Mayan Vision Quest Cynthia MacAdams, Hunbatz Men, Charles Bensinger, 1991 Mayan spirituality is captured in photographs of ruins and ceremonial sites      Mayan Visions June C. Nash, 2002-09-11 A significant work by one of anthropology's most important scholars this book provides an introduction to the Chiapas Mayan community of Mexico better known for their role in the Zapatista Rebellion      **Beyond the Mayan Prophecy** Paul Shavelson, 2012-10-30 Featuring contributors such as John Edward Char Margolis Sandy Anastasia Rick Levine Glynis McCants Mark Van Stone Mary Jo McCabe Gahl Sasson Dr Alicia Tisdale Maggie Kerr Kala Ambrose Mirabai Devi Linda West Derek O'Neill Alan Oken John Holland and Austyn Wells For the past forty years there have been a growing number of people who believe that nothing less than a cataclysmic change is coming in the evolution of Mankind From the dawning of the Age of Aquarius to cosmic forces read Aliens coming to engineer our DNA to the doomsday scenarios triggered by the end of the Mayan calendar there have been those who are sure that the world as we know it is coming to an end And soon But that cataclysmic end has not de materialized or has it In 2012 new data was discovered in Guatemala that gives us concrete evidence of a new paradigm concerning the Mayans and their calendar We are now faced with the idea that perhaps we aren't staring at Armageddon but stand in the middle of a 33 year transformative process While the Mayans might have seen a change for humanity it isn't an ending per se And if there is change why does that change need to imply destruction Couldn't it be an opportunity for mankind to assess their place in the universe and engage in a positive rebirth in a new era Beyond The Mayan Prophecy posits that our modern day weakness or confusion can be attributed to a less spiritual way of thinking Perhaps our left side brain thinking has held us back from discovering and accepting higher planetary secrets for centuries To move forward with more balanced understanding Paul Shavelson a multi media story teller and former Executive Producer of the hit psychic television show CROSSING OVER has spent the last decade exploring the world of psychics and mystics Paul has assembled a psychic dream team to decode the past and to predict the future With famed metaphysical experts such as Char Margolis Rick Levine Maggie Kerr Alan Oken and Numerologist Glynis McCants Paul covers everything from alien communication to instant collective thinking The Collective Unconscious being cultivated on the internet The dialogue and interviews will be discussed through sidebars by psychic medium author and TV personality John Edward who also provides the forward and afterword of this provocative subject With positive energy and a willingness to have us think outside the box and a personal journey by the author that brings an unexpected and moving aspect to the experience Beyond The Mayan Prophecy is an entertaining thought provoking work that will let the reader embrace why the second half of this transition could be remarkable and inspiring At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied      *This Tree Grows Out of Hell* Ptolemy Tompkins, 2008 Examines the Mayan Aztec and other related cultures from the perspective of each region's shifting understanding of the human soul The author shows that despite their amazing

achievements these civilisations eventually crumbled because they lost touch with their sense of community their true natures and their environments      *The Journey of a Shaman* Michael Yaxk'in, 2017-11-30 This book is born out of the idea that we are all essentially one with a prime source of energy We are all on a journey of the soul searching and seeking out our true nature It has been carefully created to reflect that we are more than we have been taught in our schools and society We have been placed into a dream which is an illusionary one but one which our spiritual essence seeks to be awakened from It has been written to inspire and excite others to follow the path of the heart the one heart and realize their full potential of unlimited possibilities that exists when you allow the higher realms to guide ones journey This book charts the challenges and magical experiences that Michael has uncovered on his path of remembrance The reader is reminded that the journey is the contract between souls and the heavenly realms which reveals the truth of their being The story takes on a personal adventure of ancient discoveries of past lives intermingled with present life clues into Michaels true essence as a spiritual warrior of light It aims to show the reader that even those people who have assumed that their life has no meaning and who may not have achieved an academic standing still can achieve accolades beyond their wildest imagination just by working for the heavenly realms The book attempts to nudge the reader to further explore the soul and the many adventures that await those who choose to follow the path back to the light Michael wishes to pass on the wisdom he has acquired for the benefit of helping other light beings evolve and return the surface of Mother Earth back to the light By believing in ones self the reader can be elevated in a direction that out of faith and the power of love comes only magical good in ones life Believing is seeing not the other way round as we have been taught Following this parameter the initiated and dedicated student of light begins to believe in himself and to find the clues answers which open doors for them Belief is part of your consciousness your soul already knows whom one is Now is the time of your remembering      A New Formula for Creation Judith K.

Moore, 2006-05-08 This book brings an inspiring positive message regarding the future of our planet Earth is experiencing the Shift of the Ages a time marked by massive Earth changes and social upheaval This is foretold in many prophecies including Hopi prophecies and the biblical Revelations They warn that raising consciousness is the only way to avert a massive cataclysm The message in this book is unique for it speaks of a grand cosmic plan in which Earth plays a crucial role Our planet has gone through seven cycles of Creation ending in destruction It is now completing the eighth cycle and will not enter destruction The ninth cycle of Creation will be in the Now consciousness of harmony unity and oneness The world as we know it is a holographic projection manifested by the ultimate force of Creation which is love A distortion developed in this hologram a dense energy that separated and did not know itself as part of the love of Creation This resulted in the cycles and a new Creation had to rise from the ashes of the old This distortion is identified as a chip in the blueprint of Creation The chip has been discovered and removed A new Creation is being birthed a Creation not impeded by the distortion which manifests as fear hatred greed and power A new life unto life principle of Creation is coming into being eliminating cyclical

destruction Judith Moore's new book *A New Formula for Creation* is a must read if you want to know how the Divine plan is manifesting the transformations occurring on planet Earth now A new multidimensional cosmic order of interconnectedness at the micro and macro levels is explained in a new light from the ultimate source of consciousness to the emanation of vibrations to sound and light to form and then to matter When I started reading this book I could not stop Fadel Behman PhD

