freedom health and dignity The individual was submerged in the mass of anonymous toilers whose whole world was circumscribed by the bricks and mortar of whatever nook or cranny they had been shoved into by circumstance From the ranks Of these little people these waifs and Oddities and misfits human rubbish thrown up by the struggle for existence conducted on principles of economic laissez faire the novelist drew the raw material of those fascinating minor personages who constitute the all important background Of any Dickens story the creepers and the climbers the grovellers and the schemers scrambling over one another in the dark confusion of their pestiferous urban ant's nest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
