**Public Commissions on Cultural and Religious Diversity** Solange Lefebvre, Patrice Brodeur, 2017-05-08 Due to growing negative perceptions about relations between historically entrenched dominant populations and various minority groups issues relating to the need to better manage cultural and religious diversity have been intensifying in many countries These negative perceptions have recently led to a significant increase in popular support for right and extreme right nationalist discourses and have created so much public tension that national governments have had no choice but to respond In the last two decades in several Western contexts in particular the issues raised by such combined challenges have culminated in the creation of government initiated or private national commissions This book presents the results of a multidisciplinary analysis from a broader framework that includes the national public commissions which have addressed the challenges of managing cultural and religious diversity in Belgium Britain Canada Quebec France Morocco and Norway including also other cases of public management in Australia and Singapore It includes in depth studies of the issues and controversies examined by each of the commissions such as the ways they perceived the issues their results and impact the key political players involved the media debates and reception surrounding each commission the communication strategies and difficulties their leaders encountered as well as the legal aspects each commission has raised The reports represent a rich body of work charting the fundamental questions nations face about their nature history and future while the impact on peoples lives tells us much about different approaches to the issues of cultural identity between countries

*Bridging Differences: Understanding Cultural Interaction in Our Globalized World* Newtona (Tina) Johnson, Shawn Simpson, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 Cultural interaction in our worlds today is essential to building 21st century bridges between communities The experiences and lessons learned from the authors of the articles herein are shared with empathy and humility across many disciplines The creation and re creation of individual identities and group identities due to migrations throughout history is an ongoing story Never does one cultural profile remain constant On the contrary as boundaries change so do people and therefore cultures Interculturalism is the one valid approach to understanding these changes but should be used with great sensitivity And sensitivity is the over riding emotion emanating from the different studies in this volume the search for one's identity when the latter has been lost or has become difficult to recognize the attempts to erase identities so as to conform to national unity the will to create new identities to fit in with new environments the need to re evaluate oneself so as to remain true to oneself These endeavors are subtly described in this vibrant compendium of intercultural monographies

**Linguistic Rivalries** Sonia N. Das, 2016-10-27 Linguistic Rivalries weaves together anthropological accounts of diaspora nation and empire to explore and analyze the multi faceted processes of globalization characterizing the migration and social integration experiences of Tamil

### **La Politique de sélection des immigrants du Québec**

Monnot,2012-09-20T00:00:00-04:00 Le Québec choisit ses immigrants en fonction de critères et en vue d'objectifs qu'il définit lui-même Cette autonomie conquise de haute lutte dans les années 1960 et 1970 n'a d'équivalent ni dans un autre pays ni dans une autre province du Canada En 2011 37 000 travailleurs qualifiés ont trouvé leur place selon leur genre leur formation leur expérience de travail leurs compétences linguistiques et le profil de leur conjoint La responsabilité de relever le défi de l'immigration a été confiée à un acteur principal le ministère de l'Immigration Depuis quarante cinq ans et bien qu'il ait toujours été le parent pauvre de la distribution budgétaire ce ministère a développé un savoir-faire et des traditions non négociables La cohérence long terme de la politique québécoise peut faire figure de modèle Pourtant elle est aujourd'hui menacée Parce que l'immigration et la sélection des candidats sont l'objet de questionnements certains sembleraient prêts faire table rase de cette expertise pour l'instant du fait qu'il ne plus servir la sélection qu'un seul objectif l'employabilité court terme Or la sélection de futurs concitoyens doit se soucier de leur intégration au regard des caractéristiques économiques culturelles et linguistiques propres à la société québécoise Il importe donc de conserver des critères pluriels comme d'assurer la qualité du processus de sélection Cet ouvrage retrace l'histoire des politiques d'immigration québécoises Il expose aussi les rouages de la politique de sélection des immigrants du Québec ses objectifs parfois contradictoires ses moyens et ses limites De plus il propose quelques pistes pour relever les défis venir

**Québec: État et Société, Tome 2** ALAIN-G. GAGNON.,2003      **Province Building and the Federalization of immigration in Canada** Mireille Paquet,2019-03-14 Most accounts of the provincial role in Canadian immigration focus on the experience of Quebec In Province Building and the Federalization of Immigration in

Canada Mireille Paquet shows that between 1990 and 2010 all ten provinces became closely involved in immigrant selection and integration This considerable change to the Canadian model of immigration governance corresponds to a broader process of federalization of immigration by which both orders of government became active in the management of immigration While Canada maintains its overall positive approach to newcomers the provinces developed and continue to develop their own formal immigration strategies and implement various selections and integration policies This book argues that the process of federalization is largely the result of provincial mobilization In each province mobilization occurred through a modern iteration of province building this time focused on immigrants as resources for provincial economies and societies Advocating for a province centred analysis of federalism Province Building and the Federalization of Immigration in Canada provides key lessons to understanding the contemporary governance of immigration in Canada     *The Civil Sphere in Canada* Jeffrey C. Alexander,Mervyn Horgan,2025-05-15 When activists advocate victims of injustice and ordinary citizens seek to advance or block social justice and cohesion they draw on morally charged ideals But the wellsprings of solidarity in a society as diverse as Canada are complex and mutable The Civil Sphere in Canada analyzes the shifting meanings we attach to key social actors activities and institutions to reveal the dynamics of inclusion and exclusion that animate Canadian society Applying Jeffrey Alexander's groundbreaking civil sphere theory to Indigenous settler relations media scandals

