*Words on Cassette*, 2002 R R Bowker Publishing, 2002 Negotiations of Gender and Property through Legal Regimes (14th-19th Century) ,2021-04-26 This volume explores familial wealth arrangements and gendered property from the fourteenth to the nineteenth centuries in Italian German and Austrian territories including Florence Trento Tyrol and Vienna Nordic countries Western Pyrenees and England Family property as capital in the form of houses land movables financial assets and rights were of great importance in the past Arrangements of such property were characterised by a high degree of negotiating competence but likewise they entailed competition between the parties involved and were highly conflict prone Fifteen contributors from Austria Finland France Germany Italy and the UK address different marital property regimes in relation to the practices and legal regulations of inheritance patterns with consideration to inter familial negotiation conflict and resolution Contributors are Marie Pierre Arrizabalaga Laura Casella Isabelle Chabot Siglinde Clementi Simona Feci Ellinor Forster Andrea Griesebner Christian Hagen Margareth Lanzinger Janine Maegraith Silvia Mattivi Beatrice Moring Craig Muldrew Regina Sch fer and Georg Tschannett **The English Woman in History** Doris Stenton, 2022-03-29 First published in 1957 The English Woman in History displays the place women have held and the influence they have exerted within the changing pattern of English society Ever since the days of Queen Elizabeth I the position of women in English

society has been a matter of general debate In the seventeenth century many men produced books in praise of women following the example of Thomas Heywood Most of these books were devoted to the praises of individual women but their authors generally produced arguments against subjection of all women to the unthinking dominance of men While married women were still legally subject to their husbands and no women were allowed to take part in public affairs it was impossible to write objectively about women s place in the world The women who at the end of the seventeenth century began to write were generally fired by a sense of injustice and men tended to write condescendingly of charm and beauty which interested them more than intelligence and wit Now that women are bearing public responsibilities with success it is possible for historians to look back dispassionately over the centuries and trace the stages by which this position has been won It is a survey of this nature which Lady Stenton has attempted in this book This is a must read for students and scholars of women s history gender studies and women s movement

**You and Your Aging Parent** Barbara Silverstone, Helen Kandel Hyman, 2008-02-27 First published in 1976 You and Your Aging Parent is a classic the first book to shed light on the challenging relationship between adult children and their aging parents illuminating the emotional health and financial difficulties that elderly parents and their children face during the senior years Marking the 30th anniversary of this highly popular book the new and revised edition addresses the changes that have taken place in the last three decades but it still embraces the authors fundamental insight that the difficulties and challenges of the aging process are as much a family affair as in any other phase of life Both a sensitive exploration of the dynamics of the aging family relationship between parent and child and sibling and sibling and an authoritative how to guide for seniors and their families navigating the practical problems of growing old in America You and Your Aging Parent has been thoroughly updated to reflect the latest research findings and changes affecting older adults including in health care and social services The book also includes a running commentary by Bob Morris playwright author and humorist who provides insightful and entertaining observations about his trials and tribulations with his own parents as they aged serving as a contemporary voice for the middle aged caregiver of today As the first of the baby boom generation turns 60 and their increasingly frail parents approach late retirement and final decline this new and updated edition of You and Your Aging Parent will answer their need for authoritative practical information about this major phase of life

Nordic Inheritance Law through the Ages, 2020-07-13 Nordic Inheritance Law through the Ages Spaces of Action and Legal Strategies explores the significance of inheritance law from medieval times to the present through topical and in depth studies that bring life to historical and contemporary inheritance practices The contributions cover three themes status of persons and options in the process of property devolution wills gift giving and legal disputes as means to shape the working of the law processes of inheritance legislation The authors focus on instances where legal strategies of various actors particularly reveal inheritance law as a contested and yet constrained space of action and somewhat surprisingly show similar solutions to family law issues dealt with in other Western European countries
