Cuban Studies 38 Louis A. Perez, Jr.,2008-01-27 *Cuban Studies 38* examines topics that include liberalism emanating from Havana in the early 1800s Jose Mart s theory of psychocoloniality the relationship between sugar planters insurgents and the Spanish military during the revolution new aesthetics in Cuban cinema the recovery of poet Jos Angel Buesa and the meaning of Eli n Gonzales in the context of life in Miami **Autobiografie E Vite De'maggiori Scrittori Italiani** Angelo Solerti,1903 Growing Old in Early Modern Europe ErinJ. Campbell,2017-09-29 The goal of the twelve essays in this volume contributed by scholars in the fields of history literature art history and medicine is to enrich our understanding of cultural discourses on ageing in early modern Europe While a number of books examine old age in other eras and a few touch on the early modern period this is the first to focus explicitly on representations of ageing in Europe from 1350 1700 These studies invite the reader to take a closer look at images of ageing they show that representations are embedded in specific communities life situations and structures of power As well the book explores how representations of old age function in various and often surprising ways as repositories of socio cultural anxieties as strategies of self fashioning and as instruments of ideology capable of disciplining the body and the body politic Since this book is about how old age as a cultural category was produced and maintained through representation the essays in this volume are organised thematically across geographic disciplinary and media boundaries to foreground the politics and poetics of representational strategies The contributors to this collection show that our understanding not only of ageing but also of power subjectivity gender sexuality and the body is enriched by the study of cultural representations of old age Through sensitive and sophisticated readings of a wide range of sources these papers collectively demonstrate the formative influence and generative force of images of old age within early modern European culture **La Abeja** ,1866 **The Inferno of Dante Alighieri** Dante Alighieri,1919

Associazione di Studi Portoghesi e Brasiliani tenutosi nel 2012 presso le sedi dell'Università di Roma La Sapienza e dell'Università di Roma Tre offrono un panorama di temi linguistici e letterari legati sia al contesto portoghese che a quello brasiliano. I saggi d'argomento letterario rinnovano il contributo italiano allo studio della letteratura luso-brasiliana rimanendo nel solco di una tradizione nazionale ricca di spunti che ha visto arrivare proprio dall'Italia alcuni contributi storici filologici ed ermeneutici tuttora indispensabili per comprendere l'opera dei maggiori autori di lingua portoghese. I saggi di argomento linguistico sintetizzano invece alcuni dei risultati prodotti dalle cattedre di lingua di recente istituzione in Italia privilegiando in particolar modo tematiche legate al binomio lingua-traduzione. Knowledge Simone Luzzatto, 2019-08-19 Socrates Or On Human Knowledge published in Venice in 1651 is the only work written by a Jew that contains so far the promise of a genuinely sceptical investigation into the validity of human certainties Simone Luzzatto masterly developed this book as a pi ce of theatre where Socrates as main actor has the task to demonstrate the limits and weaknesses of the human capacity to acquire knowledge without being guided by revelation He achieved this goal by offering an overview of the various and contradictory gnosiological opinions disseminated since ancient times the divergence of views to which he addressed the most attention prevented him from giving a fixed definition of the nature of the cognitive process This obliged him to come to the audacious conclusion of neither affirming nor denying anything concerning human knowledge and finally of suspending his judgement altogether This work unfortunately had little success in Luzzatto s lifetime and was subsequently almost forgotten The absence of substantial evidence from his contemporaries and that of his epistolary have thus increased the difficulty of tracing not only its legacy in the history of philosophical thought but also of understanding the circumstances surrounding the writing of his Socrates The present edition will be a preliminary study aiming to shed some light on the philosophical and historical value of this work s translation indeed it will provide a broader readership with the opportunity to access this immensely complicated work and also to grasp some aspects of the composite intellectual framework and admirable modernity of Venetian Jewish culture in the ghetto **Acta Ecclesiae**
