Mcdermott And McGough A History Of Photography:

McDermott & McGough Mark Alice Durant, David McDermott, Peter McGough, 1998 This the first retrospective monograph of their photographic work underscores the tenacity of their mission to seek a future through the past Included are the duo's portraits, nudes, still lifes and architectural pictures utilizing such archaic processes as gum bichromate, cyanotype, platinum palladium and salt printing **McDermott & McGough** David McDermott, Peter McGough, 2006 Catalog of an exhibition held at Cheim Read Jan Feb 2006 **McDermott & McGough** McDermott & McGough, Enrique Juncosa, 2008 McDermott McGough met in New York's East Village art scene in 1980 and are renowned for their performative fusion of art and life. Rebelling against the confines of chronological time, the artists appropriated imagery and objects from the late 1800s and early 1900s. They reconstructed their lives as Late 19th Century and Early 20th Century artists dedicated to the practice of living historicity. This volume shows two decades of photographic work by two of the least conventional and most fanciful protagonists of contemporary art. It includes more than 120 works through numerous historic photographic media including Palladium, Gum Salt and Cyanotype prints. **BOOK JACKET** **Mass Media Revolution** J. Charles Sterin, Tameka Winston, 2017-11-22 Now in its Third Edition Mass Media Revolution remains a dynamic guide to the world of mass media enhancing its readers' development as critical consumers. It features a wealth of expanded content with particular attention to diversity in the media industry, reality TV, ethics and social media and the evolution of online journalism. Chapter content is aligned to the ACEJMC national academic standards. **Strangers** Graham Robb, 2004 A fresh examination of this forbidden history shows the profound effects of gay culture on modern life. Robb, brilliant biographer of Balzac, Hugo and Rimbaud, examines how homosexuals were treated by society and finds a tale of surprising tolerance. **Blind Spot Photography**, 1998 **Exposure**, 2002 **New Dimensions in Photo Processes** Laura Blacklow, 2012-09-10 Clear instructions and step by step photographs teach you how to mix chemicals and apply light sensitive emulsions by hand, how to create imagery in and out of the darkroom, how to translocate Polaroid photos and magazine and newspaper pictures and how to alter black and white photographs. A color portfolio highlights the work of internationally known artists such as Robert Rauschenberg, Todd Walker and most recently Doug and Mike Starn and an invaluable list of supply sources including e-mail addresses from throughout North America and Europe is included at the end of the book. Setting aside old distinctions between photographer and nonphotographer, New Dimensions in Photo Processes invites artists in all media to discover non-silver imaging techniques. Painters, printmakers, fiber artists, sculptors, illustrators and photographers alike will find this a valuable practical text outlining creative processes that require little or no knowledge of photography and chemistry. **Art on Paper**, 1999 *Photographers and Filmmakers* MacMillan Reference USA, 2001 Bring history to life with this unique collection featuring vivid profiles of famous people, places and historical events. Articles are selected with the curriculum in mind and include newly written and selected articles from the distinguished Macmillan Reference USA collection. Rewritten for students.

starting at the middle school level each volume features a lively 2 color design photographs quotes and fascinating sidebars
