McGovern Robert Sam Anson,1972 **McGovern** Robert Sam Anson,1972 Political career of Senator George S McGovern of South Dakota **The Rise of a Prairie Statesman** Thomas J. Knock,2016-03-01 The first major biography of the 1972 U S presidential candidate and unsung champion of American liberalism The Rise of a Prairie Statesman is the first volume of a major biography of the 1972 Democratic presidential candidate who became America s most eloquent and prescient critic of the Vietnam War In this masterful book Thomas Knock traces George McGovern s life from his rustic boyhood in a South Dakota prairie town during the Depression to his rise to the pinnacle of politics at the 1968 Democratic National Convention in Chicago where police and antiwar demonstrators clashed in the city s streets Drawing extensively on McGovern s private papers and scores of in depth interviews Knock shows how McGovern s importance to the Democratic Party and American liberalism extended far beyond his 1972 presidential campaign and how the story of postwar American politics is about more than just the rise of the New Right He vividly describes McGovern s harrowing missions over Nazi Germany as a B 24 bomber pilot and reveals how McGovern s combat experiences motivated him to earn a PhD in history and stoked his ambition to run for Congress When President Kennedy appointed him director of Food for Peace in 1961 McGovern engineered a vast expansion of the program s school lunch initiative that soon was feeding tens of millions of hungry children around the world As a senator he delivered his courageous and unrelenting critique of Lyndon Johnson s escalation in Vietnam a conflict that brought their party to disaster and caused a new generation of Democrats to turn to McGovern for leadership A stunning achievement The Rise of a Prairie Statesman ends in 1968 in the wake of the assassinations of Martin Luther King and Robert Kennedy when the Draft McGovern movement thrust him into the national spotlight and the contest for the presidential nomination culminating in his triumphal reelection to the Senate and his emergence as one of the most likely prospects for the Democratic nomination in 1972 The Wild Blue Stephen E. The Great Coalfield War George Stanley McGovern, Leonard F. Guttridge, 1996 A definitive study of the Ludlow massacre and events leading up to it This story has much drama and struggle and it holds some crucial lessons about industrial strife and about how viciously brutal America s capitalists were a couple of generations ago Los Angeles Times The effect of this work is simply enraging for the reality that the documentation evokes both of wickedness and of the suffering that that wickedness caused is intolerable The New Yorker In the early 20th century Colorado yielded more than a million tons of coal annually hacked and blasted out by immigrants from Eastern Europe living in crudely built towns owned by powerful mine operators The companies owned the stores ran the schools churches hospitals and saloons and bribed the region s lawmen to keep union organizers out Mine safety was all but unheard of when in 1913 mine explosions killed more than four hundred workers in just two of the mines The United Mineworkers Union infiltrated the towns and thirteen thousand miners and their families made one mass exodus to establish a tent colony near the rail outpost at Ludlow Months of fighting between the miners and company gunmen assisted by the Colorado State National Guard culminated in the Ludlow Massacre where tents were set afire suffocating women and children who had sought shelter in storage pits beneath tent floorboards The resultant public scandal compelled Washington to intervene but it would take years before Colorado s coal miners gained union protection The Great Coalfield War is a part of western history and an especially important part in view of today s declining union enrollments and the national movement to deregulate workplace safety laws and the federal agencies that enforce them Midwest Book Review

means death for the human race Two years is all that we have left Two years until they come to kill every man woman and child on the face of the earth Society falls apart People can't cope with knowing what day the world is going to end Some try to go on as normal but the angels are not content to let them rest The two year period is a trial that must be endured The angels whisper into the ears of all who will listen Kill your neighbours Kill your friends Kill your children God will forgive you The Voodoo King Remy Laveau seeks to fight the angels and halt the end of days He drives the people who listen to them out of New Orleans and sets up the community of New Sodom New Sodom is home to all the people who believe that the world doesn't have to end and that if it does have to end it won't end without a fight But with society falling apart around them it is more than just the angels they will have to fight The humans that worship them are often more dangerous
