

The background of the cover is a dark, atmospheric illustration of a London street at night. On the right, the Elizabeth Tower (Big Ben) is visible, its clock face glowing with a yellow light. In the foreground, there are two ornate street lamps with glowing yellow globes. A silhouette of a person stands in the lower right. The title is presented on a large, octagonal sign that looks like a stop sign, with a light blue-grey background and a white border. The sign features the title in a stylized, white, gothic-style font, flanked by two small royal crests.

the world had ever seen This is the story of how it happened and the people who made it happen In a fast moving narrative that ranges from London to the harsh terrain of India Russia and the Far East Saul David shows how Britain ruthlessly exploited her position as the world s only superpower to expand her empire Yet little of this territorial acquisition was planned or sanctioned by the home government Instead it was largely the work of the men on the ground and to those at home it really did seem that the empire was acquired in a fit of absence of mind Saul David creates a vivid portrait of life on the violent fringes of empire and of the seemingly endless and brutal wars that were fought in the name of trade civilization and the balance of power **The Well of Loneliness** Radclyffe Hall,1928 **Dangerous Acquaintances** Choderlos de
