Twenty five years on from its famous debut victory in the 1995 Le Mans 24 Hours the wonderful McLaren F1 GTR is the subject of this major two volume history. Derived from the BMW V12 powered three seat McLaren F1 road car the F1 GTR only came into existence because of customer pressure on designer Gordon Murray to produce a racing version. With 28 examples built over three seasons the F1 GTR was fabulously successful winning 41 of its 131 races and taking two international championship titles. This sumptuous book outlines the life of the McLaren F1 GTR in exhaustive depth with Volume 1 devoted to race by race narrative and Volume 2 to individual car histories and the stories of the people who raced them all supported by over 775 colour photographs.

McLaren Sports Racing Cars Dave Friedman, 2000 Bruce McLaren's performances as a F1 endurance and Can Am driver were almost always impressive. But it was the New Zealander's career as an innovative carbuilder which forever etched the McLaren name in the annals of motorsport. This photohistory examines McLaren's legendary endurance and Can Am racers beginning with the formation of Bruce McLaren Racing Limited in 1963 continuing through his death at Goodwood in 1970 and finishing with the completion of the Can Am series in 1974. Splendid photography gives readers views of the cars under construction and in action and candid glimpses of Bruce McLaren and other personalities associated with the organization including long time teammate Denis Hulme. Dave Friedman is a prolific motorsport photographer and historian. His recent MBI titles include *Lola Can Am Endurance Race Cars* and *Pro Sports Car Racing in America 1958-1974*.
