*All about Vee C. Leigh* Purtill, 2008

When her father finally sets a wedding date, eighteen-year-old Veronica convinces her best friends to head for Los Angeles to try to make their dreams come true, but her weight and inexperience make it hard for the aspiring actress even to get auditions.

**Garden** Matthew Costello, 2018-02-03 In Matthew Costello's classic horror novel *Wurm*, a life form is raised from the ultimate depths, a creature that exists under near-alien conditions of intense heat, poison, and deadly gases. And when released, humanity learns that this twisted form of life is also the ultimate parasite. And in the end, even when it seems that the spread of this worm-like parasite has been stopped, we know it hasn't. Now five years later in *Garden*, what was feared has turned into fact. The world is a changed place. Shorelines and open water are all strictly out of bounds, patrolled by soldiers who are ordered to shoot to kill. But yet the parasite continues to spread, to transform the humans it infects, to turn Earth with a relentless spreading plague, the Garden of Eden, that is the planet from a garden to a hell. And now, with hopelessness replacing all hope, there is perhaps one last chance to stop it. And even that chance may be coming too late.

*On Cassette*, 1990

**This Body** Laurel Doud, 2009-09-26 An unforgettable story of reincarnation and redemption in which a middle-aged woman relives her life in the body of a 22-year-old drug addict, this book signals an astonishing debut from an original writer.

**The Night Strangers** Chris Bohjalian, 2011 From the bestselling author of *The Double Bind*, *Skeletons at the Feast*, and *Secrets of Eden* comes a riveting and dramatic ghost story. In a dusty corner of a basement in a rambling Victorian house in northern New Hampshire, a door has long been sealed shut with 39 six-inch-long carriage bolts. The home's new owners are Chip and Emily Linton and their twin, ten-year-old daughters. Together, they hope to rebuild their lives there after Chip, an airline pilot, has to ditch his 70-seat regional jet in Lake Champlain after double engine failure. Unlike the *Miracle on the Hudson*, however, most of the passengers aboard Flight 1611 die on impact or drown. The body count: thirty-nine. A coincidence not lost on Chip when he discovers the number of bolts in that basement door. Meanwhile, Emily finds herself wondering about the women in this sparsely populated White Mountain village: self-proclaimed herbalists and their interest in her fifth-grade daughters. Are the women mad? Or is it her husband, in the wake of the tragedy, whose grip on sanity has become desperately tenuous? The result is a poignant and powerful ghost story with all the hallmarks readers have come to expect from bestselling novelist Chris Bohjalian: a palpable sense of place, an unerring sense of the demons that drive us, and

characters we care about deeply The difference this time Some of those characters are dead
