Maverick Frank Corsaro,1978 The Oxford Handbook of Opera Helen M. Greenwald,2014 What IS opera Contributors to The Oxford Handbook of Opera respond to this deceptively simple question with a rich and compelling exploration of opera's adaption to changing artistic and political currents Fifty of the world's most respected scholars cast opera as a fluid entity that continuously reinvents itself in a reflection of its patrons audience and creators The synergy of power performance and identity recurs thematically throughout the volume's major topics Words Music and Meaning Performance and Production Opera and Society and Transmission and Reception Individual essays engage with repertoire from Monteverdi Mozart and Meyerbeer to Strauss Henze and Adams in studies of composition national identity transmission reception sources media iconography humanism the art of collecting theory analysis commerce singers directors criticism editions politics staging race and gender The title of the penultimate section Opera on the Edge suggests the uncertainty of opera's future is opera headed toward catastrophe or have social and musical developments of the last hundred years stimulated something new and exciting and well operatic In an epilogue to the volume a contemporary opera composer speaks candidly about opera composition today The Oxford Handbook of Opera is an essential companion to scholars educators advanced students performers and knowledgeable listeners those who simply love opera The Real James Dean Peter L. Winkler,George Stevens,2016-08-01 In the decades following his death many of those who knew James Dean best actors directors friends lovers both men and women photographers and Hollywood columnists shared stories of their first person experiences with him in interviews and in the articles and autobiographies they wrote Their recollections of Dean became lost in fragile back issues of movie magazines and newspapers and in out of print books that are extremely hard to find Until now The Real James Dean is the first book of its kind a rich collection spanning six decades of writing in which many of the people whose lives were touched by Dean recall their indelible experiences with him in their own words Here are the memorable personal accounts of Dean from his high school and college drama teachers the girl he almost married costars like Rock Hudson Natalie Wood Jim Backus and Raymond Massey directors Elia Kazan Nicholas Ray and George Stevens entertainer Eartha Kitt gossip queen Hedda Hopper the passenger who accompanied Dean on his final fatal road trip and a host of his other friends and colleagues **Frederick Delius** Mary Christison Huismann,2012-07-26 Frederick Delius is among the most celebrated English composers of the 20th century Widely studied and performed his works are considered models of the British impressionist school and continue to fascinate students and scholars centuries later This research guide serves as a ready reference for students and scholars but will also be interesting to read and useful for anyone who wants to know where to begin to learn more about this important composer The Magic of Beverly Sills Nancy Guy,2015-10-15 With her superb coloratura soprano passion for the world of opera and down to earth personality Beverly Sills made high art accessible to millions from the time of her meteoric rise to stardom in 1966 until her death in 2007 An unlikely pop culture phenomenon

Sills was equally at ease on talk shows on the stage and in the role of arts advocate and administrator Merging archival research with her own love of Sills's music Nancy Guy examines the singer actress's artistry alongside the ineffable aspects of performance that earned Sills a passionate fandom Guy mines the memories of colleagues critics and aficionados to recover something of the spell Sills wove for people on both sides of the footlights during the hot moments of onstage performance At the same time she analyzes essential questions raised by Sills's art and celebrity How did Sills challenge the divide between elite and mass culture and build a fan base that crossed generations and socio economic lines Above all how did Sills capture the unnameable magic that joins the members of an audience to a performer and to one another Intimate and revealing *The Magic of Beverly Sills* explores the alchemy of art magnetism community and emotion that produced an American icon
