McQuaid In August:

McQuaid in August Shepard Rifkin, 1979 McQuaid in August Rifkin Shepard (author), 1901 **The Formation, Existence, and Deconstruction of the Catholic Stage Guild of Ireland** Alex Cahill, 2018-06-11 In 1945 the Irish Catholic Church began a unique relationship with the entertainment industry through an organization known as the Catholic Stage Guild of Ireland This Guild whose members included Jimmy O Dea Noel Purcell Cyril Cusack and Gabriel Fallon acted as a microcosm of twentieth century Ireland dramatically depicting the heartaches and successes of the Irish Catholics This unprecedented study of the Catholic Stage Guild begins an investigation on the contemporary relationship between the Irish Catholic Church and theatre that until now has rarely been examined Written for those interested in theatre studies Catholic studies and Irish studies the Catholic Stage Guild of Ireland s persuasion over the theatre population both within and outside the country s borders proposes a story long overdue to be told until now **Occasions of Sin** Diarmaid Ferriter, 2010-07-09 Ferriter covers such subjects as abortion pregnancy celibacy contraception censorship infanticide homosexuality prostitution marriage popular culture social life and the various hidden Irelands associated with sexual abuse all in the context of a conservative official morality backed by the Catholic Church and by legislation The book energetically and originally engages with subjects omitted from the mainstream historical narrative The breadth of this book and the richness of the source material uncovered make it definitive in its field and a most remarkable work of social history *The Life of James Roosevelt Bayley, First Bishop of Newark and Eighth Archbishop of Baltimore, 1814-1877* Sister Hildegard Yeager, 1947 **The Cambridge History of Ireland: Volume 4, 1880 to the Present** Thomas Bartlett, 2018-04-26 This final volume in the Cambridge History of Ireland covers the period from the 1880s to the present Based on the most recent and innovative scholarship and research the many contributions from experts in their field offer detailed and fresh perspectives on key areas of Irish social economic religious political demographic institutional and cultural history By situating the Irish story or stories as for much of these decades two Irelands are in play in a variety of contexts Irish and Anglo Irish but also European Atlantic and latterly global The result is an insightful interpretation on the emergence and development of Ireland during these often turbulent decades Copiously illustrated with special features on images of the Troubles and on Irish art and sculpture in the twentieth century this volume will undoubtedly be hailed as a landmark publication by the most recent generation of historians of Ireland **The Schism of '68** Alana Harris, 2018-03-02 This volume explores the critical reactions and dissenting activism generated in the summer of 1968 when Pope Paul VI promulgated his much anticipated and hugely divisive encyclical *Humanae Vitae* which banned the use of artificial contraception by Catholics Through comparative case studies of fourteen different European countries it offers a wealth of new data about the lived religious beliefs and practices of ordinary people as well as theologians interrogating traditional teachings in areas relating to love marriage family life gender roles and marital intimacy Key themes include the role of medical experts the media the strategies of progressive

Catholic clergy and laity and the critical part played by hugely differing Church State relations In demonstrating the Catholic Church's important and overlooked contribution to the refashioning of the sexual landscape of post war Europe it makes a critical intervention into a growing historiography exploring the 1960s and offers a close interrogation of one strand of religious change in this tumultuous decade **The Catholic Church and the Northern Ireland Troubles, 1968-1998**

