Jupp, E. Magennis, 2000-08-30 Although the history of crowds in modern European history has been one of the most hotly debated subjects since E P Thompson s pioneering work of the 1960s the crowd in Irish history has been largely neglected This is the first study of the subject during the most turbulent period of Ireland s history The introduction proposes an outline history of the crowd in Ireland and is followed by eight specialist studies of crowd activity by new and innovative scholars in the field A special feature of the volume is that it incorporates discussions from a Colloquium held in Belfast in 1998 which was attended by the contributors and senior Irish and British historians      *State Summary of War Casualties ...* United States.
