Mathematics, Grades K-2 Margo Gottlieb,Gisela Ernst-Slavit,2013-03-12 Help your students unlock important mathematical
 concepts If youve ever watched a student struggle with learning math concepts you know that academic English can
 sometimes create stumbling blocks to understanding To grasp complicated concepts build skills and demonstrate
 achievement students need to master academic language in math But how do you teach academic language when youre so
 busy teaching math With this guide youll build a curricular framework that integrates language and cultural supports with
 math content during lesson planning implementation and reflection Youll learn to Understand the role of language within the
 math principles of the Common Core Identify potential obstacles to understanding Incorporate academic language into
 standards referenced unit targets and lesson objectives Collaborate with ELL specialists to help students access the
 curriculum Each grade specific chapter models the types of interactions and learning experiences that help students master

both math content and academic language This essential book shows you why mastery of academic language is the key to students academic success *Learning to Teach* Richard Arends,2001 [The Big Book of Tasks for English Language Development, Grades K-8](#) Nancy Akhavan,2024-03-26 Ready to go English Language Development tasks that focus on students doing the doing of talking reading listening and responding In recent years the percentage of English Language Learners ELLs has increased in almost every state so most teachers are faced with the challenge of teaching literacy to students acquiring English alongside English speaking students However in many integrated learning situations English Language Development ELD instruction is strikingly different than the teaching we provide students whose first language is English The Big Book of Tasks for English Language Development helps teachers meet that challenge head on Bestselling author and esteemed education consultant Nancy Akhavan shows that teaching multilingual learners requires changing our instruction to focus on practices that have high impact for students as they acquire language Yet it s not about doing more it s about doing smarter It s about having high expectations for all students and providing scaffolds to support students at all levels of English language proficiency as they learn and grow more confident All the ready to go activities in the book Center on active tasks where students do the thinking talking reading and writing with appropriate support Activate the domains of language listening speaking reading and writing and recognize that these do not develop at the same rate Honor the continuum of language development and build on what students can do Provide teaching tools such as learning targets suggestions for when to use a task basic instructions and teacher talk for launching a task and Watch Fors and Work Arounds Focus on the linguistic assets multilingual learners bring to the classroom and provide opportunities to help them collaborate with peers With Nancy Akhavan s signature straightforward teacher friendly style this book offers an uplifting reminder that with the right teaching strategies educators can support multilingual learners to achieve their full potential and thrive in their learning journeys **Resources in Education** ,1999 **Library of Congress Catalog: Motion Pictures and Filmstrips** Library of Congress,1968 **Biography-Driven Culturally Responsive Teaching, Second Edition** Socorro G.
