial equality including during the Mau Mau Rebellion She also explores how the hierarchical structures of colonial governance the material inequalities between Indians and Africans and the racialized political discourses that flourished in both colonial and postcolonial Kenya limited the success of alliances across racial and class lines Aiyar demonstrates that only by examining the ties that bound Indians to worlds on both sides of the Indian Ocean can we understand how Kenya came to terms with its South Asian minority Managing Heritage, Making Peace Annie E. Coombes, Lotte Hughes, Karega Munene, 2019-12-26 Kenya stands at a crossroads in its history and heritage as the nation celebrates its fiftieth anniversary of independence from Britain in 2013 At this important juncture what parts of its history including the Mau Mau uprising do citizens and state wish to remember and commemorate and what is best forgotten or occluded What does heritage mean to ordinary Kenyans and what role does it play in building nationhood and forging peace and reconciliation Focusing on the 1990s to the present Managing Heritage Making Peace is a timely exploration of the ways in which Kenyans are engaging with the past in the present including such local initiatives as the community peace museums movement local and national monuments and other notable commemorative actions The authors show how Kenya is facing a continuing crisis over nationhood heritage memory and identity which must be resolved to achieve social cohesion and peace

Defeating Mau Mau, Creating Kenya Daniel Branch, 2009-09-07 This book details the devastating Mau Mau civil war fought in Kenya during the 1950s and the legacies of that conflict for the post colonial state As many Kikuyu fought with the colonial government as loyalists joined the Mau Mau rebellion Focusing on the role of those loyalists the book examines the ways in which residents of the country's Central Highlands sought to navigate a path through the bloodshed and uncertainty of civil war It explores the instrumental use of violence changes to allegiances and the ways in which cleavages created by the war informed local politics for decades after the conflict's conclusion Moreover the book moves toward a more nuanced understanding of the realities and effects of counterinsurgency warfare Based on archival research in Kenya and the United Kingdom and insights from literature from across the social sciences the book reconstructs the dilemmas facing members of society at war with itself and its colonial ruler **Gender** Susan Kingsley Kent, 2021 Gender exists in almost every society as a way of organizing its people Gender is used to assign certain responsibilities obligations and privileges to some and to deny them to others In Gender A World History Susan Kingsley Kent tells the story of this seemingly simple but in fact quite complex concept With historical perspective she critically examines our everyday understandings of women and men masculinity and femininity and sexual difference in general Central to this account is the conviction that gender is neither natural nor innocent What passes for masculinity and femininity in one society might not do so in another Even the passing of time can change what gender looks like in a particular culture Thinking about the history of gender can also shed light on other types of relations such as those between a government and its people between different social classes and between a

colony and its colonizer Ranging from prehistory to the present this book presents a chronological picture of gender across the globe From Hatshepsut and the rise of patriarchy in the ancient world to the Bushido code of the samurai in wartime to Susan B Anthony and the women s rights movement in the United States to the gay and trans rights movements of today the force of gender in world history cannot be denied The Autobiography of Medgar Evers Myrlie Evers-Williams, Manning Marable, 2006-08-29 On the evening of June 12 1963 the day President John F Kennedy gave his most impassioned speech about the need for interracial tolerance Medgar Evers the NAACP s first field secretary in Mississippi was shot and killed by an assassin s bullet in his driveway The still smoking gun bearing the fingerprints of Byron De La Beckwith a staunch white supremacist was recovered moments later in some nearby bushes Still Beckwith remained free for over thirty years until Evers s widow finally forced the Mississippi courts to bring him to justice The Autobiography of Medgar Evers tells the full story of one the greatest leaders of the civil rights movement bringing his achievement to life for a new generation Although Evers s memory has remained a force in the civil rights movement the legal battles surrounding his death have too often overshadowed the example and inspiration of his life Myrlie Evers Williams and Manning Marable have assembled the previously untouched cache of Medgar s personal documents writings and speeches These remarkable pieces range from Medgar s monthly reports to the NAACP to his correspondence with luminaries of the time such as Robert Carter General Counsel for the NAACP in the landmark Brown v Board of Education case Most important of all are the recollections of Myrlie Evers combined with letters from her personal collection These documents and memories form the backbone of *The Autobiography of Medgar Evers* a cohesive narrative detailing the rise and tragic death of a civil rights hero *The Politics of Historical Memory and Commemoration in Africa* Cassandra Mark-Thiesen, Moritz Mihatsch, Michelle Sikes, 2021-12-06 Essays in Memory of Jan Georg Deutsch The volume observes some of the principles that drove Prof Jan Georg Deutsch s research highlighting present day politics for the way they shape historical remembrance learning from people on the ground through fieldwork and oral history and bringing various parts of the African continent into discussion with one another From Cape Town to Charlottesville many societies are grappling with historical consciousness and the production of public memory In particular how and why societies remember and forget what should serve as symbols of collective memory and whether there exists space for multiple memory cultures are questions being vigorously debated once again These discussions present particular challenges not only to official memory bound to ideological constructions of nationhood but also to the teaching of history and its links to social justice movements The volume re centres Africa and African history in memory studies with each chapter drawing parallels to comparable cases in Africa and the world An underlying assumption is that what can be learned from the politics of historical memory in Africa will have relevance for contemporary politics globally and for understanding how memories can be mobilised for political ends Ethnicity and Empire in Kenya Myles Osborne, 2014-08-29 This work analyses the ethnicity in Kenya over the past two hundred years focusing on the Kamba ethnic

group that inhabits eastern Kenya **Histories of the Aftermath** Frank Biess, Robert G. Moeller, 2010-07-01 In 1945 Europeans confronted a legacy of mass destruction and death millions of families had lost their homes and livelihoods millions of men in uniform had lost their lives and millions more had been displaced by the war's destruction and the genocidal policies of the Nazi regime From a range of methodological historical perspectives military cultural and social to film and gender and sexuality studies this volume explores how Europeans came to terms with these multiple pasts With a focus on distinctive national experiences in both Eastern and Western Europe it illuminates how postwar stabilization coexisted with persistent insecurities injuries and trauma **Wildlife between Empire and Nation in**

Twentieth-Century Africa Jeff Schauer, 2018-12-04 This book traces the emergence of wildlife policy in colonial eastern and central Africa over the course of a century Spanning from imperial conquest through the consolidation of colonial rule the rise of nationalism and the emergence of neocolonial and neoliberal institutions this book shows how these fundamental themes of the twentieth century shaped the relationships between humans and animals in what are today Kenya Tanzania Uganda Zambia and Malawi A set of key themes emerges changing administrative forms militarization nationalism science and a relentlessly broadening constituency for wildlife Jeff Schauer illuminates how each of these developments were contingent upon the colonial experience and how they fashioned a web of structures for understanding and governing wildlife in Africa one which has lasted into the twenty first century
