**Fortunes of Everyman in Twentieth-century German Drama** Brian Murdoch, 2022 Death still comes to Everyman but this study of three twentieth century German plays shows the harder challenge of living without salvation in an age of war and unprecedented mass destruction Death comes to everyone and in the late medieval morality play of Everyman the familiar skeleton forces the universalized central figure to come to terms with this Only his inner resources in the forms of Good Deeds and Knowledge ensure that he repents and is redeemed Three important twentieth century German plays echo Everyman Toller's Hinkemann Borchert's The Man Outside and Frisch's The Arsonists Firebugs but the unprecedented scale of killing in the First and Second World Wars changed the view of death while in the Cold War the nuclear destruction literally of everyone became a possibility Brian Murdoch traces the heritage of Everyman in the three plays in terms of dramatic effect changes in the image of Death and especially the problem of living with existential guilt Death now overfed still has to be faced but Everyman has the harder problem of living with the awareness of human wickedness without the possibility of salvation All three plays have tended to be viewed in their specific historical contexts but by viewing them less rigidly and as part of a long dramatic tradition Murdoch shows that all present a message of lasting and universal significance They pose directly to the theater audience questions not just of how to cope with death but how to cope with life

**Ethnic Drag** Katrin Sieg, 2023-06-20 The Holocaust is considered a singularly atrocious event in human history and many people have studied its causes Yet few questions have been asked about the ways in which West Germans have forgotten unlearned or reconstructed the racial beliefs at the core of the Nazi state in order to build a democratic society This study looks at ethnic drag Ethnomaskerade as one particular kind of performance that reveals how postwar Germans lived disavowed and contested Germanness in its complex racial national and sexual dimensions Using engaging case studies Ethnic Drag traces the classical and travestied traditions of Jewish impersonation from the eighteenth century onward to construct a pre history of postwar ethnic drag It examines how shortly after World War II mass culture and popular practices facilitated the repression and refashioning of Nazi racial precepts During a time when American occupation authorities insisted on remembrance and redress for the Holocaust the Wild West emerged as a displaced theater of the racial imagination where the roles of victim avenger and perpetrator of genocide were reassigned Ethnic Drag is an accessible and sophisticated critical and entertaining book that examines the phenomenon of cultural masquerade in order to examine racial feeling thought and behavior in postwar German culture Contributing to considerations of drag in postcolonial feminist and queer scholarships this book will be of interest to people in German studies theater performance ethnic studies and women's queer studies Katrin Sieg is Associate Professor Department of German and Center for German and European Studies Georgetown University

**Volume 19, Tome III: Kierkegaard Bibliography** Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced

scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tmes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tmes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies
