Mayday The Perils Of The Waves:

Mayday Off the Wild Coast Andrew Pike, 2021-05-14 In August 1991 excited holiday makers boarded the Oceanos at East London for the trip of a lifetime Despite treacherous weather the captain ordered the ship to set sail for Durban And so began the ill fated voyage Hurricane force winds and giant rogue waves aggravated the hostile storm Soon the ship started taking water Panicked senior crew members scrambled into lifeboats leaving the ship s evacuation to the on board entertainers At one point a musician manned the bridge at another a magician Women and children clambered aboard lifeboats which were launched into terrifying seas leaving their husbands behind unsure if they would see each other again After all the operational lifeboats had been utilized 221 passengers and junior crew were left stranded on the rapidly sinking ship During this catastrophe the South African Air Force embarked on their biggest air rescue ever with helicopter crews and Navy divers risking everything to evacuate the remaining passengers In Mayday Off the Wild Coast maritime lawyer Andrew Pike who was part of the legal investigation into the Oceanos sinking recreates the compelling drama and extraordinary heroism of the greatest maritime rescue in South African history *The Arts of Leadership* Keith Grint, 2000-04-13

Leadership is still much discussed studied and sought after even though we now live in supposedly more democratic times with flatter organizations and empowered employees But how can we best understand leadership Are leaders born or made Do they have particular traits or are we all potential leaders Do the requirements for leadership change over time or are there timeless patterns Do traditional approaches help us to pick and develop leaders or are there alternative ways that advance our understanding In this book Keith Grint who has been studying and teaching leadership for over a decade investigates the notion of leadership in a series of historical case studies and rich essay portraits of some of the most famous and infamous leaders e g Florence Nightingale Richard Branson Horatio Nelson Martin Luther King Henry Ford etc The scenarios are drawn from right across the spectrum to include business politics society and the military The first part of the book considers four sets of parallel cases where leadership appears to be a major explanation of success and failure The second part takes the four critical issues arising from these parallel cases identity strategic vision organizational tactics and persuasive communication and explores them in detail One main reason we have such difficulty in explaining and enhancing leadership Grint argues is because we often adopt perspectives and models that obscure rather than illuminate the issues involved The reliance upon traditional scientific analysis has not provided the anticipated advances in our understanding because leadership is more fruitfully considered as an art or more exactly an array of arts rather than as a science Grint s rich and meticulously researched profiles combine to reveal these Arts of Leadership *Perils of Paradise* Rita Beamish, 2004 *Perils of Paradise* is a collection of eight terrifying and inspiring stories about people at work and at play in Hawai i people attracted by Hawai i s people attracted by Hawai i s natural beauty and bounty who were forced to fight nature and won *Bibliography of Nautical Books* Alan Obin, 2000-02 This is the 15th annual edition of the Bibliography of

Nautical Books a reference guide to over 14 000 nautical publications It deals specifically with the year 2000 *Rogue Wave* Boyd Morrison,2015-07-04 This book was previously published as *The Palmyra Impact* A minor seismic disturbance in a remote section of the Pacific causes barely a ripple of concern for Kai Tanaka acting director of the Pacific Tsunami Warning Center in Honolulu But when an airliner en route from L A to Sydney vanishes in the same location Kai is the first to realize that a mysterious explosion has unleashed a series of massive waves destined to obliterate Hawaii In just one hour Kai will lose all he has ever known including his wife and daughter unless he can save them from nature s most destructive force
