Queen Of The Depths:

Queen of the Depths Richard Lee Byers, 2012-11-20 The Priests series makes a great entry point for readers new to the Forgotten Realms setting This book in the Priests series deals with a valiant shalarin priestess who is trying to save her home and avenge her mother's death This series is designed to bring new readers into the world of the Forgotten Realms The books can be read in any order The Siren Depths Martha Wells, 2012-12-04 All his life Moon roamed the Three Worlds a solitary wanderer forced to hide his true nature until he was reunited with his own kind the Raksura and found a new life as consort to Jade sister queen of the Indigo Cloud court But now a rival court has laid claim to him and Jade may or may not be willing to fight for him Beset by doubts Moon must travel in the company of strangers to a distant realm where he will finally face the forgotten secrets of his past even as an old enemy returns with a vengeance The Fell a vicious race of shape shifting predators menaces groundlings and Raksura alike Determined to crossbreed with the Raksura for arcane purposes they are driven by an ancient voice that cries out from The siren depths Queen of the Depths Richard Lee Byers, 2005 A courageous Shalarin priestess risks her life to preserve her home and to avenge the death of her mother in a new novel that chronicles the world of the priests of Faer n Original *Up from the Depths* Aaron Sachs, 2022-06-07 Finalist for the National Book Critics Circle Award in Biography A double portrait of two of America's most influential writers that reveals the surprising connections between them and their uncanny relevance to our age of crisis Up from the Depths tells the interconnected stories of two of the most important writers in American history the novelist and poet Herman Melville 1819 1891 and one of his earliest biographers the literary critic and historian Lewis Mumford 1895 1990 Deftly cutting back and forth between the writers Aaron Sachs reveals the surprising resonances between their lives work and troubled times and their uncanny relevance in our own age of crisis The author of Moby Dick was largely forgotten for several decades after his death but Mumford helped spearhead Melville's revival in the aftermath of World War I and the 1918 1919 flu pandemic when American culture needed a forebear with a suitably dark vision As Mumford's career took off and he wrote books responding to the machine age urban decay world war and environmental degradation it was looking back to Melville's confrontation with crises such as industrialization slavery and the Civil War that helped Mumford to see his own era clearly Mumford remained obsessed with Melville ultimately helping to canonize him as America's greatest tragedian But largely forgotten today is one of Mumford's key insights that Melville's darkness was balanced by an inspiring determination to endure Amid today's foreboding over global warming racism technology pandemics and other crises Melville and Mumford remind us that we've been in this struggle for a long time To rediscover these writers today is to rediscover how history can offer hope in dark times The Crushing Depths (Coastal Guardians Book #2) Dani Pettrey, 2020-06-30 When an accident claims the life of an oil rig worker on the first drilling platform off the North Carolina coast Coast Guard investigators Rissi Dawson and Mason Rogers are sent to take the case Tensions surrounding the oil rig are high and the death has everyone on

edge Environmental activists are threatening to do whatever it takes to stop the structure from being completed while rumors are being whispered about ancient curses surrounding this part of the ocean Mounting evidence shows the death may not have been an accident at all Was he killed by one of the activists or perhaps more frighteningly a member of his own crew Rissi and Mason have to sort through not only a plethora of suspects but also their own past and attraction to each other Just as the case seems like it ll break open worse news arrives A tropical storm has turned their way and soon they re cut off from any rescue and right where the killer wants them It s a race to discover his identity before he eliminates the threat they pose
