Family ties ensnare Lawrence Sanders's Archy McNally a raffish combination of Dashiell Hammett's Nick Charles and P G Wodehouse's Bertie Wooster The New York Times Book Review Bestselling author Sabrina Wright wants dapper detective Archy McNally to find her husband who vanished while looking for her MIA daughter it may seem like a simple case but McNally knows it's never that easy Thirty year old Gillian Wright ran off to find her birth father opening a Pandora's box of scandalous revelations the tabloids can't resist It seems that Sabrina's life was a bigger fiction than her bodice ripping romances Before her story is over three powerful men with damning secrets could be outed and murder will be the denouement As McNally stumbles on one cover up after another he has one last chance to catch a killer who will stop at nothing to protect his name      **Talley's Folly** Lanford Wilson,1979

Osprey's study of one of the most important battles of the long elating Germanic Wars 113 BC 439 AD Arminius a young member of the Cheruscan tribe under the Roman Empire felt that Rome could be beaten in battle and that such a victory would guarantee the freedom of the Germans as a confederation of independent tribes led by the Cherusicans who would in turn be led by him Throughout AD 8 and the early part of AD 9 Arminius used his position under the governor of Germania Inferior well ostensibly promoting Rome whilst in reality welding the tribes together in an anti Roman alliance agreeing with his confederates that they would wait until the Roman garrison had moved to their summer quarters and then rise up against the invaders With the arrival of September the time soon came for the Roman troops to return to their stations along the Rhine and as they marched westwards through the almost impenetrable Teutoburg Forest Arminius sprang his trap In a series of running battles in the forest Varus army consisting of three Roman Legions XVII XVIII and XIX and

several thousand auxiliaries a total of roughly 20 000 men was destroyed The consequences for Rome were enormous the province of Germania was now virtually undefended and Gaul was open to a German invasion which although it never materialized led a traumatized Augustus to decree that henceforth the Rhine would remain the demarcation line between the Roman world and the German tribes in addition to which the destroyed legions were never re formed or their numbers reused in the Roman Army after AD 9 the sequence of numbers would run from I to XVI and then from XX onwards it was as if the three legions had never existed America's Report Card John McNally,2007-06-19 Having written a scathing essay about her disgust with the government s standardized testing process Jaimey skips her final weeks of high school while part time test scorer Charlie reads Jaimey s essay and recognizes her as a person needing help **McNally's Folly** Vincent Lardo,Lawrence Sanders,2000-08-01 South Florida s premiere sleuth about town strikes again in a deliciously daffy caper that takes a decidedly deadly turn When the Palm Beach Community Theater needs a director for its Production of Arsenic and Old Lace Archy tosses his megaphone into the ring After all Hollywood legend Desdemona Darling will lend her considerable talents to the production While resident grande dame Lady Cynthia Horowitz wants a little of the spotlight to fall on her latest live in hunk Buzz Carr she has no intention of letting Buzz rehearse all day with the actress who like Lady C has made marriage a cottage industry For poor Archy there s more drama backstage than onstage and plenty of confusion everywhere especially with the fuzzy headed Binky Watrous serving as stage manager When an actor takes a sip of prop wine and drops dead the Palm Beach police suddenly take a special interest in the local theater scene In a play filled with murders only Archy can separate the actors from the genuine article and bring down the curtain on the latest and most enjoyable of McNally s follies *Trust* Domenico Starnone,2021-11-09 A MOST ANTICIPATED BOOK OF FALL 2021 Following the international success of *Ties* and the National Book Award shortlisted *Trick* Domenico Starnone gives readers another searing portrait of human relationships and human folly Pietro and Teresa s love affair is tempestuous and passionate After yet another terrible argument she gets an idea they should tell each other something they ve never told another person something they re too ashamed to tell anyone They will hear the other s confessions without judgment and with love in their hearts In this way Teresa thinks they will remain united forever more intimately connected than ever A few days after sharing their shameful secrets they break up Not long after Pietro meets Nadia falls in love and proposes But the shadow of the secret he confessed to Teresa haunts him and Teresa herself periodically reappears standing at the crossroads it seems of every major moment in his life Or is it he who seeks her out Starnone is a master storyteller and a novelist of the highest order His gaze is trained unwaveringly on the fault lines in our public personas and the complexities of our private selves *Trust* asks how much we are willing to bend to show the world our best side knowing full well that when we are at our most vulnerable we are also at our most dangerous **Global Slump** David McNally,2010-12-09 *Global Slump* analyzes the global financial meltdown as the first systemic crisis of the neoliberal stage of capitalism It argues that far from having ended

the crisis has ushered in a whole period of worldwide economic and political turbulence In developing an account of the crisis as rooted in fundamental features of capitalism *Global Slump* challenges the view that its source lies in financial deregulation The book locates the recent meltdown in the intense economic restructuring that marked the recessions of the mid 1970s and early 1980s Through this lens it highlights the emergence of new patterns of world inequality and new centers of accumulation particularly in East Asia and the profound economic instabilities these produced *Global Slump* offers an original account of the financialization of the world economy during this period and explores the intricate connections between international financial markets and new forms of debt and dispossession particularly in the Global South Analyzing the massive intervention of the world's central banks to stave off another Great Depression *Global Slump* shows that while averting a complete meltdown this intervention also laid the basis for recurring crises for poor and working class people job loss increased poverty and inequality and deep cuts to social programs The book takes a global view of these processes exposing the damage inflicted on countries in the Global South as well as the intensification of racism and attacks on migrant workers At the same time *Global Slump* also traces new patterns of social and political resistance from housing activism and education struggles to mass strikes and protests in Martinique Guadeloupe France and Puerto Rico as indicators of the potential for building anti capitalist opposition to the damage that neoliberal capitalism is inflicting on the lives of millions
