Is a Florida widow being conned out of a fortune? The debonair detective tries to find out in this novel in the 1 New York Times bestselling series. At first Archy McNally was unofficially enlisted to verify the bona fides of a deal for a rare Fabergé Imperial egg created exclusively for the doomed Czar Nicholas in 1917. But when Edythe Westmore's son and daughter become convinced the trinket is a fake and their mother is being conned, McNally is asked to deep-six the whole deal. He gets more than he bargained for when Natalie Westmore and her brother's wife Helen both try to seduce him. The Palm Beach detective will need to employ some fancy footwork as he reveals a mess of lust, greed, and murder that smells worse than a rotten egg. As things heat up, McNally had better watch his back or he himself could end up six feet under. **McNally's Risk** Lawrence Sanders, 1993. *Global Slump* David McNally, 2010-12-09. *Global Slump* analyzes the global financial meltdown as the first systemic crisis of the neoliberal stage of capitalism. It argues that far from having ended the crisis, it has ushered in a whole period of worldwide economic and political turbulence. In developing an account of the crisis as rooted in fundamental features of capitalism, *Global Slump* challenges the view that its source lies in financial deregulation. The book locates the recent meltdown in the intense economic restructuring that marked the recessions of the mid 1970s and early 1980s. Through this lens, it highlights the emergence of new patterns of world inequality and new centers of accumulation, particularly in East Asia, and the profound economic instabilities these produced. *Global Slump* offers an original account of the financialization of the world economy during this period and explores the intricate connections between international financial markets and new forms of debt and dispossession, particularly in the Global South. Analyzing the massive intervention of the world's central banks to stave off another Great Depression, *Global Slump* shows that while averting a complete meltdown, this intervention also laid the basis for recurring crises: for poor and working-class people, job loss, increased poverty and inequality, and deep cuts to social programs. The book takes a global view of these processes, exposing the damage inflicted on countries in the Global South as well as the intensification of racism and attacks on migrant workers.

At the same time Global Slump also traces new patterns of social and political resistance from housing activism and education struggles to mass strikes and protests in Martinique Guadeloupe France and Puerto Rico as indicators of the potential for building anti capitalist opposition to the damage that neoliberal capitalism is inflicting on the lives of millions

McNally's Chance Lawrence Sanders, Vincent Lardo, 2013-03-12 Family ties ensnare Lawrence Sanders's Archy McNally a raffish combination of Dashiell Hammett's Nick Charles and P G Wodehouse's Bertie Wooster The New York Times Book Review Bestselling author Sabrina Wright wants dapper detective Archy McNally to find her husband who vanished while looking for her MIA daughter it may seem like a simple case but McNally knows it's never that easy Thirty year old Gillian Wright ran off to find her birth father opening a Pandora's box of scandalous revelations the tabloids can't resist It seems that Sabrina's life was a bigger fiction than her bodice ripping romances Before her story is over three powerful men with damning secrets could be outed and murder will be the denouement As McNally stumbles on one cover up after another he has one last chance to catch a killer who will stop at nothing to protect his name **Truth Machine** Michael Lynch, Simon A. McNally's Bluff Lawrence Sanders, Vincent Lardo, 2013-03-12 The final book in the New York Times bestselling series is a wacky waggish whodunit as the Palm Beach PI investigates a dead end in a maze Publishers Weekly The night Palm Beach society has been eagerly awaiting has finally arrived Matthew Hayes once the human cannonball in a traveling carnival and now a retired millionaire is unveiling his Amazin Maze styled after the historic hedge maze at England's Hampton Court Palace But even this wonder is upstaged by Hayes's wife when she's found dead in the center of the labyrinth Marvelous Marlena Marvel a sideshow wonder of amazing pulchritude was a devotee of the black arts But the motive for her murder is as murky as her mystical talents especially when Archy McNally uncovers a link to another homicide It's a crime scene straight out of Barnum Bailey as McNally employs his own sleight of hand to catch a killer about to pull off the greatest vanishing act of all McNally's Risk Lawrence Sanders, 1995-04-30 Now the freewheeling Archy is seduced by the very temptress he's been hired to investigate Her name is Theodosia Johnson Her past is as provocative as her butterfly tattoo And her future is as questionable as her shocking flirtations with marriage McNally and murder **Remembering Trauma** Richard J. McNally, 2005-05-27 Synthesising clinical case reports and the research literature on the effects of stress suggestion and trauma on memory Richard McNally arrives at significant conclusions first and foremost that traumatic

