The Surgical & Medical History of the Naval War Between Japan & China Yasuzumi Baron Saneyoshi, 1901 *The Surgical History of the Naval War Between Japan & China During 1894-95* Japan Navy Department, 1900

The Surgical & medical history of the naval war between Japan & China during 1894-95 Yasuzumi Saneyoshi, 1901 *In Search of Maya Sea Traders* Heather Irene McKillop, 2005 Stone temples rising above the rainforest canopy and elaborate hieroglyphs carved onto stone monuments give silent

testimony to the high culture of the Maya ancestors of the indigenous peoples of Central America They have inspired generations of archaeologists professional and avocational to take to the field in search of the past One such archaeologist is Heather McKillop who in 1979 first visited the coast of Belize in search of a little known aspect of ancient Maya life the sea trade that helped move salt obsidian coral and other goods around the interior of the empire In 1982 she began bringing volunteers and students to the islands off the coast of Port Honduras Belize Since then she has returned many times to excavate sites that reveal the scope and diversity of the trade that passed by water throughout the Maya world In this book McKillop tells the story of the search for the Maya sea traders as well as the story of the traders themselves as it emerges from the excavations In Search of Maya Sea Traders describes the trading port of Wild Cane Cay where exotic obsidian jade gold and other goods including highly crafted pots were traded from distant lands McKillop also tells us about the more coastal inland trade of salt seafood and other marine resources Through the story of her own work and that of her students and volunteers McKillop models both the research design and the field work that are required to interpret the civilizations of the past She includes the adventure of discovery the challenges of working in wild environments from snakes and rising sea levels to falling coconuts and the tedium of daily measured digs in a near tropical setting Through her experiences the reader also gets to know some of the local residents of Port Honduras and Wild Cane Cay descendants of the ancient Maya In Search of Maya Sea Traders will appeal to that part of each of us that longs to explore distant places and cultures in quest of a seldom glimpsed past

Uluru Rising Jeff Todd, 2011-10-24 What happens when an alien probe strikes the earth in the Arizona desert What happens when rock hounds college students and the US Army confront this probe What happens when religious zealots trek to the alien with hopes for salvation An Australian shaman foresees that the Earth will change And he sees that Uluru will rise Can humankind adapt Or must they resist Down under the Earth is carved until the land itself becomes a weapon Can we handle a second invasion A team of American scientists and soldiers work to understand then protect us from what they find Like termites in search of their next meal humans must address their limitations in a world gone mad Uluru will rise

The Controversial Mayan Queen Leonide Martin, 2017-04 A MOTHER AND SON FIGHT TO PRESERVE THEIR DYNASTY Sak K uk the daughter of the first ruler of a powerful Mayan city faces rebellious nobles and spiritual crisis in her city following a devastating enemy attack The sacred portal to the Gods is desecrated temples and crops destroyed and the was ruler killed With her city in chaos and leaderless Sak K uk undertakes a perilous Underworld journey to seek help After encountering the Underworld Goddess Sak K uk rises above the opposition and holds the throne for her young son She knows that a Mayan prophecy foretold her son s destiny to become ruler The intense trials of mother and son forge a special bond that proves both a blessing and a curse Enter the ancient Mayan world of jungle draped stone cities with soaring pyramids and broad plazas gleaming in tropical sun Experience the turbulent court intrigue wrapped in dazzling rituals common to the bizarre Maya Underworld Follow the story of this strong willed young ruler as she and her son battle

to restore their city to greatness at any cost The author has great skills at world building and crafting a fantasy story that will keep the reader engaged and entertained from cover to cover Great author voice and writing style an entertaining mix Writer s Digest **Popol Vuh** ,1996 One of the most extraordinary works of the human imagination and the most important text in the native languages of the Americas Popul Vuh The Mayan Book of the Dawn of Life was first made accessible to the public 10 years ago This new edition retains the quality of the original translation has been enriched and includes 20 new illustrations maps drawings and photos **Belize** Hum Hennessy,2003 Insight Guides the world s largest visual travel guide series in association with Discovery Channel the world s premier source of nonfiction entertainment provides more insight than ever From the most popular resort cities to the most exotic villages Insight Guides capture the unique character of each culture with an insider s perspective Inside every Insight Guide you ll find Evocative full colour photography on every page Cross referenced full colour maps throughout A brief introduction including a historical timeline Lively essays by local writers on the culture history and people Expert evaluations on the sights really worth seeing Special features spotlighting particular topics of interest A comprehensive Travel Tips section with listings of the best restaurants hotels and attractions as well as practical information on getting around and advice for travel with children FCC Record United States. Snell,2022-12-09 This collection of essays written by some of the foremost historians in the field of Coast Guard history highlights the wartime roles played by the United States oldest federal maritime service from its inception through the last decade of the twentieth century The Fighting Coast Guard features three distinct sections Beginnings which includes a short overview of the US Revenue Cutter Service the USCG s primary forerunner established in 1790 and two chapters on World War I Conflagration the role of the USCG during the World War II era and The Cold War and Beyond an assessment of the Coast Guard s participation in the Korean Conflict the Vietnam War and the Persian Gulf War of 1991 The Fighting Coast Guard is a significant contribution to the limited historiography of the

Coast Guard and a critical analysis of various wartime roles undertaken by the Coast Guard during America's twentieth century conflicts. Because the Coast Guard operated as part of the Department of the Navy during the two world wars its service and history is often overlooked or enveloped by the larger service while the USCG's limited participation in cold and hot wars since 1945 is often ignored altogether. This anthology provides readers with a solid overview while highlighting some of the service's most important contributions as a combatant force. This definitive study of the role of the US Coast Guard in wartime from its modern inception in 1915 through the end of the twentieth century is long overdue and will shed new light on America's smallest military service.

Certain Antiquities of Eastern Mexico Jesse Walter Fewkes, 1907

Perspectives on the Ancient Maya of Chetumal Bay Debra S. Walker, 2016-10-04 Brings novel synthetic insight to understanding a region that was a hub of waterborne trade and an important locus of production for some of the Maya's most valued crops. Cynthia Robin, author of *Everyday Life Matters: Maya Farmers at Chan*. This one of a kind volume shows us how important this region was to the ancient Maya with detailed and vivid descriptions of sociopolitical and economic organization and their relation to the unique landscape and geography of Chetumal Bay. Laura J. Kosakowsky, author of *Preclassic Maya Pottery at Cuello, Belize*. Chetumal Bay is central to discussions of ancient Maya politics, warfare, economy, exchange, and communication because of its unique location. Although the ancient Maya invested prodigious amounts of labor in the construction of road systems called *sacbeob* for communication and trade, recent archaeological discoveries around Chetumal Bay in both Belize and Mexico reveal an economic alternative to these roads: an extensive network of riverine and maritime waterways. Focusing on sites ringing the bay such as Cerro Maya, Oxtankah, and Santa Rita Corozal, the contributors to this volume explore how the bay and its feeder rivers affected all aspects of Maya culture from settlement, food production, and the production and use of special goods to political relationships and social organization. Besides being a nexus for long distance exchange in valuable materials such as jade and obsidian, the region was recognized for its high quality agricultural produce including cacao, achiote, vanilla, local fruits, honey, and salt, and for its rich marine environment. The Maya living on the fringes of the bay perceived the entire region as a single resource procurement zone. Waterborne trade brought the world to them, providing a wider horizon than would have been available to inland cities dependent only on Maya roads for news of the world. The research reveals that trade relations played a central role in the organization of human social life on Chetumal Bay. Contributors: James Aimers, Timothy Beach, Clifford Brown, Beverly A.
