Maximize Your Christian Education Facilities:

Maximize Your Christian Education Facilities Keith Heermann, 1980 **Christian Education** Robert E. Clark, Lin Johnson, Allyn K. Sloat, 1991-10-22 Whether in the home or in the church or in a Christian school the challenge of contemporary Christian educators is to meet the academic needs of students while remaining unswerving in adherence to biblical principles Christian Education Foundations for the Future introduces you to the basics of a healthy Christian education program then takes you beyond showing you how to develop a fresh innovative Christian education program that will revitalize your church home or school **God, Grades, and Graduation** Ilana M. Horwitz, 2022 This book tells a story about the surprising ways in which a religious upbringing shapes the academic pathways for teens of different gender and class backgrounds It shows how the attitudes and outlook of Christian teens who organize their life around their belief in God carries over to the academic realm On the one hand religious teens especially working class boys earn better grades and complete more years of college than their non religious peers On the other hand middle upper class teens especially girls wind up choosing to attend less selective colleges than their peers with similar grades Possess the Vision Joseph Gordon, 2005-05 A man lives through death and the terror of Golgotha hell the devil and the lake of fire and brimstone Read how God saves him from these things and delivers him from the judgment seat of Christ God then shows him His vision for the church the bride of Christ See the first sun rise of the new earth and witness the brides marriage to the Lamb Learn all the prophetic messages that proclaim possess the vision **Contagious Generosity** Chris Willard, Jim Sheppard, 2012-07-03 The general practices related to church funding aren't producing the same results they have in the past There is a general acceptance that something has changed but little talk or interest is coming from traditional church leader training sources such as denominational entities and seminaries Pastors are largely left to their own devices to figure this out They need a lifeline While some churches are experiencing exponential growth some churches despite their best efforts have been unsuccessful at moving beyond survival mode Coupled with increased competition from other nonprofits and a decline in the commitment to give to the church first churches risk losing the funding they need A growing number of leaders are beginning to discover there is another way and are struggling to understand what makes one church generous and another not There is a need in the market to offer a simple working definition of generosity and reveal the secrets some church leaders seem to have simply stumbled upon which are resulting in unexplainable ministry growth and unprecedented church funding even in the midst of tough economic times The content of this material was developed and refined by Jim Sheppard and Chris Willard through years of ministry leadership in the local church consulting with church leaders across a broad spectrum of church settings and through participation in and leadership of the Generous Church Leadership Community facilitated by Leadership Network Of particular benefit will be the collection of observations and best practices gleaned during the Generous Church Leadership Community that originated within real life church leadership situations and
