Child of the Dark Carolina Maria de Jesus, 1962 The Unedited Diaries of Carolina Maria de Jesus Carolina Maria de Jesus, Robert M. Levine, José Carlos Sebe Bom Meihy, 1999 Carolina Maria de Jesus book *Quarto de Despejo* The Trash Room depicted the harsh life of the slums but it also spoke of the author's pride in her blackness her high moral standards and her patriotism More than a million copies of her diary are believed to have been sold worldwide Yet many Brazilians refused to believe that someone like de Jesus could have written such a diary with its complicated words some of them misused and often lyrical phrasing as she discussed world events Doubters prefer to believe the book was either written by Audulio Dantas the enterprising newspaper reporter who discovered her or that Dantas rewrote it so substantially that her book is a fraud With the cooperation of de Jesus daughter recent research shows that although Dantas deleted considerable portions of the diary as well as a second one every word was de Jesus But Dantas did create a different Carolina from the woman who coped with her harsh life by putting things down on paper This book sets the record straight by providing detailed translations of de Jesus unedited diaries and explains why Brazilian elites were motivated to obscure her true personality and present her as something she was not It is not only about the writer but about Brazil as recorded by her sarcastic pen The diary entries in this book span from 1958 to 1966 five years beyond text previously known to exist They show de Jesus as she was preserving her Joycean stream of consciousness language and her pithy characterizations *Bitita's Diary: The Autobiography of Carolina Maria de Jesus* Carolina Maria De Jesus, Robert M. Tale of a Certain Orient Milton Hatoum,John Gledson,2007-08 When Emilie the matriarch of a large and unruly family of Lebanese emigrants is on her deathbed her granddaughter must return to Manaus and her childhood home to say goodbye Here in the heart of the Amazon she becomes enveloped in memories as family and friends gather round to tell their own tales We hear of how Uncle Hanna first left Lebanon for Brazil early in the twentieth century of Soraya Angela the illegitimate deaf mute child whose short life was blighted by fear and prejudice of Uncle Emir and his solitary walk that ended at the bottom of the river of Hakim s wranglings with the Arabic language of the two unnameable fiery tongued brothers of the German photographer and constant friend Dorner roaming Manaus with his Hasselblad and at the centre of it all lies Emilie loving interfering luminous

Literature and Ethics in Contemporary Brazil Vinicius Mariano De Carvalho,Nicola Gavioli,2017-02-24 Illuminating the relevance of literature as a catalyst for rethinking Brazil this book offers a resistance to the official discourses that have worked to conceal social tensions injustices and secular inequities in Brazilian society

Literary Passion, Ideological Commitment Dawn Duke,2008 This study examines Afro Cuban and Afro Brazilian women writers as well as analysing the roles of women of African descent in Cuban and Brazilian literature Initially literary

imagination locked women into circumscribed roles a result of hierarchies embedded in slavery and colonialism and sustained by hierarchical theories on race and gender The discussion illustrates how these negative aspects have influenced the mainstream literary imagination that contrasts with the self portrayals created by women writers themselves Even as there continues to be disadvantageous constructions there is no doubt that a modification has occurred over time in images representation and articulation It is a change directly associated with the instances when women themselves are the writers The historiographic image of the Afro Cuban and Afro Brazilian woman as a written object is ideologically replaced by a vision of her as a writing subject It is here that the vision of a creative multifaceted and diversified literature becomes important

Linking the Americas Lesley Feracho, 2012-02-01 What links women of the Americas How do they redefine their identities Lesley Feracho answers these questions through a comparative look at texts by four women writers from across the Americas Zora Neale Hurston Julieta Campos Carolina Maria de Jesus and Clarice Lispector She explores how their writing reformulates identity as an intricate connection of the historical sociocultural and discursive and also reveals new understandings of feminine writing as a hybrid discourse in and of itself

World Christianity and Interfaith Relations, 2022-10-25 In this landmark volume a rich array of voices make the case that religion is not partitioned off from the secular in the Global South the way it is in the Global North Authors work at the intersections of freedom and Nationalism peace and reconciliation and gender ecology and ethnography to contend that religion is in fact deeply integrated into the lives of those in the Global South even though secularism a political philosophy that requires the state to treat all religions equally predominates in many of the regions World Christianity and Interfaith Relations is part of the multi volume series World Christianity and Public Religion The series seeks to become a platform for intercultural and intergenerational dialogue and to facilitate opportunities for interaction between scholars across the Global South and those in other parts of the world by engaging emerging voices from a variety of indigenous Christianities around the world The focus is not only on particular histories and practices but also on their theological articulations and impact on the broader societies in which they work