experiences are indeed unforgettable *Gone Tomorrow* Gary Indiana, 2018-09-14 Footloose and broke the unnamed narrator of *Gone Tomorrow* hops on a plane without asking questions when his director friend offers him a role in an art film set in Colombia But from the moment he arrives at the airport in Bogot only to witness a policeman beat a beggar half to death it becomes clear that this will not be the story of gritty bohemians triumphing against the odds The director Paul Grosvenor seems more interested in manipulating his cast than in shooting film The cult star Irma Irma is a vamp too bored and boring to draw blood And the beautiful nymph like Michael Simard doesn't seem to be putting out Meanwhile the film's shady financier is sleeping with his mother while a serial killer skulks about the area killing tourists Everything comes to a head when the carnival celebration begins in nearby Cali But once the fiesta is over all that's left are ghostly memories and the narrator's insistence on telling the tale Unlike the majority of pointedly AIDS era novels writes Dennis Cooper *Gone Tomorrow* is neither an amoral nostalgia fest nor a thinly veiled wake up call hyping the religion of sobriety It's a philosophical work devised by a writer who's both too intelligent to buy into the notion that a successful future requires the compromise of collective decision and too moral to accept bitterness as the consequence of an adventurous life **The McNally Files** Lawrence Sanders, 2006 **Lawyers Beyond Borders** Maria Armoudian, 2021-09-07 Despite international conventions and human rights declarations millions of people have suffered and continue to suffer torture slavery or violent deaths with no remedy or recourse They have fallen in essence below the law outside of law's protection Often violated by their own governments sometimes with support from transnational corporations or nations benefiting from human rights violations how can these victims find justice *Lawyers Beyond Borders* reveals the inner workings of the advances and retreats in the quest for redress and restoration of human rights for those whom international legal political systems have failed The process of justice begins in the US with a handful of human rights lawyers steeped in the American tradition of advancing civil rights through civil litigation As the civil rights movement gained traction and an ample supply of lawyers this small cadre turned their attention toward advancing international human rights via the US legal system They sought to build another piece of the rights revolution this time for survivors of egregious human rights violations in faraway lands These cases were among the most unlikely to be slated for victory The abuses occurred abroad the victims are aliens usually with few if any resources the perpetrators are politically powerful resourced and well connected often members of governments militaries or multinational corporations The legal and political systems structures are mostly stacked against these survivors many who bear the scars of trauma and terror *Lawyers Beyond Borders* is about agency It is about how in the face of powerful interests and seemingly insurmountable obstacles political psychological economic geographical and physical a small group of lawyers and survivors navigated a terrain of daunting barriers to begin building case by case new pathways to justice for those who otherwise would have none **Vulnerability to Psychopathology** Rick E. Ingram, Joseph M. Price, 2009-11-06 This state of the art work has been highly praised for bridging the divide between adult and developmental

psychopathology The volume illuminates the interplay of biological cognitive affective and social environmental factors that place individuals at risk for psychological disturbance throughout development Childhood onset and adult forms of major disorders are examined in paired chapters by prominent clinical researchers An integrative third chapter on each disorder then summarizes what is known about continuity and change in vulnerability across the lifespan Implications for assessment treatment and prevention are also considered

**What Is Mental Illness?** Richard J. McNally, 2012-11-12 According to a major health survey nearly half of all Americans have been mentally ill at some point in their lives more than a quarter in the last year Can this be true What exactly does it mean anyway What s a disorder and what s just a struggle with real life This lucid and incisive book cuts through both professional jargon and polemical hot air to describe the intense political and intellectual struggles over what counts as a real disorder and what goes into the DSM the psychiatric bible Is schizophrenia a disorder Absolutely Is homosexuality It was till gay rights activists drove it out of the DSM a generation ago What about new and controversial diagnoses Is social anxiety disorder a way of saying that it s sick to be shy or female sexual arousal disorder that it s sick to be tired An advisor to the DSM but also a fierce critic of exaggerated overuse McNally defends the careful approach of describing disorders by patterns of symptoms that can be seen and illustrates how often the system medicalizes everyday emotional life Neuroscience genetics and evolutionary psychology may illuminate the biological bases of mental illness but at this point McNally argues no science can draw a bright line between disorder and distress In a pragmatic and humane conclusion he offers questions for patients and professionals alike to help understand and cope with the sorrows and psychopathologies of everyday life

**The Risk Society and Beyond** Barbara Adam, Ulrich Beck, Joost Van Loon, 2000-07-27 Ulrich Beck s best selling Risk Society established risk on the sociological agenda It brought together a wide range of issues centering on environmental health and personal risk provided a rallying ground for researchers and activists in a variety of social movements and acted as a reference point for state and local policies in risk management The Risk Society and Beyond charts the progress of Beck s ideas and traces their evolution It demonstrates why the issues raised by Beck reverberate widely throughout social theory and covers the new risks that Beck did not foresee associated with the emergence of new technologies genetic and cybernetic The book is unique because it offers both an introduction to the main arg