Now in *Dream Catchers* Jenkins offers a brilliant account of the changing mainstream attitudes towards Native American spirituality once seen as degraded spectacle now hailed as New Age salvation. Jenkins charts this remarkable change by highlighting the complex history of white American attitudes towards Native religions considering everything from the 19th century American obsession with Hebrew Indians and Lost Tribes to the early 20th century cult of the Maya as bearers of the wisdom of ancient Atlantis. He looks at the popularity of the Carlos Castaneda books, the writings of Lynn Andrews and Frank Waters and explores New Age paraphernalia including dream catchers, crystals, medicine bags and Native-themed Tarot cards. He also examines the controversial New Age appropriation of Native sacred places and notes that many white Indians see mainstream society as religiously empty. An engrossing account of our changing attitudes towards Native spirituality. *Dream Catchers* offers a fascinating introduction to one of the more interesting aspects of contemporary American religion.

Comedy Punk Rock Skate Video Games Science Fiction Movies Comedy 226 Pages **Legends of the Plumed Serpent** Neil Baldwin, 2012-08-28 Meticulously pieced together from personal

experiences that come with years of travel, an extensive knowledge of the historic and scholarly works, and a deep appreciation of Latin American art and culture, both ancient and modern, critically acclaimed biographer Neil Baldwin has created a mosaic of words and images retelling the myth of the Plumed Serpent or Quetzalcoatl as it has evolved through the millennia. He has also created an essential guidebook for the armchair traveller and passionate tourist alike. Only a few hours

by air from the United States are the mysteries and hauntingly beautiful ruins of Mexico. Among the vines intertwined in the frail latticework of crumbling palaces spiraling geometric motifs covering vast walls that sink beneath the jungle and nearly vertical temple steps leading hundreds of feet to a dizzying view of sky and earth images of Quetzalcóatl abound. The fanged, bug-eyed, feathered serpent thrusts his malevolent, sneering head from the pyramid at Teotihuacán. He swims in a river of rock around the temple at Xochicalco and at Chichén Itz', serpent and jaguar dance on a trail of stone, their embrace spawning a monstrous snake with clawed forefeet. Depicted as part man, snake and bird, the Plumed Serpent is the earliest known creation myth from Mesoamerica, the region spanning Mexico and most of Central America. He embodies good and evil, sky and earth, feast and famine, the duality of life itself. Steep, massive temples were built in his honor at Teotihuacán, the vast city of ruins near today's Mexico City, and at Chichén Itz' in northern Yucatán, the intricate complex that includes the famed ballcourt, Moctezuma. The ruler of the Aztecs mistook Hernán Cortés and the invasion of the Spanish in 1519 for the return of Quetzalcóatl. The Catholic Church, with its army of Franciscan monks, adapted his legend to introduce the indigenous people to Catholicism. The myth enhanced Emiliano Zapata's stature as a latter-day Quetzalcóatl during the Mexican Revolution. Diego Rivera and the modern muralists invoked his image to include indigenous themes in their state-sponsored art. And Quetzalcóatl inspired English author D. H. Lawrence to write a new American novel. These and many other tales are recounted in the words and images of Neil Baldwin's *Legends of the Plumed Serpent*. Whether sharing a moment of reflection among the breathtaking ruins, delving into the historic role of Quetzalcóatl during the Spanish Conquest, or tracing the themes of revolution and rebirth in the art of Rivera, Orozco and Siqueiros, Neil Baldwin's enlightening prose captures the imagination. Accompanied by numerous illustrations, many photographs taken by the author and others painstakingly researched and gathered over the past decade, *Legends of the Plumed Serpent* is a true labor of love. The Mayans Stuart A. Kallen, 2001. Discusses the Mayan civilization and its influences on later cultures, as well as factors contributing to its demise. *Ancient Psychoactive Substances* Scott M. Fitzpatrick, 2020-03-17. A well-founded and presented description of the integral role that psychoactive substances played in ancient societies. A unique addition to ancient history collections. Choice. Very informative, well-referenced and well-illustrated. *Latin American Antiquity*. A diverse and interesting introduction to the evidence for psychoactive use in the past, including consideration of the physical techniques and interpretative methods for understanding these practices. *Journal of Psychedelic Studies*. This well-researched and fascinating volume not only demonstrates the important cultural role of psychoactive substances in ancient societies but also points the way to an emerging research field. The unveiling of the past history of drug use becomes a lesson for present-day society. Jan G. Bruhn, founding editor, *Journal of Ethnopharmacology*. Presents a broad overview of drug plants and fermented beverages by using anthropological, ethnological, archaeological, iconographic, chemical and botanical approaches. Essential reading. in Paleolithic caves or today's temples The author asserts that society has become separated from the power of those symbols that lead us into deeper understanding of our spirituality In today's world of splintered psyches a world in which people are in search of their souls shamanism survives as an age old technology of soul recovery a living Rosetta stone that reminds us of the shared foundation that exists beneath even the most radically different perspectives Through its study of shamanism archetypal psychology and symbolism The Strong Eye of Shamanism encourages individuals and society to look inward and remember that the deepest forms of awareness begin with the knowledge that the answers reside within us
