*The Titled Americans* Elisabeth Kehoe, 2005-10-11 Set against the backdrop of Victorian and Edwardian society a portrait of the three Jerome sisters Jennie Clara and Leonie American heiresses who married into the heights of British society spans three generations from their parents through their children including Jennie's son Winston Churchill Publisher The Vanderbilt Homes Robert B. King, 1989 Linked with wealth and power since the 1860s the Vanderbilts have often been regarded as America's royal family Here are 25 of their spectacular houses built during the country's Gilded Age the height of Vanderbilt preeminence The dwellings include Fifth Avenue townhouses luxurious Newport summer palaces and vast Adirondack mountain retreats Illustrated *Displaying Women* Maureen E. Montgomery, 2016-04-29 *Displaying Women* explores the role of women in the representation of leisure in turn of the century New York To see and be seen on Fifth Avenue and Broadway in Central Park and in the fashionable uptown hotels and restaurants was one of the fundamental principles in the display aesthetic of New York's fashionable society Maureen E. Montgomery argues for a reconsideration of the role of women in the bourgeois elite in turn of the century America By contrasting multiple images of women drawn from newspapers magazines private correspondence etiquette manuals and the New York fiction of Edith Wharton Henry James and others she offers a convincing antidote to the long standing tendency in women's history to overlook women whose class affiliations have put them in a position of power The Papers of Andrew Johnson: May 1869-July 1875 Andrew Johnson, 1967 Is there life after the presidency That is the question with which Andrew Johnson wrestled after his return to Tennessee in March 1869 until his death in the summer of 1875 He answered that question with a resounding yes and revitalized his political ambitions For his six post presidential years Johnson relentlessly pursued a vindication of earlier setbacks and embarrassments He had hardly arrived back in Greenville before he began mapping his strategy to recapture public acclaim Johnson eschewed the opportunity to compete for the governor's chair and opted instead to set his sights on the prospects of going back to the nation's capital preferably as a U.S. senator Johnson engaged in three separate campaigns one in 1869 one in 1872 and the final one in 1874-75 In the first he sought election to the U.S. Senate At the very last minute the tide went against him in the legislature and Johnson thereby lost a wonderful opportunity to return to Washington only a few months after the end of his presidency In 1872 Tennessee stipulated that its new congressional seat would be an at large

one This suited Johnson who favored a statewide rather than a district race When he could not secure the formal nomination of the state s Democratic part he boldly declared himself an independent candidate Although he knew full well that his actual chances of election over either a Republican or a Democratic rival were slim Johnson stayed in the fray Confederates exerted one the Democratic party and he succeeded The Republican contender emerged victorious much as Johnson had calculated and therefore in a somewhat perverse this strengthened Johnson s political clout for another day The day came in 1874 when he launched his campaign for the U S Senate Johnson labored mightily throughout the state in this cause by the time the legislature convened he was the major contender for the post But Democratic party successes in the gubernatorial and legislative elections had encouraged a number of other hopefuls Eventually the legislature staged fifty five ballots before Johnson carried the day in late January 1875 As fate would have it President Grant summoned a special session of the U S Senate to meet in March enabling Johnson to claim his seat well ahead of the normal schedule The ex president strode confidently into the Senate chamber the scene of his impeachment embarrassment in 1868 and took the oath of office Many well wishers as well as old foes greeted the battle scarred political veteran whose vindication had been achieved at last After lingering in Washington after the close of the Senate session Johnson returned to Tennessee where he lived out the short remainder of his days With the exception of serious financial reverses and a nearly fatal battle with cholera in 1873 Johnson s sole focus had been his political rehabilitation Considering his return to the Senate albeit brief the argument could be made that he succeeded But considering the verdict of most historians it remains debatable whether he achieved his aims The Editor Paul H Bergeron is professor of history at the University of Tennessee Knoxville
