Post-Truth Lee McIntyre,2018-02-16 How we arrived in a post truth era when alternative facts replace actual facts and feelings have more weight than evidence Are we living in a post truth world where alternative facts replace actual facts and feelings have more weight than evidence How did we get here In this volume in the MIT Press Essential Knowledge series Lee McIntyre traces the development of the post truth phenomenon from science denial through the rise of fake news from our psychological blind spots to the public s retreat into information silos What exactly is post truth Is it wishful thinking political spin mass delusion bold faced lying McIntyre analyzes recent examples claims about inauguration crowd size crime statistics and the popular vote and finds that post truth is an assertion of ideological supremacy by which its practitioners try to compel someone to believe something regardless of the evidence Yet post truth didn t begin with the 2016 election the denial of scientific facts about smoking evolution vaccines and climate change offers a road map for more widespread fact denial Add to this the wired in cognitive biases that make us feel that our conclusions are based on good reasoning even when they are not the decline of traditional media and the rise of social media and the emergence of fake news as a political tool and we have the ideal conditions for post truth McIntyre also argues provocatively that the right wing borrowed from postmodernism specifically the idea that there is no such thing as objective truth in its attacks on science and facts McIntyre argues that we can fight post truth and that the first step in fighting post truth is to understand it *Principles of Federal Prosecution* United States. Department of Justice,1980 *Lies, Incorporated* Ari Rabin-Havt,Media Matters for America,2016-04-19 A stunning investigation of the history of organized misinformation in politics In today s post truth political landscape there is a carefully concealed but ever growing industry of organized misinformation that exists to create and disseminate lies in the service of political agendas Ari Rabin Havt and Media Matters for America present a revelatory history of this industry which they ve dubbed Lies Incorporated and show how it has crippled legislative progress on issues including tobacco regulation public health care climate change gun control immigration abortion and same sex marriage Eye opening and indispensable Lies Incorporated takes an unflinching look at the powerful network of politicians and special interest groups that have launched coordinated assaults on the truth to shape American politics Tropical Ecological Systems F B Golley,E Medina,1975-04-15 **Governance of Global Networks in the Light of Differing Local Values** Christoph Engel,Kenneth H.
