Gallivan,2002 An index to children s craft books published since 1991 Provides a guide to craft instructions alphabetically by project or by type of material used *Webb City* Harve E. Rawson,2001-04-04 A psychologist authored this nostalgic look at a small Ozark town Webb City Missouri from the depths of the Great Depression to the end of the Post World War II Era It is a beautiful tribute and affirmation of so called middle America and small town values and attempts to demonstrate how small interactions in a childs life make a tremendous difference The story is unique the tales are told as seen through the eyes of a perky bright rather independent red haired boy who finds out for himself the good and bad of people examines the values people use to give meaning to their lives explores the deep prejudices and hero worship that hinder their growth and most importantly discovers that most people are on your side when the going gets rough The ugliness of the Great Depression the chronic unemployment the hunger the feelings of worthlessness the poor health the absolute despair is the setting for the first part of

the story as Ozarkians struggle to survive and retain human dignity in the process Neighbors help each other simply because they know they may be the next to need help employment is shared because it is dignifying self reliance is given the highest priority but schooling and learning is never neglected On the contrary it is given new importance as the way out of this mess World War II eventually effects even this remote little town in the Ozarks The unemployment crises ends but the town sacrifices its best to the Armed Services its minerals are exploited callously without environmental regard and new prejudices emerge with are damaging to all The end of the War brings much greater material prosperity but the old social order is rapidly collapsing Rigid racial segregation becomes untenable families are moving to new opportunities and technology threatens many social institutions which once seemed to serve so well Within this background the author relates those childhood experiences that shaped him as an adult Each family member each neighbor each job each institution each friend all molded his character and all taught him valuable lessons for dealing with both personal and professional life This is a collection of parables It is not an autobiography It is not a book of nostalgia It is not a history of the Depression or World War II It is not a history of Webb City It is a series of tales teaching tales that show how sometimes seemingly small incidents in a child's life can change them forever It also clearly demonstrates that we are always affecting others by what we do especially children The parables cover altruism avarice selflessness sharing sacrifice giving self centeredness devotion loyalty concern patriotism love of learning poverty poor health unemployment racial and religious prejudice insensitivity callousness religious beliefs greed and quite a few other human foibles and strengths This book part of the Tales of the Ozarks series contains material from some events of Webb City over 50 years ago including references to actual places people and events it must be read as a work of reimagined memory which is as we all know a form of fiction Certain historical facts sequencing of events peoples motives and intents and even dialogue may not be accurate A companion CD of these tales and others entitled Tales of the Ozarks will soon be available

Jailhouse Stories Neil Haugerud, 1999 In the 1950s and 60s Neil Haugerud served as sheriff of Fillmore County in southeastern Minnesota During this time he and his wife and their four small children made their home in the building that housed the county jail In Jailhouse Stories Haugerud describes what it was like to live above a prison where jailbirds and jailbreaks were part of family life These are the reminiscences of a real life Andy Griffith character a man dedicated to maintaining order during both peaceful and turbulent days in rural America Through the author we meet colorful characters on both sides of the law for example Doc Nehring the county coroner who uses dark humor to get through the grim duties of his job and Irvin Johnson who becomes the sheriff's friend despite his constant drinking and incarceration Stories of domestic squabbles and infidelity are mixed with those of church functions and child rearing Throughout the stories runs Haugerud's compassionate outlook on human nature I came to understand how people make a lot of mistakes but in my view there are very few bad people he writes The town where Haugerud lives is part Mayberry part Twin Peaks We get a glimpse into the lives of the town's citizens whose problems range

from the ordinary to the offbeat to the downright bizarre In stories that are by turns heartwarming and sad humorous and humane Jailhouse Stories tells of the trials tribulations and pleasures of rural law enforcement during a bygone era **Mary Emma & Company** Ralph Moody,1994-01-01 The protagonist Mary Emma Moody widowed mother of six has taken her family east in 1912 to begin a new life Her son Ralph then thirteen recalls how the Moodys survive that first bleak winter in a Massachusetts town Money and prospects are lacking but not so faith and resourcefulness Mother in Little Britches and Man of the Family Mary Emma emerges fully as a character in this book and Ralph no longer called Little Britches comes into his own The family s run ins with authority and with broken furnaces in winter are evocative of a full and warm family life Mary Emma Company continues the Moody saga that started in Colorado with Little Britches and runs through Man of the Family and The Home Ranch All these titles have been reprinted as Bison Books as has The Fields of Home in which Ralph leaves the Massachusetts town for his grandfather s farm in Maine **Primary Education** ,1905 *The Perry Magazine* ,1900

Rupert Nelson, 2005-10-13 *Like The Rings Of a Tree* tells a life story of a boy who grew to manhood during a turbulent time in American history. The story begins in rural South Dakota during the drought and depression years of the 1930s. World War II involved family members in that conflict and changed American life forever. The day by day work on Midwestern farms of that era is described by someone who has worked with horses, harvested grain, picked corn by hand, made hay and survived winter blizzards. Military service by a draftee caught up in the Korean War is related. The author takes us to life in tents, death and destruction, and the searing experience of seeing homeless, freezing and starving children. Those events resulted in a life-changing experience. An encounter with institutionalized racism is noted as the author and his fiancée find they cannot be married in South Dakota, which like many states at that time forbade interracial marriages. They were married in a neighboring state because the author's bride was an American citizen of Chinese ancestry. Several chapters describe the region and people in Northeast Montana where the author worked for the Montana Agricultural Extension Service on the Fort Peck Indian Reservation and how a Lakota baby girl became their first child. This life story of accumulated experiences, *Like Rings Of A Tree*, depicts some aspects of American history through the memoir of one ordinary person. *Public School Methods*, 1909. *All Around the Year* Jack Santino, 1995. Whether they're decorating Easter trees or celebrating Wagner's birthday by playing recordings of his Ring cycle operas and incinerating a model of Valhalla on an outdoor barbecue to the closing strains of Gotte's *Der Ring des Nibelungen*, Americans know both how to create and how to celebrate holidays. Jack Santino's guide to such frivolity is a wonderfully readable exploration of holidays, periods of festivity and life cycle rituals and celebrations. Santino draws on history, anthropology, popular culture and folklore to show the intricate relationships between holidays and the roles that celebrations and rituals play in people's lives. **Housewives League Magazine**, 1916.
