boundaries and asserting her opinions After the death of her adored Albert she began a controversial intimate relationship with her servant John Brown She survived eight assassination attempts over the course of her lifetime And as science technology and democracy were dramatically reshaping the world Victoria was a symbol of steadfastness and security queen of a quarter of the world s population at the height of the British Empire s reach Drawing on sources that include fresh revelations about Victoria s relationship with John Brown Julia Baird brings vividly to life the fascinating story of a woman who struggled with so many of the things we do today balancing work and family raising children navigating marital strife losing parents combating anxiety and self doubt finding an identity searching for meaning *Victoria* Richard Mullen,James Munson,1987 *Who Was Queen Victoria?* Jim Gigliotti,Who HQ,2014-07-10 Her reign of 63 years and seven months is known as the Victorian Era a period of industrial cultural scientific and political change that was marked by a great expansion of the British Empire But Victoria was raised under close supervision and near isolation until she became Queen of the United Kingdom at the young age of 18 She married her first cousin Albert and had nine children who married into families across Europe By the time she had earned the nickname The Grandmother of Europe and the title Empress of India it was indeed true that the sun never set on the British Empire Publicly she became a national icon but privately Who Was Queen Victoria *Queen Victoria's Mysterious Daughter* Lucinda Hawksley,2015-12-08 The secrets of Queen Victoria s sixth child Princess Louise may be destined to remain hidden forever What was so dangerous about this artistic tempestuous royal that her life has been documented more by rumor and gossip than hard facts When Lucinda Hawksley started to investigate often thwarted by inexplicable secrecy she discovered a fascinating woman modern before her time whose story has been shielded for years from public view Louise was a sculptor and painter friend to the Pre Raphaelites and a keen member of the Aesthetic movement The most feisty of the Victorian princesses she kicked against her mother s controlling nature and remained fiercely loyal to her brothers especially the sickly Leopold and the much maligned Bertie She sought out other unconventional women including Josephine Butler and George Eliot and campaigned for education and health reform and for the rights of women She battled with her indomitable mother for permission to practice the masculine art of sculpture and go to art college and in doing so became the first British princess to attend a public school The rumors of Louise s colorful love life persist even today with hints of love affairs dating as far back as her teenage years and notable scandals included entanglements with her sculpting tutor Joseph Edgar Boehm and possibly even her sister Princess Beatrice s handsome husband Liko True to rebellious form she refused all royal suitors and became the first member of the royal family since the sixteenth century to marry a commoner She moved with him to Canada when he was appointed Governor General Spirited and lively Queen Victoria s Mysterious Daughter is richly packed with arguments intrigues scandals and secrets and is a vivid portrait of a princess desperate to escape her inheritance **Twilight of Splendor** Greg King,2007-06-04 Features the court of Britain s longest reigning monarch Royalty and the Victorian era with coverage of the people pageantry and power of
