Queen Charlotte Islands 1774 1966:

The Queen Charlotte Islands: The beloved island Kathleen E. Dalzell, 1981 Once again Kathleen Dalzell has captured the mystery and the adventure of the Queen Charlotte Islands In this her third book on the islands Dalzell focuses on her parents free spirited pioneers who risked everything to settle on the islands they loved The result is a story that is both fascinating and informative a look at history from the inside out This very personal account of the Queen Charlotte Islands shows Kathleen Dalzell at her story telling best Just as intriguing as the island landscape are the people who ventured into this desolate region and against all odds built their homes and their lives Dalzell manages to capture the spirit of these people while combining historical detail with an uplifting and engrossing story This is a book that is as entertaining as it is The Oueen Charlotte Islands, 1774-1966 Kathleen E. history of Haida Gwaii and its dynamic landscape Haida Gwaii will be of interest to scholars and students in archaeology and anthropology and those with an interest in the environmental and cultural history of Haida Gwaii 1774-1966 Kathleen E. Dalzell.1968 The Haida Indians J. H. Van Den Brink, 1974 A sociographic historical description of the culture and organization of two groups of Haida Indians on the Queen Charlotte Islands Vanishing British Columbia Michael Kluckner, 2011-11-01 The old buildings and historic places of British Columbia form a kind of roadside memory a tangible link with stories of settlement change and abandonment that reflect the great themes of our history With small towns declining and old rural properties changing so little of the history of these places has been recorded in museums or archives and so much of it may disappear as families disperse and memories dim More than a decade ago Michael Kluckner began painting these dots on his personal map of the province in a watercolour sketchbook In 1999 after he put a few of the sketches on his website a network of correspondents emerged that eventually led him to the family letters photo albums and memories all from a disappearing era of the province Vanishing British Columbia is a record of these places and the stories they tell It combines engaging and insightful historical commentary with over 160 of the author's original paintings It has an exceptional assortment of historic imagery including old postcards architectural plans and photographs The study of roadside memory demonstrates the visceral connection that people especially those who are part of the rural to urban diaspora of modern times have for the sites of their family memories On a grander scale this approach leads to a broader understanding of more abstract historical themes and of the province s history and culture It also presents a compelling argument for stewardship of regional history in the face of urbanization and globalization Alex Lord's British Columbia Alexander Russell Lord, 1991 Alex Lord a pioneer inspector of rural BC schools shares in these recollections his experiences in a province barely out of the stage coach era Travelling through vast northern territory utilizing unreliable transportation and enduring climatic extremes Lord became familiar with the aspirations of remote communities and their faith in the humanizing effects of tiny assisted schools En route he performed in resolute yet imaginative fashion the supervisory functions of a top government educator developing an educational philosophy of his own based on an understanding of the provincial geography a reverence for citizenship and a work ethic tuned to challenge and accomplishment Although not completed these memoires invite the reader to experience the British Columbia that Alex Lord knew Through his words we endure the difficulties of travel in this mountainous province We meet many of the unusual characters who inhabited this last frontier and learn of their hopes fears joys sorrows and eccentricities More particularly we are reminded of the historical significance of the one room rural school and its role as an indispensable instrument of community cohesion John Calam has organized the memoirs according to the regions through which Lord travelled He has included in his introduction a biography of Alex Lord a brief description of the British Columbia he knew a sketch of its public education system and an assessment of the place Lord s writing now occupies among other works on education and society Haida Gwaii Dennis

Horwood, 2014-06-23 Haida Gwaii ancestral home of the Haida First Nation was once as inaccessible and mysterious as it was beautiful The tight cluster of islands off British Columbia s northwest coast remained virtually untouchable for millennia allowing its people to develop a distinct and exceptional cultural identity that was known and revered across the region Today Haida Gwaii a name that means islands of the people in the Haida language has piqued the interest of world travellers Its magnificent beaches unique flora and fauna and world heritage sites have earned international acclaim Gwaii Haanas National Park in the southern region of the archipelago was named Best National Park in North America by National Geographic Traveler In Haida Gwaii Islands of the People the newly updated edition of his bestselling guidebook Dennis Horwood applies his in depth knowledge of the islands geography social history and natural and cultural attractions to equip travellers with everything they need to know about visiting these glorious gems of the Pacific This indispensible guide includes maps regional histories accommodation listings sample itineraries wildlife descriptions recreation tips and sixteen pages of colour photos The Curtain Within Marianne Boelscher, 2011-11-01 The Curtain Within explores the management of social roles and symbols to achieve various goals by people living in a modern Haida community Moiety and lineage social rank the rules of entitlement to inherited property and the mode of thought encoded in mythology still have force in Haida society Political action did not and does not take place within the context of formal political institutions instead it exists through the management of the symbols of social relationships and of entitlement to tangible and intangible property Drawing on models of practice theory and discursive action Marianne Boelscher presents sets of data to illustrate collective and individual strategies for the management of symbols for social and political ends She shows that the intentional ambiguity in the rhetoric surrounding group memberships and boundaries rank kinship categories marital alliances names and crests permits these symbols to be continuously renegotiated in discourse to meet these goals The book is based on data collected by the author during extensive fieldwork with the Masset Haida during the late 1970s and early 1980s and on the evaluation of earlier ethnographic and ethnohistoric sources The study shows that Haida cultural values and their expression in discourse have survived decades of oppression through white society By providing the Haida perspective the book enhances our understanding of important social issues such as Haida land claims that have vexed the Haida and Canadian nations for generations Just East of Sundown Charles Lillard, 1995 Just East of Sundown presents the whole picture of these islands from the fascinating legends of prehistory through the boom and bust days of mining and logging to the recent creation of national and international parks Gwaii Haanas the Douth Moresby National Park Reserve signals the beginning of a new stage in the long and intricate story of the Charlottes Pub desc **Canadian Books in Print. "And he knew our language" Marcus Tomalin,2011-04-21 This ambitious and ground breaking book examines the linguistic studies produced by missionaries based on the Pacific Northwest Coast of North America and particularly Haida Gwaii during the late nineteenth and early twentieth centuries Making extensive use of unpublished archival materials the author demonstrates that the missionaries were responsible for introducing many innovative and insightful grammatical analyses Rather than merely adopting Graeco Roman models they drew extensively upon studies of non European languages and a careful exploration of their scripture translations reveal the origins of the Haida sociolect that emerged as a result of the missionary activity The complex interactions between the missionaries and anthropologists are also discussed and it is shown that the former sometimes anticipated linguistic religious history translation studies and anthropology it emphasises the unavoidably interdisciplinary nature of Missionary Linguistics research As of January 2019 this e book is freely available thanks to the support of libraries working with Knowledge Unlatched
