**Boundaries** Maya Lin, 2016-04-26 Renowned artist and architect Maya Lin's visual and verbal sketchbook a unique view into her artwork and philosophy Walking through this parklike area the memorial appears as a rift in the earth a long polished black stone wall emerging from and receding into the earth Approaching the memorial the ground slopes gently downward and the low walls emerging on either side growing out of the earth extend and converge at a point below and ahead Walking into the grassy site contained by the walls of this memorial we can barely make out the carved names upon the memorial's walls These names seemingly infinite in number convey the sense of overwhelming numbers while unifying these individuals into a whole So begins the competition entry submitted in 1981 by a Yale undergraduate for the design of the Vietnam Veterans Memorial in Washington D C subsequently called as moving and awesome and popular a piece of memorial architecture as exists anywhere in the world Its creator Maya Lin has been nothing less than world famous ever since From the explicitly political to the unashamedly literary to the completely abstract her simple and powerful sculpture the Rockefeller Foundation sculpture the Southern Poverty Law Center Civil Rights Memorial the Yale Women's Table Wave Field her architecture including The Museum for African Art and the Norton residence and her protean design talents have defined her as one of the most gifted creative geniuses of the age Boundaries is her first book an eloquent visual verbal sketchbook produced with the same inspiration and attention to detail as any of her other artworks Like her environmental sculptures it is a site but one which exists at a remove so that it may comment on the personal and artistic elements that make up those works In it sketches photographs workbook entries and original designs are held together by a deeply personal text Boundaries is a powerful literary and visual statement by a leading public artist Holland Carter It is itself a unique work of art

**Boots on the Ground** Elizabeth Partridge, 2018-04-10 Partridge proves once again that nonfiction can be every bit as dramatic as the best fiction America's war in Vietnam In over a decade of bitter fighting it claimed the lives of more than 58 000 American soldiers and beleaguered four US presidents More than forty years after America left Vietnam in defeat in 1975 the war remains controversial and divisive both in the United States and abroad The history of this era is complex the cultural impact extraordinary But it's the personal stories of eight people six American soldiers one American military nurse and one

Vietnamese refugee that create the heartbeat of Boots on the Ground From dense jungles and terrifying firefights to chaotic helicopter rescues and harrowing escapes each individual experience reveals a different facet of the war and moves us forward in time Alternating with these chapters are profiles of key American leaders and events reminding us of all that was happening at home during the war including peace protests presidential scandals and veterans struggles to acclimate to life after Vietnam With more than one hundred photographs award winning author Elizabeth Partridge s unflinching book captures the intensity frustration and lasting impacts of one of the most tumultuous periods of American history Kirkus Reviews starred review of *Marching for Freedom* Dialogues in Public Art Tom Finkelpearl,Vito Acconci,2000 Examining the changing attitudes toward the city as the site for public art **Creating the Vietnam Veterans Memorial** Robert W.