Margaret M. Scull,2019-09-11 Until surprisingly recently the history of the Irish Catholic Church during the Northern Irish Troubles was written by Irish priests and bishops and was commemorative rather than analytical This study uses the Troubles as a case study to evaluate the role of the Catholic Church in mediating conflict During the Troubles these priests and bishops often worked behind the scenes acting as go betweens for the British government and republican paramilitaries to bring about a peaceful solution However this study also looks more broadly at the actions of the American Irish and English Catholic Churches as well as that of the Vatican to uncover the full impact of the Church on the conflict This critical analysis of previously neglected state Irish and English Catholic Church archival material changes our perspective on the role of a religious institution in a modern conflict *Modern Religious Architecture in Germany, Ireland and Beyond* Lisa Godson,Kathleen James-Chakraborty,2019-03-07 Modernity and religion are not mutually exclusive Setting German and Irish church synagogue and mosque architecture side by side over the last century highlights the place for the celebration of the new within faiths whose appeal lies in part in the stability of belief they offer across time Inspired by radically modern German churches of the 1920s and 1930s this volume offers new insights into designers of all three types of sacred buildings working at home and abroad It offers new scholarship on the unknown phenomenon of mid century ecclesiastical architecture in sub Saharan Africa by Irish designers a critical appraisal of the overlooked Frank Lloyd Wright trained Andrew Devane and an analysis of accommodating difficult pasts and challenging futures with contemporary synagogue and mosque architecture in Germany With a focus on influence and processes alongside conservationists and historians it features critical insights by the designers of some of the most celebrated contemporary sacred buildings including Niall McLaughlin who writes on his multiple award winning Bishop Edward King Chapel and Amandus Sattler architect of the innovative Herz Jesu Kirche Munich **Glasnevin House** Vivienne Keely,2014-06-02 The story of Glasnevin House and Demesne now Holy Faith Convent is intertwined with the development of the area from the time of the early monks through the medieval period when it was a farm of Christ Church to the Georgian building of Mitchell and its nineteenth century occupancy by the Lindsay family and the Sacred Heart sisters The story continues with the arrival of the Holy Faith sisters in 1865 and their ongoing stewardship and development of the land As this book opens with the contemplation of its surroundings so it closes with the description of the new centre which draws on natural beauty and the traditional spiritual influences that help us better engage with the modern world Mother and child Lindsey Earner-Byrne,2017-10-03 This fascinating book provides a detailed account of the history of maternity and child welfare in Dublin between 1922 and 1960

In so doing it places maternity and child welfare in the context of twentieth century Irish history offering one of the only accounts of how women and children were viewed treated and used by key lobby groups in Irish society and by the Irish state Mother and child is of critical importance to understanding the political and social history of modern Ireland as it examines the responses of the State the church voluntary groups and women to the emergence of the welfare State in Ireland As such it makes a welcome contribution to Irish political social medical and gender history *Baseball Rowdies of the 19th Century* Eddie Mitchell,2018-07-19 During the 19th century baseball was a game with few rules many rowdy players and just one umpire Dirty tricks were simply part of a winning strategy spiking body blocking cutting bases short or hiding an extra ball to be used when needed were all OK Deliberately failing to catch a fly in order to have the game called due to darkness was also acceptable And drinking before a game was perhaps expected Providing brief bios of dozens of players managers umpires and owners this book chronicles some of the flamboyant unruly and occasionally criminal behavior of baseball s early years

Sean Lemass Bryce Evans,2011-08-17 Se n Lemass enjoys unrivalled acclaim as the Architect of Modern Ireland Yet there remain great gaps in our knowledge of this mythic figure and his golden age Up to now Lemass a colossus of twentieth century Irish history was airbrushed to fit a narrative of national progress Today this narrative is undergoing an agonising reappraisal This groundbreaking study reveals the man behind the myth and asks questions previously skirted around What emerges is an authoritarian cunning workaholic patriot a shrewd political tactician whose impatience lay not just with the old Ireland but with democracy itself This is the untold story of a great man and his lasting impact on a nation s imagination

A Dublin Magdalene Laundry Mark Coen,Katherine O'Donnell,Maeve O'Rourke,2023-01-26 Towards the end of the 20th century the decades of abuse and neglect perpetrated in Ireland s comprehensive carceral network began finally to be exposed The mistreatment endured by children and others on the margins of Irish society notably women in these orphanages reformatory schools industrial schools psychiatric hospitals County Homes Mother and Baby Homes adoption agencies and Magdalene Laundries now attracts increasing investigation and scholarship Bringing together contributions from leading experts across a broad range of disciplines including history philosophy law archaeology criminology accounting and architecture this book offers a comprehensive exploration of the Magdalene system through a close study of Donnybrook Magdalene Laundry in Dublin To date the Justice for Magdalenes Research group has recorded the names of 315 women and girls who died at Donnybrook Magdalene Laundry By focusing on this one institution on its ethos development operation and built environment and the lives of the girls and women held there this book reveals the underlying framework of Ireland s wider system of institutionalisation The analysis includes a focus on the privatisation and commodification of public welfare reproductive injustice institutionalised misogyny class prejudice the visibility of supposedly hidden institutions and the role of oral testimony in reconstructing history In undertaking such a close study the authors uncover truths missing from the state s own investigations shed new light on how these brutal institutions came to have such a powerful presence in Irish society
