Public Record Office, 1858 Desire/Love Lauren Gail Berlant, 2012 There is nothing more alienating than having your pleasures disputed by someone with a theory writes Lauren Berlant Yet the ways in which we live sexuality and intimacy have been profoundly shaped by theories especially psychoanalytic ones which have helped to place sexuality and desire at the center of the modern story about what a person is and how her history should be read At the same time other modes of explanation have been offered by popular and mass culture In these domains sexual desire is not deemed the core story of life it is mixed up with romance a particular version of the story of love In this small theoretical novella cum dictionary entry Lauren Berlant engages love and desire in separate entries In the first entry Desire mainly describes the feeling one person has for something else it is organized by psychoanalytic accounts of attachment and tells briefly the history of their importance in critical theory and practice The second entry on Love begins with an excursion into fantasy moving away from the parent child structure so central to psychoanalysis and looking instead at the centrality of context environment and history The entry on Love describes some workings of romance across personal life and commodity culture the place where subjects start to think about fantasy on behalf of their actual lives Whether viewed psychoanalytically institutionally or ideologically love is deemed always an outcome of fantasy Without fantasy there would be no love Desire Love takes us on a tour of all of the things that sentence might mean **Nature of Desire** Joey W. Legitimizing the Queen Cristina Guardiola-Griffiths, 2011 *Legitimizing the Queen* deals with a genre particular to the Middle Ages the *specula principum* mirror of prince Its importance as an object of study may be understood in light of the political instability that wracked the Castilian fifteenth century The many works written for and dedicated to Isabel I of Castile depict her kingdom as a shipwrecked boat a wayward realm and a land of bankrupt people These works suggest the kingdom s need for redemption through the strong leadership of the Catholic monarchs These largely propagandistic works were designed to garner power and once maintained further Isabel s agenda This book frames the concept of sovereignty from the theoretical perspective of the *speculum principum* dedicated to her It offers a Bourdieuan approach to the more literary *specula* texts used to legitimize and uphold Isabel s power This book reveals propagandistic qualities promoting the ideology necessary to legitimize and support Isabel s claims to the throne Written primarily between 1468 and 1493 these works are literary artifacts that mark the rise to power of a female sovereign The study discusses the various strategies of legitimation employed by these propagandists whose works circulated within noble and royal courts and presumably extended into Castile as justification for her sovereign claim to the throne By analyzing fifteenth century texts from within a modern critical framework this book reexamines Isabel s position as queen and contributes to the understanding of her shared sovereignty in a period political and social evolution
