Maurice Thorez Vie Secrete Et Vie Publique:

Maurice Thorez. Vie secrete et vie publique Philippe Robrieux,1975 Maurice Thorez John Bulaitis,2018-04-30
Maurice Thorez 1900 1964 was a major figure in the history of twentieth century France and European Communism for over three decades Under his leadership the French Communist Party PCF became France s largest political party and one of the most important communist parties in the West Born in a mining village Thorez left school at the age of 12 and would go on to helm the PCF in a rapid rise that paralleled Stalin s consolidation of power in the Soviet Union After World War II he became a minister and briefly deputy prime minister before the Cold War excluded communists from political power The PCF became known as the party of Maurice Thorez as a leader cult around Thorez was created that mirrored the cult of personality around Stalin This book is based on a wealth of original source material including Thorez s diaries and notebooks John Bulaitis outlines how Thorez s political life intersected with and was shaped by key historical events At its heart the book explores the paradox of the mass communist movement in France its ability to fuse attachment to the French nation with fervent loyalty to the Soviet Union and Stalinist practices , International Communism and the Cult of the Individual
Kevin Morgan,2016-12-28 This book explores how the communist cult of the individual was not just a Soviet phenomenon but an international one When Stalin died in 1953 the communists of all countries united in mourning the figure that was the incarnation of their cause Though its international character was one of the distinguishing features of the communist cult of personality this is the first extended study to approach the phenomenon over the longer period of its development in a truly transnational and comparative perspective Crucially it is concerned with the internationalisation of the Soviet cults of Lenin and Stalin But it also ranges across different periods and national cases to consider a wider cast of bureaucrats tribunes heroes and martyrs who symbolised both resistance to oppression and the tyranny of the party state Through studying the disparate ways in which the cults were manifested Kevin Morgan not only takes in many of the leading personalities of the communist movement but also some of the cultural luminaries like Picasso and Barbusse who sought to represent them The cult of the individual was one of the most fascinating troubling and revealing features of Stalinist communism and as reconstructed here it offers new insight into one of the defining political movements of the twentieth century *The French and Italian Communist Parties* Cyrille Guiat,2004-08-02 This volume is a systematic comparative study of the French and Italian Communist parties in the period from the early 1960s to the early 1980s **The Cold War and Soviet Insecurity**
Vojtech Mastny,1998-10-08 In this long awaited sequel to his acclaimed Russia s Road to the Cold War 1979 Vojtech Mastny offers a thorough history of the early years of the Cold War drawing upon his extensive research in newly opened Soviet archives Just as the earlier volume offered the definitive portrait of Joseph Stalin s foreign policy during World War II The Cold War and Soviet Insecurity affords readers an equally superb account of Stalin s foreign policy during his last years Combining important new data with the fascinating insights of one of our leading authorities on Soviet affairs this book
