Queen City At War Charlotte North Carolina During World War II 1939 1945:

The Queen City at War Stephen Herman Dew, 1997 *The Queen City at War* Stephen H. Dew, 2001 *The Queen City at War* reveals a complexity of experience on the Charlotte home front and it supports much of the current research that exposes the myth behind the Good War concept The story of Charlotte during World War II is a tale of two cities for some it was the best of times but for others it was the worst of times This study draws upon much of the recent scholarship related to the home front and it also utilizes a number of primary sources especially the Charlotte Observer and the Charlotte News as well as local documents and manuscript collections *The Queen City at War* should appeal to historians students of history and the general public interested in World War II and the American home front as well as those interested in Southern history and American urban history **Home Front** Julian M. Pleasants, 2018-10-03 At the outset of World War II North Carolina

was one of the poorest states in the Union More than half of the land was rural Over one third of the farms had no electricity only one in eight had a telephone Illiteracy and a lack of education resulted in the highest rate of draft rejections of any state The citizens desperately wanted higher living standards and the war would soon awaken the Rip Van Winkle state to its fullest potential Home Front traces the evolution of the people customs traditions and attitudes arguing that World War II was the most significant event in the history of modern North Carolina Using oral history interviews newspaper accounts and other primary sources historian Julian Pleasants explores the triumphs hardships and emotions of North Carolinians during this critical period The Training and Selective Service Act of 1940 created over fifty new military bases in the state to train two million troops Citizens witnessed German submarines sinking merchant vessels off the coast struggled to understand and cope with rationing regulations and used 10 000 German POWs as farm and factory laborers The massive influx of newcomers reinvigorated markets the timber mineral textile tobacco and shipbuilding industries boomed and farmers and other manufacturing firms achieved economic success Although racial and gender discrimination remained World War II provided social and economic opportunities for black North Carolinians and for women to fill jobs once limited to men helping to pave the way for the civil and women s rights movements that followed The conclusion of World War II found North Carolina drastically different Families had lost sons and daughters fathers and mothers and brothers and sisters Despite all the sacrifices and dislocations the once provincial state looked forward to a modern diversified and highly industrialized future *Texas and Texans in World War II* Christopher B. Bean, 2022-08-24 *Texans in World War II* offers an

informative look at the challenges and changes faced by Texans on the home front during the Second World War This collection of essays by leading scholars of Texas history covers topics from the African American and Tejano experience to organized labor from the expanding opportunities for women to the importance of oil and agriculture *Texans in World War II* makes local the frequently studied social history of wartime bringing it home to Texas An eye opening read for Texans eager to learn more about this defining era in their state s history this book will also prove deeply informative for scholars students

and general readers seeking detailed definitive information about World War II and its implications for daily life economic growth and social and political change in the Lone Star State *Encyclopedia of American Urban History* David Goldfield,2007 Publisher description *The Entrepreneurial Librarian* Mary Krautter,Mary Beth Lock,Mary G. Scanlon,2014-01-10 The old image of an entrepreneur as a scrappy independent risk taker has been replaced by the reality of individuals incorporating innovative ideas in more traditional settings This collection of essays illustrates how librarians are infusing entrepreneurial principles in a variety of arenas including public private academic and special libraries It chronicles how entrepreneurial librarians are flourishing in the digital age advocating social change responding to patron demands designing new services and developing exciting fundraising programs Applying new business models to traditional services they eagerly embrace entrepreneurship in response to patrons demands funding declines changing resource formats and other challenges By documenting the current state of entrepreneurship in libraries this volume upends the public image of librarians as ill suited to risky or creative ventures and places them instead on the cutting edge of innovations in the field

The North Carolina Historical Review ,2006 **The Journal of Military History** ,2000 **North Carolina's Shining Hour** David La Vere,Diane Silcox-Jarrett,2005 Drawn from the accounts of those who lived it this powerful chronicle of our state during World War II commemorates the extraordinary actions of ordinary North Carolinians on the battlefield and the home front the indomitable spirit of a patriotic people in a time of peril and sacrifice and the ways in which the Good War changed us forever An extensive collection of photographs the majority of which have never been published complements this snapshot of North Carolina in wartime and honors our states heroic contributions to the nations efforts to secure peace in the world American Book Publishing Record ,2001 **Dissertation Abstracts International** ,1998

American Doctoral Dissertations ,1997 *America, History and Life* ,2007 Article abstracts and citations of reviews and dissertations covering the United States and Canada *String Bands in the North Carolina Piedmont* Bob Carlin,2014-12-24 String band music is most commonly associated with the mountains of North Carolina and other rural areas of the Blue Ridge and Appalachian mountains but it was just as abundant in Piedmont region of North Carolina albeit with different influences and stylistic conventions This work focuses exclusively on the history and culture of the area the music s development and the changes within traditional communities of the Piedmont It begins with a discussion of the settlement of the Piedmont in the mid 1700s and early references to secular folk music including the attitudes the various ethnic and religious groups had on music and dance the introduction of the fiddle and the banjo and outside influences such as minstrel shows Hawaiian music and classical banjo It then goes on to cover African Americans and string band music the societal functions of square dances held at private homes and community centers the ways in which musicians learned to play the music and bought their instruments fiddler s conventions and their history as community fundraisers the recording industry and Piedmont musicians who cut recordings including Ernest Thompson and the North Carolina Cooper Boys Bascom Lamar Lunsford and the

Carolina Folk Festival the influence of live radio stations including WPTF in Raleigh WGWR in Asheboro WSJS in Winston Salem WBIG in Greensboro and WBT in Charlotte the first generation of locally bred country entertainers including Charlie Monroe s Kentucky Partners Gurney Thomas and Glenn Thompson and bluegrass and musical change following World War II