multiculturalism urban planning and personal relations contributors demonstrate that transformations in shared meaning must precede legislative and institutional change Profoundly harmful behaviours such as cultural appropriation sexual misconduct and even genocide may pass as routine for years before the public decides they are unacceptable breaches of civil order This superb collection ushers Canadian voices into a burgeoning international debate about the role of the civil sphere in effecting social justice     La diversité ethnoculturelle, religieuse et linguistique en éducation 2e édition Maryse Potvin,Marie-Odile Magnan,Julie Laroche-Audet,Jean-Luc Ratel,2021-06-21T00:00:00-04:00 Le présent ouvrage conçu par une équipe de spécialistes est destiné à former initialement et continuellement les enseignants et le personnel scolaire ainsi qu'à toute personne intéressée aux enjeux qui soulèvent l'adaptation systémique des milieux d'enseignement à la diversité ethnoculturelle. Cette deuxième édition remédiée et actualisée propose des clés conceptuelles sociohistoriques et politiques pour comprendre l'état actuel des rapports ethniques au Québec des réalistes migratoires et de l'adaptation du système scolaire qu'il coïncide aux enjeux du pluralisme. Les milieux d'enseignement sont aux premières lignes des préoccupations collectives et des politiques publiques en matière de droit au respect des droits et au vivre ensemble et les cinq dernières années ont vu apparaître une nouvelle loi sur la laïcité ainsi que des polarisations sociales sur des questions identitaires et des enjeux identitaires qui ont affecté particulièrement ces milieux. Les enseignants du préscolaire jusqu'à l'université doivent donc mieux préparer à prendre en compte dans leur pratique des réalités de plus en plus complexes discriminations intersectionnelles associées notamment au linguicisme, au racisme, au sexisme et au capitalisme transposition dans les classes des polarisations sociales ou des conflits.

mondiaux accommodements raisonnables réussite d'enseignement des Autochtones soutien de l'enfance sous scolarisation et traumatisés. Les 22 chapitres de ce livre partagent donc comme visée commune le développement de connaissances d'habiletés et d'attitudes théiques et critiques chez les professionnels de l'éducation autour des finalités d'une approche citoyenne inclusive, antiraciste et interculturelle notamment. Deux finalités centrales : adopter des pratiques qui tiennent compte des expériences des enfants des besoins et des droits des apprenants particulièrement ceux des groupes minoritaires ou marginalisés et proposer à tous les apprenants mieux vivre ensemble dans une société pluraliste et agir comme citoyennes et citoyens engagés envers les droits et la justice.

*Conflits de mémoire* Véronique Bonnet, 2004

Conflits de mémoire. En quoi la mémoire se présente-t-elle aux conflits ? Comment ces conflits interfèrent-ils dans le mode de restitution de mémoires tragiques enjeu contemporain des sciences humaines et sociales. Voici quelquesunes des questions auxquelles se consacre ce livre qui poursuit cette quête de mémoire pour la période de la Seconde Guerre mondiale et dans les espaces temps clatifs du colonial et postcolonial. Figures emblematiques de cette quête : les très minoritaires qui accèdent à la parole bouleversent de ce fait le discours académique. Ainsi la littérature prise dans une spirale de violence perd son caractère banalément illustratif au cœur de cette critique de la guerre et de l'extermination des sujets longtemps situés à la marge des représentations institutionnelles deviennent eux-mêmes sujets de l'histoire. L'irruption du dire minoritaire permet d'envisager la critique comme l'une des possibles configurations de la reconstruction de la mémoire. Néanmoins, le présent ouvrage n'a pas la dimension directe de la question du mode de transmission de cette mémoire cassée et travail de la mémoire et n'a cessé de savoir demeurent le point nodal de la réflexion qui unit les présentes contributions.

**LLT**, 1998    **Récits nord-américains d'émergence : culture** Winfried Siemerling, 2011-10-06T00:00:00-04:00

Cet ouvrage particulièrement bien informé propose la fois une synthèse des discours tenus sur l'américanité et la mise en place de nouvelles perspectives notamment en ce qui concerne la différence culturelle et le multiculturalisme canadien. Lise Gauvin, Université de Montréal. Ce livre original propose une nouvelle carte des identités en Amérique du Nord. En faisant entendre des conversations entre formes d'expression et groupes culturels qui sont rarement mis en contact, Winfried Siemerling oriente le débat sur l'américanité. Dans ces dialogues, les voix du Québec sont un point de référence essentiel. Elles participent pleinement à la redéfinition de l'espace américain. Sherry Simon, Université Concordia.

*Du tricoté serré au métissé serré ?* Collectif, 2008-03-14T00:00:00-04:00

Peut-on proposer une culture publique commune sans être un état souverain ? Quelles sont les modalités d'une telle culture ? Quelles institutions la favorisent ou l'entravent ? De quels problèmes est-elle le symptôme ? Dans quelle mesure cette notion est-elle hospitalière à la diversité ? Plusieurs cultures publiques communes peuvent-elles coexister au sein d'un même état ? Ce livre sur la culture publique commune offre des réflexions conceptuelles et théoriques liées aux accommodements raisonnables au Québec.