Pitts, Mariana Ortega, José Medina, 2020-01-23 A theory in the flesh means one where the physical realities of our lives all fuse to create a politic born of necessity writes activist Cherr e L Moraga This volume of new essays stages an intergenerational dialogue among philosophers to introduce and deepen engagement with U S Latinx and Latin American feminist philosophy and to explore their theories in the flesh It explores specific intellectual contributions in various topics in U S Latinx and Latin American feminisms that stand alone and are unique and valuable analyzes critical contributions that U S Latinx and Latin American interventions have made in feminist thought more generally over the last several decades and shows the intellectual and transformative value of reading U S Latinx and Latin American feminist theorizing The collection features a series of essays analyzing decolonial approaches within U S Latinx and Latin American feminist philosophy including studies of the functions of gender within feminist theory

everyday modes of resistance and methodological questions regarding the scope and breadth of decolonization as a critical praxis. Additionally, essays examine theoretical contributions to feminist discussions of selfhood, narrativity, and genealogy, as well as novel epistemic and hermeneutical approaches within the field. A number of contributors in the book address themes of aesthetics and embodiment, including issues of visual representation, queer desire, and disability within U.S. Latinx and Latin American feminisms. Brazil under Construction S. Beal, 2015-12-11 *Brazil under Construction* tracks how Brazil's major public works projects and the fiction surrounding them mark a twofold construction of the nation: the functional construction of the country's public infrastructure and the symbolic construction of nationhood.

Branding Brazil Leslie L. Marsh, 2021-05-14 *Branding Brazil* examines a panorama of contemporary cultural productions, including film, television, photography, and alternative media, to explore the transformation of citizenship in Brazil from 2003 to 2014. A utopian impulse drove the reproduction of Brazilian cultural identity for local and global consumption; cultural production sought social and economic profits, especially greater inclusion of previously marginalized people and places. Marsh asserts that three communicative strategies from branding—promising progress, cultivating buy-in, and resolving contradictions—are the most salient and recurrent practices of nation branding during this historic period. More recent political crises can be understood partly in terms of backlash against marked social and political changes introduced during the branding period. *Branding Brazil* takes a multifaceted approach, weaving media studies with politics and cinema studies to reveal that more than a marketing term or project emanating from the state, branding was a cultural phenomenon.

Critical Perspectives on Afro-Latin American Literature Antonio D. Tillis, 2012-04-23 After generations of being rendered virtually invisible by the U.S. academy in critical anthologies and literary histories, writing by Latin Americans of African ancestry has become represented by a booming corpus of intellectual and critical investigation. This volume aims to provide an introduction to the literary worlds and perceptions of national culture and identity of authors from Spanish America, Brazil, and uniquely Equatorial Guinea, thus contextually connecting Africa to the history of Spanish colonization. The importance of Latin American literature to the discipline of African Diaspora studies is immeasurable, and this edited collection provides a ripe cultural context for critical comparative analysis among the vast geographies that encompass African and African Diaspora studies. Scholars in the area of African Diaspora Studies, Black Studies, Latin American Studies, and American literature will be able to utilize the eleven essays in this edition to enhance classroom instruction and further academic research.

No Laughing Matter: Race Joking and Resistance in Brazilian Social Media Luiz Valério P. Trindade, 2020-10-06 *No Laughing Matter: Race Joking and Resistance in Brazilian Social Media* examines the social phenomenon of construction and dissemination of colonial like racist discourses fostered against upwardly mobile black women through disparagement humour on social media platforms adopting a fresh and innovative perspective In this book Luiz Vale rio P Trindade explores the idea that disparagement humour might not be as exempt of social impact as the jokers might believe and that in fact this kind of humour reveals the hidden facet of deep seated colonial ideologies still present in Brazilian society despite being hailed as a unique model of a post racial society The author argues that these ideologies establish and naturalise superior social positions and symbolic privileges to whites while undermining and delegitimising black women s upward social mobility Social media platforms enable the proponents of these beliefs not only to engage in the practice of online hate speech but also to attract a considerable number of like minded people creating a long lasting echo chamber effect in the cyberspace This way they manage to amplify the reach and reverberation of their racist discourses in the online environment in ways not commonly seen in Brazilian offline social contexts This monograph is of great interest and relevance to students scholars and researchers across a variety of disciplines most notably Critical Race Studies Media Communication Studies and Critical Humour Studies and also academics in other areas such as Critical Discourse Analysis Postcolonial Studies Cultural Studies and Latin American Studies
