**The Enemy at the Gate** Andrew Wheatcroft,2009-04-28 In 1683 an Ottoman army that stretched from horizon to horizon set out to seize the Golden Apple as Turks referred to Vienna The ensuing siege pitted battle hardened Janissaries wielding seventeenth century grenades against Habsburg armies widely feared for their savagery The walls of Vienna bristled with guns as the besieging Ottoman host launched bombs fired cannons and showered the populace with arrows during the battle for Christianity s bulwark Each side was sustained by the hatred of its age old enemy certain that victory would be won by the grace of God The Great Siege of Vienna is the centerpiece for historian Andrew Wheatcroft s richly drawn portrait of the centuries long rivalry between the Ottoman and Habsburg empires for control of the European continent A gripping work by a master historian The Enemy at the Gate offers a timely examination of an epic clash of civilizations

Solove,2010-03-30 Solove offers a comprehensive overview of the difficulties involved in discussions of privacy and ultimately provides a provocative resolution He argues that are multiple forms of privacy related to one another by family resemblances His theory bridges cultural differences and addresses historical changes in views on privacy      **Vigilant Powers** Christina Maranci,2015 This book opens to the reader the world of early medieval Armenia its sacred landscapes striking churches and rich literary and religious traditions Examination of three sculpted and inscribed monuments produced during the global wars of the seventh century demonstrates the close engagement of Armenia with Byzantine imperial interests and with contemporary events in the Holy Land The dramatic context of the military frontier and the apocalyptic expectations of its contemporaries shaped a vibrant visual culture with ties to both the Byzantine and Sasanian worlds The seventh century monuments of Armenia are important not just as an extraordinary moment of local cultural production they fill a crucial gap in our knowledge about the medieval traditions of the Christian East at a time from which little survives from Constantinople and the imperial heartland East of Rome North of Jerusalem is the first English language book devoted to the subject      **The Habsburgs** Andrew Wheatcroft,1996 Offers a history of the Habsburgs from the Middle Ages to the present day      **Ottoman Warfare, 1500-1700** Rhoads Murphey,2006-06-19 A study of the Ottoman military machine and its successes in Europe North Africa and the Middle East in a period when they were feared by western European states and the focus of much military concern The book is intended for undergraduate courses in early modern history Ottoman history history of the Middle East and North Africa and for military historians      **Consumption and the World of Goods** John Brewer,Roy Porter,2013-06-17 The study of past society in terms of what it consumes rather than what it produces is relatively speaking a new development The focus on consumption changes the whole emphasis and structure of historical enquiry While human beings usually work within a single trade or industry as producers as say farmers or industrial workers as consumers they are active in many different markets or networks And while history written from a production viewpoint has by chance or design largely been centred on the work of men consumption history helps to restore women o the mainstream The history of consumption demands a wide range of skills It calls upon the methods and techniques of many other disciplines including archaeology sociology social and economic history anthropology and art criticism But it is not simply a melting pot of techniques and skills brought to bear on a past epoch Its objectives amount to a new description of a past culture in its totality as perceived through its patterns of consumption in goods and services Consumption and the World of Goods is the first of three volumes to examine history from this perspective and is a unique collaboration between twenty six leading subject specialists from Europe and North America The outcome is a new interpretation of the seventeenth and eighteenth centuries one that shapes a new historical landscape based on the consumption of goods and services      **Olor Iscanus** Henry Vaughan,1651      *Alaska and Its Resources* William Healey Dall,1870      **ARABIAN ANTIQUITIES OF SPAIN** James Cavanah 1760-1814 Murphy,Thomas Hartwell
