Mcfarlane Boils The Sea:

We Are Now Beginning Our Descent James Meek, 2008-10-30 At the dawn of the twenty first century Adam Kellas finds himself hurled on a journey between continents and cultures In his quest from the war torn mountains of Afghanistan to the elegant dinner tables of north London and then the marshlands of the American South only the memory of the beautiful elusive Astrid offers the possibility of hope With all the explosive drama of *The People's Act of Love* this is a spellbinding tale of folly and the pursuit of love from one of today's most talented and visionary writers **Private Island** James Meek, 2015-06-02 The essential public good that Margaret Thatcher Tony Blair and now Cameron sell is not power stations or trains or hospitals It's the public itself it's us In a little over a generation the bones and sinews of the British economy rail energy water postal services municipal housing have been sold to remote unaccountable private owners often from overseas In a series of brilliant portraits the award winning novelist and journalist James Meek shows how Britain's common wealth became private and the impact it has had on us all from the growing shortage of housing to spiralling energy bills Meek explores the human stories behind the incremental privatization of the nation over the last three decades He shows how as our national assets are sold ordinary citizens are handed over to private tax gatherers and the greatest burden of taxes shifts to the poorest In the end it is not only public enterprises that have become private property but we ourselves Urgent powerfully written and deeply moving this is a passionate anatomy of the state of the nation of what we have lost and what losing it cost us the rent we must pay to exist on this private island Dreams of Leaving and Remaining James Meek, 2021-02-23 The anatomy of Britain on the edge of Brexit by Orwell Prize winning journalist Since Britain's 2016 referendum on EU membership the nation has been profoundly split one side fantasizing that the referendum will never be acted upon the other entrenched in questionable assumptions about reclaimed sovereignty and independence Underlying the cleavage are primal myths deeper histories and political folk legends James Meek the George Orwell of our times goes in search of the stories and consequences arising out of a nation's alienation from itself In *Dreams of Leaving and Remaining* Meek meets farmers and fishermen intent on exiting the EU despite the loss of protections they will incur He reports on a Cadbury's factory shut down and moved to Poland in the name of free market economics exploring the impact on the local community left behind He charts how the NHS is coping with the twin burdens of austerity and an aging population *Dreams of Leaving and Remaining* is urgent reporting from one of Britain's finest journalists James Meek asks what we can recover from the debris of an old nation as we head towards new horizons and what we must leave behind There are no easy answers and what he creates instead is a masterly portrait of an anxious troubled nation The Heart Broke In James Meek, 2012-10-02 From James Meek the award winning author of the international bestseller *The People's Act of Love* comes a rich and intricate novel about everything that matters to us now children celebrity secrets and shame the quest for youth loyalty and betrayal falls from grace acts of terror and the wonderful terrible inescapability of family Ritchie Shepherd an

aging pop star and a producer of a reality show for teen talent is starting to trip over his own lies Maybe filming a documentary about his father Captain Shepherd a British soldier executed by Northern Irish guerrillas will redeem him His sister Bec is getting closer and closer to a vaccine for malaria When she's not in Tanzania harvesting field samples she's peering through a microscope at her own blood to chart the risky treatment she's testing on herself She's as addicted to honesty as Ritchie is to trickery Val Oatman is the editor of a powerful tabloid newspaper The self-appointed conscience of the nation scourge of hypocrites and cheats he believes he will marry beautiful Bec Alex Comrie a gene therapist and formerly the drummer in Ritchie's band is battling his mortally ill uncle a brilliant and domineering scientist over whether Alex might actually have discovered a cure for aging Alex too believes he will marry Bec Colum O Donabhain has just been released from prison having served a twenty-five year sentence for putting a gun to Captain Shepherd's head when he refused to give up an informer He now writes poetry Their stories meet and tangle in this bighearted epic that is also shrewdly starkly funny and utterly of the moment The Heart Broke In is fiction with the reverberating resonance of truth The People's Act Of Love James Meek, 2008-11-20 1919 Siberia Deep in the unforgiving landscape a town lies under military rule awaiting the remorseless assault of Bolsheviks along the Trans-Siberian railway One night a stranger Samarin appears from the woods with a tale of escape from an Arctic prison insisting a cannibal is on his trail Only Anna a beautiful young widow trusts his story When a local shaman is found dead suspicion and terror engulf the isolated community which harbours a secret of its own **Children of Albion Rovers** Laura Hird, Paul Reekie, James Meek, Gordon Legge, Alan Warner, Irvine Welsh, 2009-08-06 Children of Albion Rovers is the best-selling and critically acclaimed collection of novellas that features six of the most exciting young writers to emerge from Scotland in the 90s award-winning authors Irvine Welsh Alan Warner Gordon Legge and James Meek and introducing the striking new talents of Laura Hird and Paul Reekie Children of Albion Rovers is a world of tripped-out crematorium attendants Alan Warner vengeful traffic wardens James Meek born-again vinyl junkies Gordon Legge and teenage girls who sexually humiliate their teachers Laura Hird Also included are Paul Reekie's fictional account of ideals betrayed and Irvine Welsh's first-ever sci-fi story featuring alien space casualties wreaking havoc through the known universe The resulting mix is intoxicating to say the least **Chapman**, 1989 **To Calais, In Ordinary Time** James Meek, 2019-08-29 Inventive and original The Times Fans of intelligent historical fiction will be enthralled Hilary Mantel Shortlisted for the Walter Scott Prize for Historical Fiction Longlisted for the Orwell Prize for Political Fiction Three journeys One road England 1348 A gentlewoman flees an odious arranged marriage a proctor sets out for a monastery in Avignon and a young ploughman in search of freedom is on his way to volunteer with a company of archers All come together on the road to Calais In the other direction comes the Black Death the plague that will wipe out half of the population of Northern Europe To Calais In Ordinary Time is an exploration of love death and power against the backdrop of catastrophe **Scottish Literary Journal**, 1989 **The Bibliography of Regional Fiction in Britain and**
