Bad Gays Huw Lemmey, Ben Miller, 2023-05-30 These very funny deep dives into the lives of the most dastardly queer people in history offer a passionate argument for rethinking gay politics beyond identity Vogue What can we learn from the homosexual villains failures and baddies of our past We all remember Oscar Wilde but who speaks for Bosie What about those bad gays whose unexemplary lives reveal more than we might expect Many popular histories seek to establish homosexual heroes pioneers and martyrs but as Huw Lemmey and Ben Miller argue the past is filled with queer people whose sexualities and dastardly deeds have been overlooked despite their being informative and instructive Based on the hugely popular podcast series of the same name *Bad Gays* asks what we can learn about LGBTQ history sexuality and identity through its villains failures and baddies

Unfriendly Witnesses Milly S. Barranger,2008-06-10 Unfriendly Witnesses Gender Theater and Film in the McCarthy Era examines the experiences of seven prominent women of stage and screen whose lives and careers were damaged by the McCarthy era witch hunts for Communists and Communist sympathizers in the entertainment industry Judy Holliday Anne Revere Lillian Hellman Dorothy Parker Margaret Webster Mady Christians and Kim Hunter The effects on women of the anti Communist crusades that swept the nation between 1947 and 1962 have been largely overlooked by cultural critics and historians who have instead focused their attention on the men of the period Author Milly S Barranger

looks at the gender issues inherent in the investigations and at the destructive impact the investigations had on the lives and careers of these seven women and on American film and theater and culture in general. Issues of gender and politics surface in the women's testimony before the committeemen labeled unfriendly because the women refused to name names. Unfriendly Witnesses redresses the absence of women's histories during this era of modern political history and identifies the enduring strains of McCarthyism in postmillennial America. Barranger recreates the congressional and state hearings that addressed the alleged Communist influence in the entertainment industry and examines in detail the cases of these seven women including the appearance of actress Judy Holliday before the committee of Senator Pat McCarran who aimed to limit the immigration of Eastern Europeans, actress Anne Revere and playwright Lillian Hellman appearing before the House Un-American Activities Committee, sought the protections of the Fifth Amendment with different outcomes of writer Dorothy Parker who testified before a New York state legislative committee investigating contributions to front groups and of director Margaret Webster before Senator Joseph McCarthy's subcommittee whose aim was the indictment of Senator J. William Fulbright and the U.S. State Department. None escaped subsequent blacklisting, denial of employment and notations in FBI files that they were threats to national security. Unfriendly Witnesses is enhanced by nine illustrations and extensive excerpts from Red Channels: The Report of Communist Influence in Radio and Television originally published in 1950 at the height of the Red Scare and which listed 151 allegedly subversive writers, directors and performers. Barranger includes the complete entries from Red Channels for the seven women she discusses which include the subversive affiliations that prompted the women's interrogation by the government.
