began It was in these skies that air power launched from carriers became a new form of engagement and where the war ultimately ended with kamikaze attacks and with atomic bombs dropped over Japan Throughout the conflict American flyers felt a compelling call to supplement the official news and military reports In vivid accounts written soon after combat and in reflective memoirs recorded in the years after peace came both pilots and crew members detailed their stories of the action that occurred in the embattled skies Their first person testimonies describe a style of warfare invented at the moment of need and at a time when the outcome was anything but certain Gathering more than a hundred personal narratives from Americans and from Japanese Pacific Skies recounts a history of air combat in the Pacific theater Included are the words of such famous aces and bomber pilots as Joe Foss Pappy Boyington Dick Bong and Curtis Lemay as well as the words of many rank and file airmen Together their stories express fierce individualism and resourcefulness and convey the vast panorama of war that included the skies over Pearl Harbor Wake and Guadalcanal and missions from Saipan and Tinian As Pacific Skies recounts the perilous lives of pilots in their own words Jerome Klinkowitz weaves the individual stories into a gripping historical narrative that exposes the shades of truth and fiction that can become blurred over time A book about experiencing and remembering Pacific Skies also is a story of unique perspectives on the war *The Second World War: Asia and the Pacific* John H. Bradley, Jack W. Dice, 1977
