John Paul Jones Evan Thomas, 2010-06-15 The New York Times bestseller from master biographer Evan Thomas brings to life the tumultuous story of the father of the American Navy. John Paul Jones at sea and in the heat of the battle was the great American hero of the Age of Sail. He was to history what Patrick O'Brian's Jack Aubrey and C.S. Forester's Horatio Hornblower are to fiction. Ruthless, indomitable, clever, he vowed to sail as he put it in harm's way. Evan Thomas's minute by minute re-creation of the bloodbath between Jones's *Bonhomme Richard* and the British man of war *Serapis* off the coast of England on an autumn night in 1779 is as gripping a sea battle as can be found in any novel. Drawing on Jones's correspondence with some of the most significant figures of the American Revolution, John Adams, Benjamin Franklin, Thomas Jefferson, Thomas's biography teaches us that it took fighters as well as thinkers, men driven by dreams of personal glory as well as high minded principle to break free of the past and start a new world. Jones's spirit was classically American.

The Master Shipwright's Secrets Richard Endsor, 2020-03-05 AWARDED THE ANDERSON MEDAL 2020 This splendid book will appeal to maritime historians, archaeologists, model makers and nautical enthusiasts across the board. Colin Martin, The Nautical Archaeology Society. A remarkable piece of work. J.D. Davies, Historian and Author. Inspired by the recent discovery of mathematically calculated digital plans for a fourth rate ship by the Deptford master shipwright John Shish, *The Master Shipwright's Secrets* is an illustrated history of Restoration shipbuilding focused on the *Tyger*, one of the smaller but powerful two deck warships of the period. It examines the proceedings of King Charles II in deciding the types of ship he wanted and his relationship with his master shipwrights. This fascinating book reveals the many secrets of Charles II's shipwrights through an analysis of John Shish's plans for the *Tyger*, revealing innovative practical calculations which differ significantly from the few contemporary treatises on the subject and the complicated process of constructing the moulds necessary to make the ship's frame. All the other duties performed by the master shipwrights such as repairing ships.

controlling their men and keeping up with the latest inventions are also discussed in detail The Master Shipwright's Secrets is replete with beautiful and detailed illustrations of the construction of the Tyger and explores both its complicated history and its complex rebuilding complete with deck plans internal sections and large scale external shaded drawings The title also explores associated ships including another fourth rate ship the Mordaunt which was purchased into the Navy at the time and underwent a dimensional survey by John Shish A rare contemporary section drawing of another fourth rate English ship and constructional drawings of Shish's later fourth rate ship St Albans are also included **Jackspeak of the Royal**
